On March 7, 1975, at 11:05 a.m., I was contacted by Mr. Rudolph R. Golick aka Rudy, of Post Office Box 56, three blocks west, Skykomish, Washington, telephone (206) 677-2317, regarding the human remains being discovered in Issaquah, Washington.

Mr. Golick stated that he contacted a Mr. Fred [REDACTED] of Issaquah, Washington, approximately four years ago concerning the potential purchase of a portion of Mr. [REDACTED]'s property (described by Mr. Golick as Township [REDACTED] North, Range [REDACTED], Willamette) by the Bonneville Power Administration. SEC 21

At the time of this contact Mr. Golick was introduced to Fred [REDACTED]'s two sons; [REDACTED] and as Mr. Golick recalled, [REDACTED] "Ted" [REDACTED]. Mr. Golick recalled that one of the sons had a motorcycle and the other had a Volkswagon, descriptions and licenses unknown. According to Mr. Golick, "Ted" the younger son, did not possess a driver's license at the time, because [REDACTED] wife of Fred [REDACTED] had asked Mr. Golick to transport "Ted".

A short time after Mr. Golick contacted Mr. Fred [REDACTED] concerning the land transaction, Fred [REDACTED] was killed in a logging accident (10-7-71). Mr. Golick stated that after Fred [REDACTED] died, the family became fragmented and [REDACTED] the mother, "kicked" [REDACTED] out of her house because she felt that [REDACTED] was responsible for Fred [REDACTED]'s death. [REDACTED] premised her action on the fact that [REDACTED] had not assisted his father in the logging operation the day of Fred's death.

Mr. Golick indicated that he feels that "Ted" [REDACTED] is the one that possibly is involved in the homicides in Issaquah, but later said that for all he knew the whole family could be involved. Mr. Golick premises his feeling on his impression that the whole family, and especially [REDACTED] were lacking psychologically. Mr. Golick feels that "Ted" was at an impressionable age at the time of his father's (Fred's) death and could have received a tremendous psychological impact.

Mr. Golick seemed to have a bit higher regard for [REDACTED] of [REDACTED] S.E. Bush Street, Issaquah, Washington, telephone (206) 392-[REDACTED]. Mr. Golick stated that [REDACTED] works for a machine repair shop in Issaquah which coincides with information [REDACTED] listed on the telephone installation application, "Parts Department - Caterpillars." [REDACTED] also listed on his telephone installation application the telephone number BAC-[REDACTED] as a number he can be reached at. BAC-[REDACTED] is listed to Pacific Northwest Mortgage Lscrow.

- 2-27-73 0600 Assigned case by Sgt. Golder. Phoned victim who will be available at 1045 hr after she gets home from school.
- Report received from Tukwila, PD and driv license picture requested of Olympia of [REDACTED] on 11- [REDACTED]-75 who was stopped by the Tukwila PD and matched the description. Later follow-up stated to disregard this man as a suspect with no reasons given.
- 2-27-73 1045 Statement taken from victim. She described the truck as bright orange 2 door Van, that had a sliding door on passenger side with RENT-A-TRUCK printed in black letters on it and something printed just above that and perhaps a phone number printed underneath, a side back window on passenger side, two rear opening doors with windows and no window on drivers side other than the drivers door window. The seats were beige vinyl texture and the hump in the middle was possibly green or grey. She remembers the Rent-A-Truck and after she got into the car asked them why they were renting a truck and after much pause; the man said they were moving.
- 2-27-73 Checked Airways Rent-a-Truck and theirs are beige; Cools do not have any orange ones, Hertz are orange but say TRUCK RENTAL; Dollar-a-Day has only 2 trucks and neither were rented on 2-26-73 and no employee would have been driving them either—they would be on

S.P.D. Case #73-8774.

At 1859 hours 2/26/73 contacted [REDACTED] at the Riverside Inn, 14037 Interurban Ave. So., Tukwila, Washington. Miss [REDACTED] stated that she had been hitchhiking in the University District of Seattle a little after 1600 hours this date and that she got a ride in a newer model bright yellowish orange van. A white female was driving the van and a white male was in the passenger's seat. The WMA pulled a gun on her and made her keep her head down so she couldn't see where they were taking her. After driving for approximately an hour, they stopped, the victim thought to be a wooded area. The WMA raped the victim and the WFA took pictures. They then drove her for a distance which appeared to be freeway and then dropped her off at the Shell Station across from the Riverside Inn.

At 1950 hours 2/26/73, this officer transported victim to Jack's Payless on Empire Way So. where a Seattle P.D. unit took charge of the victim.

Victim's description of Suspects as follows:

#1. WMA, approximately 25 years, 5-5 height, med. to heavy build, lt. brown or dark blonde hair-just covering the ears, possibly has a mustache, wearing wire rim glasses, white T-shirt, normal speech.

REF ASSIFIED

TO WHOM IT MAY CONCERN;

Dear Sir;

The inclosed note was taken from a bulletin board in a safeway store located in the University District. The note was on the board for over a two week period or longer.

The note contains three elements;

- (1) A young man
- (2) A Volkswagen
- (3) Movement

The person in question seeks a companion; another male or female.

Question: Was the young man more interested in a female companion than a male?

If a male companion was selected, - would there be a need for two female companions?

Dear Sirs:

3/9/75  
RECLASSIFIED

I was approached & wed. night outside of class at Renton Vocational school by a nice looking "suave" type fellow who tried to pick me up in a very strange manner. He wasn't trying to meet me, but trying to get me to walk up to him. I fooled around with a pencil & eraser on your composite and come up with a remarkable likeness. - Could be wrong but it's bothering me so I'm sending you my "new" composite. There are many young girls taking classes there every night during the week and it's very dark in the parking lots where they walk to cars. I wish someone could please ask teachers to warn girl students not to help anyone or get into any cars - just be watching. I can't do it or I'll cause a panic. If someone would like to ~~write~~ me -  
contact

SPANGAR

about this, please bring the picture back because I may not be able to produce the same effect on another newsprint. Some things on the face are still slightly different but I can't fix them. For instance he looked younger. — I'm no artist. I would like to see the eyes reversed - the high one on other side.

My home phone is PAS-6624  
I'm at work Monday and gone from 7:30 to 5:30 then I go directly to school (Renton V.c.) so I'm not available until 10:00 pm. Phone no. at work is 545-0565, University of Wn Family Med. Ctr. On Tuesday I'm occasionally downtown p.t. working at MA3-1409 - Scholati's Jewelry. I'm home Wed. AM. but leave for school at 5:30<sup>pm</sup>. Thursday I'm home, Friday at U.W. FMC again. That's why I had to write you a note.

Dear Sirs:

RECLASSIFIED

I wrote a note a few days ago about a young man who approached me at night before class at Renton Vocation School and I sent in a description. I'm sure you have many reports like this. But I would like to add that after reporting this incident to the school manager and to my teacher, I was told by both of them (and they can verify this) that 2 days after the incident I reported the campus was disrupted by two young men approaching young girls in the same manner (babbling to get them to come closer) and asking them to smell a little bottle of yellow liquid. The two young men were extremely high on drugs, they told me. The girls had reported this incident about the bottle of yellow liquid in the afternoon on Fri. Mar. 7, to the teacher.

Hope this info. is helpful.

Captain Nick Mackie  
King County Police Department  
"Ted" Task Force  
Seattle, Washington 98101

Dear Captain Mackie:

I know how busy you are and hesitate to bother you, but please have your "Ted" Team at least read my theory:

1. What if "Ted" carried a tranquilizer gun in his arm sling, cast or metal brace? This might explain why the victims all disappeared without causing any disturbances and may explain the blood spots on Ann Healy's pillow.
2. RE: The Cast:
  1. Were autographs or drawings seen on cast? Important as to whether cast was authentic.
  2. Assuming that the cast was "Teds":
    - (a) Couldn't names of all patients, male, fitting his description, whose arm had been broken, maimed, hand-loss, (in King County) and treated by a doctor/hospital in 1973-74, be run off on a computer. (possible arm injured in ski accident).
  2. If cast was made by "Ted" and the material, and arm sling and metal brace was available to him, could he be:
    - (a) Doctor's son.
    - (b) Pre-med student
    - (c) Forestry student (Game management)
    - (d) Clinic employee
    - (e) Hospital employee
    - (\*) (f) Animal Hospital employee
    - (\*) (g) Humane Society animal shelter employee
    - (\*) (h) Zoo employee
- (\*).....Note: A tranquilizer gun is used here. Don't they have crematories? A gruesome thought, but remember that the victims were slight of build and their remains have not been found. And what of the bones found with the skulls? Were they domestic animals or wild animals? This could be an important clue if (f),(g),(h) considered.
3. The victims all resembled each other. Does "Ted" select these girls because they resemble someone who:
  - (a) Ridiculed or rejected him.
  - (b) Made him feel inferior.
  - (c) His own sister (possibly an invalid whom he despises because she is favored in the family? )
4. Note the similarities in the names:

Re: the ridicule theory, does he dislike the "Merry" in Kathleen Merry Devine's name, or the "Melody" in Melody Logan's name, or the "Cheery" voice of Lynda Ann Healy?

continued:

GRASSMAN

Both Kathleen and Ann or An appear in the names:

Kathleen Merry Devine  
Roberta Kathleen Parks

Georgeann Hawkins  
Donna Gail Manson  
Denise Naslund  
Janice Ott  
Susan Elaine Rancourt  
Melody Logan

(Kathleen Ann, or Kathy Ann may mean something to "Ted.)

Thank you for your time. Knowing how busy you are I do not expect an answer to my theory. I am a free lance writer working on four teen age mysteries. I am retired and was employed in the law department of a nationally known lumber company here on the west coast. In my work I maintain "clipping" files for future reference and started one on the Missing Coeds Case. Every clipping that appeared in the Tacoma News Tribune is in the file and I have kept a "fact" sheet. This may be of no value to you, but it bothered me that I may have an idea not yet thought of, so am sending it on to you.

Yours truly,

At approximately 0941, 07-18-74, I was advised by Sgt. Jackson to contact Green, Mrs. Ree A. (home phone; 772-2806) at 11431 70 Pl. S. I arrived at approximately 0952 hours and was advised ~~XXXX~~ by Complainant that she had seen a male subject push a yellow 10 speed bicycle into the bushes in the vicinity South of S. 115 st. between Crestwood Dr. S. and 71 Pl. S. The complainant felt that this may possibly be connected with the missing girls case that occurred at Lake Sammamish. We went to the wooded area described above and made a search of the trails and bushes. We were not able to find the bicycle in any of the trailed areas. It was not possible at this time to make a complete and thorough search of the entire area due to the size. The complainant had observed the subject at approximately 1600 hours, 07-17-74. The subject was a white, male, adult, approx. mid-twenties in age, about 6' tall, medium build, wearing black horn-rimmed glasses, casually dressed (no other description available), looked clean-cut, and had a colored patterned beret type hat with a short bill (English style). The subject was pushing an unknown make 10 speed bike, yellow in color and there was a blue chain lock attached to the bike. The complainant could remember little else about the subject. Complainant can be contacted at home most any time.

Details: It started a year ago. We were coming back from Moses Lake. There were four of us in the car. We saw somebody drag a body and throw it off the highway near that same spot. When we got home we reported it to state patrol. At that time there was construction all along there. Nobody contacted us on it. It was a body we were sure of that. The car was parked across the highway going east. It was a man dragging a body. He was trying to throw it over the edge of the highway. Just before we got to him he had thrown it over the side. Near the very same area. I wanted Mr. Green to stop but he didn't want to get involved so when I got home I reported it to State Patrol.

Homicide & Assault

Sirs:

I drive truck for Burlington Northern. One week ago, I spotted a bronze Volkswagen with a driver that somewhat matched the description of "Ted", the man wanted in relation to the murders in our area. The license number was IFU 964. He passed me heading south on I-5 near Boeing Field. The only reason that I finally decided to write was hearing about the recent murder about one week ago north of here. I hope the information, even if it doesn't lead anywhere, might help.

Sincerely,

Marvin Gregory

Gregory

# Police Hunt Killer Of Seven Young Women

SEATTLE (UPI) — Bit by bit, piece by piece, King County police are solving the grisly mystery of what happened to young women who disappeared from this area and from neighboring Northwest states within the past year.

The remains of seven young women have been found so far at two sites within 10 miles of each other. Police are looking for a man who calls himself "Ted," who apparently enticed his victims by asking for their help.

The latest breaks in the case came last week with

the identification of the remains of two more women. One of the victims was identified as Roberta Kathleen Parks, 20, Lafayette, Calif.

Miss Parks, a 5-foot-7 coed from Oregon State University, left her residence hall last May 6 to take a walk on the campus at Corvallis, Ore. That was the last time she was seen alive.

Earlier in the day, the remains of Linda Ann Healey, 21, the first of the young women to suddenly disappear, were identified.

Miss Healey, Seattle, disappeared from her apartment near the University of Washington Jan. 31, 1974. A rumpled bed and a trace of blood on the bedspread suggested to police that she had struggled with her abductor.

Police said their search of the Mt. Taylor area near North Bend, Wash., had recovered the bones of four persons, three of them now identified.

A comparison of dental charts with teeth remaining in a jawbone resulted in identification of the remains of Brenda Carol Ball, 22, who last was seen about 2 a.m. June 1, 1974, near a south King County tavern.

The latest dental charts of Susan Rancourt, 18, a Central Washington State College coed who vanished from the Ellensburg campus last April 17, were sent to her dentist at Anchorage, Alaska.

The remains of Miss Parks and Miss Healey were also identified through dental charts.

Two missing women were identified from skulls found last Septem-

ber near Issaquah in a wooded area about 10 miles from the more recently discovered site. They were Mrs. Janice Ott, 23, and Denise Naslund, 18, both of whom vanished from Lake Sammamish State Park east of here last July 14.

The remains of another body found in the same area have yet to be identified. Other missing women, whose fates are still unknown, include Georgann Hawkins, 19, a University of Washington coed last seen July 11, 1974, walking in an alleyway toward her sorority house, and Donna Manson, 18, Evergreen State Col-

lege coed who vanished from the campus near Olympia March 12, 1974.

In the cases of several of the missing women, police have said they apparently were enticed by the abductor's asking for help.

A young man known only as "Ted" asked several women at the Lake Sammamish State Park to help him put his sailboat atop his auto the day Mrs. Ott and Miss Naslund disappeared.

A similarly described man asked help from two Central Washington State coeds in carrying his books. Police say Miss Rancourt may have been abducted by this man.

Seattle Sheriffs Dept.  
Seattle, Washington  
Attn: King County Police

Gentlemen:

This letter is in reference to the enclosed article clipped from our Sunday paper, March 9th.

Last summer, about the 2nd week of August or thereabouts, my husband and I stopped for a couple of days at the Vasa Park camping site on Lake Sammanish (3560 W.) on our way to British Columbia.

The evening we arrived we could not locate the showers (which our AAA book had described as being at this park) to refresh ourselves after the long trip from Spokane. Early the next morning, just at the crack of dawn and it still being quite shadowy, I arose and went out in a desperate search for a shower. I met a man coming out of the restrooms, going back to his camper, who directed me to a house type of structure directly on the water which he said he thought might be a "bathhouse" and where I might find a shower. I walked down to the waterfront and tried the door on the right (facing the lake) of the building. It seemed locked but I tried turning the knob another time thinking that it might just be stuck. It didn't open and seeing that the "bathhouse" looked a little unkept I presumed that it was probably just a storage place. I turned to go whereupon I thought I heard a low muffled moan. I then rapped on the door a couple of times at which point the "moans" came again low and long. At this point I became fearful thinking I had probably come upon "hippies" under the influence of drugs who had taken advantage of this empty building to stay in for the night. I hastened away a little frightened returning immediately to our campsite and related the incident to my husband. We decided it would be best for us to notify the manager but we forgot to do so in the excitement of planning a day of sightseeing in Seattle. When we returned that night it was too late to talk with the manager as they had a sign posted that they wanted no disturbance after a certain hour because of an invalide member of the family. (We never saw them out once while we were there) We left early the next day, too early to talk with them and of course the whole thing soon left our minds.

My sister visted with us from Spokane in the fall and I mentioned this experience to her. She said that she had known about the disappearance of the two women near that lake at the time we were in Washington but did not want to tell us fearing that it would dampen the excitement of our trip. We would have called the police before leaving Seattle if we had of known this.

The memory of this incident revived again upon reading the enclosed article. My husband and I deecided we should convey this information to you assuming a search of this place might uncover evidence that would trap this terrible killer and bring them to justice.

If we can be of further help please feel free to call upon us.

Very truly yours,

PA: 291-4139

To whom it may concern.

I have the name of a man that could be checked out, on the murders of those girls. At the time these murders were happening, this man was never home on the weekends, and his family never knew where he was at, at those times.

He used to rent a house in Casey Chase in Billerica, now I think he lives in Lake Hills.

I understood he bought some property five miles east of Isaacuate, on the right up on the hill, I think you have to go through a locked gate.

I've never been there, and this is all hearsay, but thought it might be something to look into.

His name is [REDACTED]

Thank you if you check this out.

him.

He was asked if he knew what he was doing and he stated that he did, but that it was very important for him to get to the church and pray.

*opinion*

Above subject looked remarkably like the composite photo of 'TED', so Det. Fitzpatrick was contacted and informed of this resemblance. R/I noted during the interview that the subject appeared to be suffering from guilt feelings about something. He made several statements about how he'd sinned and had to pray for forgiveness. He denied ever having been involved in any other crimes and denied having ever physically hurt anyone. He advised that he had terrible guilt feelings about his mother and that he'd gotten a girl pregnant and hadn't taken care of the child. He indicated that he felt guilty about his not being the person his mother wanted him to be. He was asked if he owned any cars, and he stated that he owned an MGB at one time. R/I asked him if he'd ever owned a Volkswagen before, and [REDACTED] stated that he had. He added, when asked, that it was white in color. R/I inquired if [REDACTED] had ever been in trouble up north. He replied that he was once arrested for siphoning gas in the Kent area.

R/I contacted Seattle P.D. and notified them

8-26-74 1135 hrs. Had phone contact with JEANIE GUGEL,  
524-8641. She related she had been in contact with SGT. DUTCHER, SPD.  
She was a Psychic. She and her friends had come up with the idea that  
on Tuesday, the 22nd of August, there will be an attempt abduction near  
Burke Park Museum from 2 to 4 A.M., probably after the bars close. She  
has impressions of underground systems. She feels this information is  
probably 60 - 65% correct.

Above came to Dept to give information on a subject with whom they had contact during 1974 who fits the description of "TED".

Stated that beginning 7-24-74 they counseled a subject by the name of [REDACTED] who contacted them regarding his wife who was cheating on him and for counseling regarding his pending divorce. Subject seemed very distraught when he made contact and because of this was called at 11:00 PM to come in.

Further information is that [REDACTED] at that time was married to the sister of STUTH, BONNIE the girl who is missing since Thanksgiving eve 1974 from the Renton area. [REDACTED] is approx 21 years old (DOB unkn) and last known resided in the Enumclaw area. That the sister's name is PHYLLIS and that [REDACTED] married the sister of BONNIE STUTH while he was in the service. [REDACTED] is now attending classes at HARBOR VIEW MEDICAL CENTER training to be a Medical Technician. [REDACTED] is very good looking, well mannered and very likeable. He has a good physical build and was well tanned and did work in the LAKE SAMMAMISH area (possibly the State Park) as a life guard. [REDACTED] is very acceptable to women as he is good looking and well mannered and while in counseling it was felt he thrived on sympathy. [REDACTED] stated to the counselor that he had tried to figure out what kind of person would take the missing girls (STUTH was not missing at this time) and that he stated that due to his military training that he felt that the person who took these girls was possibly in the military and was probably a Vietnam veteran. [REDACTED] is a veteran with service in Vietnam). When [REDACTED] got out of the service his wife had a very good job and [REDACTED] was unable to find a suitable job and that was why he was working as a lifeguard. He was very disturbed regarding his economic situation and marital problems. He stated his wife told him she didn't love him and that he couldn't find out a reason for this and this was very disturbing to him. [REDACTED] does fit the physical description of "TED" suspect including hair style.

SGT GUY advised this information would be given to KING COUNTY POLICE.
