Friday 0900 Date ..... 19..... Time .....

From 4/4 Phone call from Compl. Eileen Davis. She has

To no further info. on the suspect but has made a

Subject date with him tonight @ the Space Center. She

states he has no car + they will be among a

lot of people. She is apprehensive — when she asks

him his full name etc; he won't respond. — She

asked if we could have some one there — I advised

her that we didn't have the manpower — I further

advised if she were that apprehensive that she

shouldn't go with him - I advised that if she

STANDARD FORM 180
OCTOBER 1970 EDITION
GENERAL SERVICES ADMINISTRATION

REQUEST PERTAINING TO MILITARY RECORDS

1. INFORMATION NEEDED TO LOCATE RECORDS.

Certain identifying information is necessary to determine the location of an individual's record of military service. Please give careful consideration to, and answer each item of this form. If you do not have and cannot obtain the information for an item, show "NA" meaning the information is "not available." Include as much requested information as you can. This will help us give you the best possible service.

2. CHARGES FOR SERVICE.

A nominal fee is charged for certain types of service. In most instances service fee costs cannot be determined in advance. If your request involves a service charge, you will be advised as soon as that determination is made.

3. RESTRICTIONS ON RELEASE OF INFORMATION.

The Military Departments have restrictions regarding the release of information from records of military personnel. A service person can obtain almost any information contained in his own record. The next of kin, if the veteran is deceased, and Federal offices for official purposes, are authorized to receive most types of information from a military service or medical record. Other requesters must have the Release Authorization in item 6 of the request signed by the veteran, or, if deceased, by the next of kin. Employers and others needing proof of military service should accept, as authentic, the information shown on documents issued by the Armed Forces at the time the service persons are separated.

LOCATION OF MILITARY PERSONNEL AND MEDICAL RECORDS

The various categories of Military Personnel Records are described below. For each category there is a CODE number which indicates the address at the bottom of the page to which this request should be forwarded. For each military service there is a NOTE explaining approximately how long the records are held by the military services before they are transferred to the National Personnel Records Center, St. Louis. Please read these notes carefully and make sure you send your inquiry to the right address. (If the person has two or more periods of service within the same branch, send your request to the office having the record for the last period.)

At approximately 0825 on Monday, May 19th, I audited the Shift managers Change fund for the Gallup Auto/Truck Plaza. There was a receipt in the bag for $1565.00, signed by Judy Barton, The Control clerk on duty. On counting the money, there was only $449.60. This left a shortage of 1115.40.

Mr [redacted] was assigned as shift manager to work from 2400 to 0800 hours. As he did not report for duty on Sunday, 18 May 1975, I personally checked the change fund signed for by Miss Barton.

When the shortage was discovered, I asked Mis Barton why it was short. She told me that [redacted] had come in at approximately 1700 hours on Sunday, May 18th, and had volunteered to help while she went to dinner. Miss Barton went to dinner at about 1815 hours and returned at 1900 hours. Immediately upon her return, Mr [redacted] said he had to go, and left. This prompted me to audit the change fund.

I called Mr [redacted] wife (?), [redacted], and asked as to his whereabouts. She said he had taken his personal belongings and left the previous evening. I then called the detective bureau and lodged a complaint.

I WAS IMPRESSED LIKE EVERYONE
WHEN MAN BEGAN TO FLY
OUT OF EARTHLY REGIONS TO
PLANETS IN THE SKY
WITH TOTAL MEDIA COVERAGE
WE WATCHED THE HEROES LAND
AS CEREMONIOUSLY THEY DISTURBED THE
COSMIC SAND

IN AWE WITH ADMIRATION WE
LISTENED TO THE TALK
SUCH PRIDE FELT THEY, SUCH JOY
TO BE UPON THE MOON TO WALK
MY ROMANTIC VISION SHATTERED WHEN IT
WAS EXPLAINED TO ME
SPACEMEN WEAR OLD DIAPERS IN WHICH
THEY SHIT AND PEE

*OH! THE INTERGALACTIC LAXATIVE
WILL GET YOU FROM HERE TO THERE
BELIEVE YOU AND BELIEVE ME! WITHOUT
A WORRY OR CARE
IF SHITTING IS YOUR PROBLEM WHEN YOU'RE
OUT THERE IN THE STARS
THE INTERGALACTIC LAXATIVE
WILL GET YOU FROM HERE TO MARS

THEY DON'T PARTAKE LIKE YOU AND I
OF BEEFY BURGER MUSH
THEIR FOOD IS SPECIALLY PREPARED
TO DISSOLVE INTO SLUSH
ABSORBED BY MULTI-FIBRES IN
THE SUPER DIAPER SUIT
OTHERWISE THE SLUSH WOULD TRICKLE

YOU MAY WELL ASK NOW WHAT BECOMES

4. ONLY THE BLUES 3:10

WHEN YOU WAKE UP IN THE MORNING
AND CAN'T SEEM TO RAISE YOUR HEAD
YOU SIT STARING IN THE TEACUP
AT THE EGG UPON YOUR BREAD
AND THE LIFE THAT YOU ARE LIVING
DOESN'T SEEM TO BE QUITE REAL
YOU HAVE ONLY WHAT THE LONELY
CALL THE BLUES

WHEN YOU'RE FEELING TIRED AND WEARY
WITH YOU'RE EYES CAST TO THE FLOOR
FOR A LOVED ONE WHO HAS LEFT YOU
ON A BLEAK AND DISTANT SHORE
YOU MAY THINK YOU'RE BEING PICKED ON
BUT YOU ARE NOT THE FIRST
TO HAVE ONLY WHAT THE LONELY
CALL THE BLUES

THERE ARE NO RULES TO FOLLOW
NO ADVICE TO TAKE
YOU'RE THE ONLY ONE WHO CAN GIVE
YOURSELF A SHAKE
SOMEONE WILL APPEAR
TO DISPEL ALL YOUR FEAR
IN A FUNNY UNEXPECTED WAY

THEN YOU'LL WAKE UP IN THE MORNING
WITH A SMILE UPON YOUR FACE
AND YOU'LL LOOK OUT ON THE WORLD
AND SEE IT IS A HAPPY PLACE
WITH NO MEMORY OF MISERY
YOU WILL SOON FORGET
YOU HAD ONLY WHAT THE LONELY

Dear Sirs:

Although this may sound far-fetched, we felt we should forward the following information to you regarding all the missing girls. Mr. John Davis, the manager of the Vogue Theater here in Cle Elum, just called our office and told us that on or about July 20th, several girls resembling Denise Naslund, Janice Ott, Lynda Healy, Susan Rancourt and Georgeann Hawkins entered the showhouse to see the movie. He advised that the reason he remembered the incident was because he admitted them to the balcony section free of charge. Later, upon reading a Seattle paper and seeing pictures of these girls, he felt these girls closely resembled the pictures. He asked that we check this out, so we are passing the information along.

Thank you.

Sincerely,

Dear Captain Mackie,

Knowing you are very busy on the "TED" investigation I will be as consice as possible. Has there been research into the past residents of Echo Glen School? Up to seven years (perhaps even longer) someone fitting a general description would be a possible consideration, at least to the point of perhaps having their psychiatric record looked at. If this is not legal, or possible, it probally wouldn't take a computer long to sort out age and general feature similarities, then perhaps there would be someone who may remember or a past record of some sort that would reflect the intelligence and charm this person would have to have (which may be what would keep most people from suspecting him)

The related distance of the two body finding sights and obvious mental or criminal (or at least incoragable) background of such a suspect would make the school a consideration not to be over looked.

Cordially

Gentlemen:

On the possibility that one item may not have been taken into consideration the following suggestion is herewith submitted:

TRAIN

Alert (by confidential flyer if necessary) all Medical doctors in the area to research their records for "casts" placed on young mens arms (by correct side of course) for a given period of time.

BUS

It is felt that most Doctors would cooperate if given a specified period of time, limiting their research to (initially) the obvious clues such as male, age bracket, which arm, etc .

HOTELS

At this point and time any avenue cannot be overlooked.

Very truly yours,

Details:

Three young men lived in her apt. house. Evicted a few weeks ago for causing a disturbance. One, [redacted] looked exactly like Ted. Other two were Eskimo brothers, [redacted] and [redacted] [redacted] had been injured in a motor cycle accident and was wearing his arm in a sling. On July 14 the three of them were gone all day. Came back in early evening wearing beach clothes and carring inflatable plastic floats. [redacted] worked at the Payless Drug Store in Burien but isn't working there any more. Thinks they moved to an apt. on S. ~~Burien~~ Des Moines Way. Also thinks they had dope parties while living in her building. Shortly after July 14 a silver-colored bicycle appeared on ~~a~~ the sun porch of their apt. Doesn't know if it was man of woman's..

Dear Chief Hansen,

Shortly after the discovery of the Naslund and Ott murders, I knew via intuitive knowledge the other bodies were in that area but at the same time not in that area. This was vague and conflicting and knowing the size of the Snoqualmie Forest and surrounding woods, it was not prudent to pass on to you. What I did do, even though in exile, was make a trip via normal roads thru Algona, Hobart and into Issaquah in an attempt to discern either thru physically visible scenes or intuitive knowledge, sense of disturbance, etc. something more specific and failed.

I know have some more intuitive knowledge about this Ted, which I wish to offer for your perusal. I don't recall if I have ever read his purported age, his composite pix leads me to believe he is about 24-26 yrs. old. I have a hunch 'Ted' is his initials so if you people are trying to pin this to the name of Theodore, Edward or Edmond, in your research of info - look for initials T-E-D. Also a report he formerly must have lived in the area is a logical deduction, another hunch is that perhaps he did not live in the area but was a frequent visitor, perhaps prolonged, like summer vacations - the logical time of year to roam thru the woods anyway. In this case, does the Issaquah newspaper or perhaps the Snoqualmie Valley record have a file of old copies that would mention a child visiting ?grandparents?, an aunt or uncle's family.. during the years between ~~1955-1965~~ 1955-1965, does any old employee remember a boy who spent summers there visiting relatives. This is the sort of news item that is always in a small town newspaper and Issaquah was a small town, not an extension of metropolitan Seattle until sometime after the toll was removed from the floating bridge. His real home? I have a hunch his dad was a ?permanent service (Army, Navy) or foreign service (Consulate, Envoy, Ambassador) type work, so he was 'privileged' in the opinions of some, but with no home constantly moving to new schools and new playmates; this would make him feel 'home' was the stable vacation site in or near Issaquah. Have you talked to Irving Petit who has lived in the area for years, would he remember any young boy who used to spend summers there and liked, was curious and hence became knowledgeable about the woods and nature of that area? In addition to older or retired newspaper personnel. If he had really lived there, school records are easy to check and undoubtedly has been done, you might redo them for intials rather than the name.

try for Thomas.

Another suggestion, that you requestion the individual who described the Volks as yellow - was it a sunny yellow or a golden yellow? If the latter, a metallic brown should logically look more golden than brown depending on the light and amount of sunlight. Even without being color blind, different people visibly see and describe a color differently; ask any woman with a Teal, dark greenish blue outfit, some will acknowledge the color correctly - to others it will be blue without green; to others yet, it will be green without blue; as an example and the viewer is not lying - industrialization has so expanded the color range that true and definite colors are a real rarity, the variety is nice but also can make life difficult, especially for you police when definiteness is so important so often.

DAVIS

I hope some of this may be of some help to you and your men working on the case. I don't know if the Stuth girl nor the young girl from Lynwood are involved but all those missing at the time the Ott and Naslund bodies were found are in the area and since you have some unidentifiable you may already have found all of the victims.
God bless,

Sincerely, Virginia Davis

Dear Sir: RE: Issaquah Murders

The enclosed advertisment is from a comic book that my eight year. old nephew had read. You'll note the ad concerning the "removable cast and sling"..."fool your friends, etc."

I have added a few thoughts concerning "Ted" which may be far-fetched but might just provide some small clue as to his identity.

First may I say that the average person could very easily term a "splint," a cast, especially if a sling was used..there is a difference, however. More information on this type of thing could be obtained from a Hospital Supply Co., or maybe an Orthopedic surgeon.

If "Ted" usdd a cast or splint as a gimmick to gain sympathy or as way of striking up a conversation with people he could possibly have had a previous injury (skiing, for instance) and had to use a splint or cast himself. He might also have access to knowledge of how to make a regular plaster cast from experiance as an armed forces medic, as a hospital orderly, as a ski patrol member or even as an art student...I'm quite sure that plaster of Paris or like material is used for some art projects.

At any rate, whether he usdd a real cast or a removable splint, it is possible that he could have whipped these things off and on at will. They could also be used to hide a knife or some type of weapon or maybe he could have hit these girls across the back of the neck or head, enough to stun them, and easily pushed them into his car or van(?) in a relatively short time....whether a plaster cast could be heavy enough to stun a person without hurting the one wearing the cast is questionable, that is for sure, but it is a thought.

It has been mentioned that Ted had a British or English accent.... again, to the average person what might be called an English accent could possibly be an Australian accent. They are quite different, I think, actually. So is there any chance that this man is in the United States on a temporary basis either from Australia (as a student) or even from Canada...he could be flitting back and forth across the border fairly frequently I would think. This might tie him up to those Canadian murders of young girls too. However, this accent could be just another gimmick, if he is given to given to playing games" and thinks this is the height of cleverness.

I believe one of the girls had mentioned going to Sun Lakes State Park..this place as well as Lake Chelan have been popular hang-outs for the young people of this age, for several years now, I think. Could there be any connection between Ted and any of the girls at these two parks? Could he have worked there summers? Were the girls skiers? Is there a possible chance that he either worked or just hung around one of the ski areas at Snoqualmie or Stevens or even Crystal Mt.?

Another thought...it is a popular thing nowadays for girls to have their ears pierced and wear several rings on each hand. Did any of the girls have any unusual earrings or finger rings or ones of value that could be identified by family members etc.? Would any of these things be worth hocking?

The suggestion was made that this might be some sort of Manson-type cult. Would any of the personal belongings of the murdered girls be dis-tributed among female members of such a cult and could prove incriminating if any of these people were apprehended on some charge or other, seemingly un-related to "Ted" and his activities?

This might tie in with the new clothes that were found at or near, as I remember, the Issaquah area...these things were dumped there by Ted, having been stolen by other "cult" members who were frightened by Police investigation getting a little too close for comfort?

I read an article in the Times either last Thursday, Friday or Saturday about a 17 year old girl being beaten and robbed by two women, in their early 20's, as I remember. This was in Bellvue. Could they have been part of a gang or "cult" associated with Ted?

One last thought...would there be any value in calling in a clairvoyant? This seems to be a more accepted tool than it used to be, to at least attempt to come up with a clue or two in a case like this.

Sincerely,

Mrs A. B. Davis

Gentlemen:

Enclosed is a clipping from the Seattle Times issue of Monday, November 25th. I would like to note that an individual fitting this description has been living in the Lyle area and claims to be a Rodesian citizen who is working himself around the world. I have given him rides on two occasions He was purportedly working at Home Valley Mill and hitchhiking to and from work.

The individual told me a rather tall story about being a graduate barrister, but was obviously unfamiliar with such routine aspects of the profession as the legal research system. He is, however, a person of extensive education and obtained that education in some other English speaking country.

I assume that you will followup on this matter or advise me in order that I may refer it to the Seattle department.

Very truly yours,

John Thomas Day

This is an artist's composite of "Ted" as he appeared to various witnesses July 14 at Lake Sammamish State Park. Exhaustive interviewing produced the color drawing, a refinement of earlier black-and-white sketches.

Probe for slayer crosses Pacific

By LOU CORSALETTI

The investigation into the deaths of Janice Ott and Denise Naslund and the search for the mysterious "Ted" have stretched to the other side of the world since July 14.

A group of Australian tourists were in the Seattle area at that time. County police said that because two witnesses said "Ted" spoke with a "slight English accent" the tourists were checked out. (Almost all witnesses said he spoke in a meticulous and precise manner.)

Since the July 14 disappearance of Miss Ott, 23, and Miss Naslund, 18, and the subsequent discovery of their remains, police have checked out about 900 "Ted" suspects, said Lt. Richard Kraske, who has supervised the investigation.

County police, in cooperation with law-enforcement agencies throughout the United States and in Mexico and Canada, have conducted an investigation unprecedented in its intensity, Kraske said. His homicide unit has been in contact with agencies in 19 states and three Canadian provinces.

Yet, he added, police have no solid leads.

Four detectives still are assigned to the cases involving the two women, whose skeletal remains were found near Issaquah September 7.

Mrs. Ott had been seen walking toward the parking lot of Lake Sammamish State Park with "Ted" about 12:30 p. m., witnesses said. Miss Naslund never returned to her friends on the beach after going to a restroom about 4:30 p. m.

Police now are studying a list of some 2,000 persons who have been sent to state institutions over the past 10 years for morals offenses. The list includes those who are still in institutions as well as those who have been released. "Ted" also is a suspect in a number of other disappearances and slayings of women in this state and elsewhere.

Police also have checked and cleared 526 car registrations and are reviewing and analyzing about 250 pieces of evidence, Kraske said.

Police have reconstructed in detail encounters which occurred at the park involving the murdered women, other young women and the man called "Ted."

Subject: "TED"

A day or two after the 2 women disappeared from Lk. Samammish St. Park the Seattle P.I. ran a composit picture of "Ted". When I saw it I felt like I knew him from somewhere. Anyway, to make a long story short, the picture got thrown out with the trash. Then two more different pictures were published in the paper but neither looked like the first one.

Last night I finally figured out who the first picture reminded me of. If you have completely ruled out the first composit picture please disreguard this letter. But if you havent could you please send me a copy of it? Thankyou very much.
