THURSTON COUNTY SHERIFF'S OFFICE

6/24/74

CASE #74-9255-6

The following are entrances/ or exits that Brenda BAKER could possibly have taken, starting at "Mooney's Corner", just outside of Puyallup, Wa., enroute from the Puyallup Valley towards Thurston County, Wa., where she was found deceased 6/17/74 . She would possibly have passed these locations or been dropped off at the same. Her long range destination was Portland.

PHOTO #1 , #2, #3, and #4--Show the intersection of "Mooney's Corner" just outside Puyallup, Wa., also known as "Old Tacoma Highway and West Valley Rd.". This is where Brenda was let off by Roy AULTMAN on 5/27/74, and where she immediatly got another ride through Puyallup from occupants in a 69 Chev. 3 qtr. ton P.U. dark blue.

Photo #5--Freeway entrance next to the Puyallup Fair Grounds heading West.

Photo #6--Freeway entrance toward Parkland from Puyallup, located at the top of the hill in Puyallup, Wa., which shows what that intersection would look like if coming from the opposite direction of south.

Photo #7--Shows the same general area, but rather that intersection at the top of the same hill, but rather an exit/entrance over the freeway. It is the intersection of Highway #512 and #161.

Photo #8--Showing Canyon Rd. exit and Summit, looking West, enroute towards Tacoma, and /or Parkland.

Photo #9--Showing the Portland Ave./Midland Exit off #512, looking West enroute towards Parkland/ Tacoma.

Photo #10--Showing the Pacific Ave., Tacoma Exit off #512, adjacent to Denny's Restaurant.

Photo #11--Showing the Intersection of Interstate#5 , adjacent to South Tacoma Way, as if looking West pulling on to the Freeway entrance.

Photo #12--Showing this same intersection, but rather if looking East towards Mt. Rainier, pulling onto the entrance towards Portland/ and Thurston County.
