Dear Sir:

This is a copy of our report that I discussed with you over the telephone on a possible suspect Ted. Neither the vehicle nor the suspect has been seen since in this area of the Peninsula.

This is just a chance to run down one more of your 3,000 or 4,000 leads you have already run down. I hope this may help in some way.

Sincerely,

24 NARRATIVE (Write in any available details not covered above)

SUMMARY: The two girls were hitchhiking from the Sequim to Port Angeles area when they were picked up by a subject in a late model or early 60's blue VW. Enroute to the Port Angeles area the male subject tried to get next to the girl in the front seat and while they traveled on, he discussed the murders of the Seattle girls in great detail. He tried to take a detour to the HurricaneRidge Road. Was put back on the right track by the girls.

The girls also indicated that he was willing to take them to the Beaver area which is 60 miles west of Port Angeles. The subject asked the girls to mark on the map where they live. Heinrich did mark a circle in the Beaver area on the map that he had in his possession.

Sgt. Lehman received a statement from Barbara Reed, one of the girls, and Deputy Kuch took a statement from Donna Heinrich, the other girl. Both copies of these girls statements will be sent to Detective Dunn, King County Task Force, 516 3rd Avenue, Seattle 98104 for their possible inquiries into the details as it could possibly fit the suspect Ted's description.

STATEMENTS FROM BARBARA REED, AGE 29, AND DONNA K. HEINREICH, AGE 17 - LAKE PLEASANT CAMPGROUND

(Investigating Officer must sign)

Page No. 1

Date May 31, 1975

Barbara and Donna state they were recently hitch-hiking in the Sequim area, and the following is their story reference conversation with a man who picked them up while they were hitch-hiking.

The man was described as about 5'10" & 150 or 160 #, brown hair and blue eyes - ~~NEW~~ and Ugly enough to turn a stop-sign. His hair was fairly long, but not over his ears, and was combed back on the right side. He had on old baggy green pants and a red and black plaid cotton shirt. His first name started with D and was Dan or Don or something like that. He said he services coffee machines in Oregon and Washington, and had a Maxwell house pen holder in his pocket. He wore sunglasses and smoked cigars (brand unknown).

He was driving a dark blue 69 or 70 Volkswagen, license unknown. He had a "CBM" set in his car. He used the call name of "Irish Rover" and used channel 19. His CB antenna was two colors - orange on the top part and silver or gray on the bottom part.

He picked the girls up in Sequim, and asked them where they were going. When they told ~~him~~ him, he said he wasn't going to Port Angeles, but would give them a ride anyhow. He then had the girls circle on the map where they were from, and on the way decided he would take them all the way to Beaver (just 10 miles East of Forks) which is the area on the map the girls circled.

Barbara got in the back seat with her 2 year old daughter, and Donna - ~~a~~ a friend of Penny Marie, one of the girls slain in the Seattle area, sat in the front seat. While driving, the man continually tried to make time with Donna, putting his arm around her, telling her how cut she was etc.

The girls decided they had better get away from this guy if they could, and told the guy they wanted to stop to get a bite to eat. When they arrived in Port Angeles, instead of following SR101, the man started up the Hurricane Ridge Road. The girls told him he was going the wrong direction, and got him back on SR101. When they got just west of Port Angeles, they finally talked him into stopping at Fairmont Restaurant. Then Donna pretended to make a phone call to her mother and went back and told the guy that her mother was coming after them and that they were going to wait at the restaurant for her to come.

The man then started telling the girls how dangerous it was for the girls to be hitch-hiking and ~~made~~ brought up the subject of the girls murdered in the Seattle area. He described how Penny had been raped and murdered, trying to ~~scare~~ scare the girls. He stated that " they raped her, buried her for two days, then dug her up, raped her again and then hung her from a tree. " He was also sliding next to ~~the~~ Donna, and sitting very close to her while they ~~ate~~ ate some pie and had some pop and coffee, which the man paid for. He still tried to get the girls to let him give them a ride the rest of the way to beaver, but they walked off and left him standing at the Restaurant.

Campus police said yesterday the first incident occurred the night of April 14 (not April 21, as previously reported) and the other on April 17, the night Susan Rancourt vanished. The auto in both cases was a Volkswagen sedan, reported brown in one case and "yellowish" in the second.

The Ted at Lake Sammamish State Park also wore an arm in a sling or cast, drove a metallic brown Volkswagen sedan and asked women — including Ms. Ott — to help him put his sailboat atop his auto.

Dear Sirs:

Here is an idea which could lead to new clues in the case of "Ted" and the missing and murdered women.

Why not put out a public appeal to people who were at Lake Sammamish on or around the day that Janice Ott and Denise Naxlund disappeared to send in negatives or prints of any pictures they might have taken there. It might be that "Ted" or his car (? license number) might have been caught in the background of someone's snapshot.

Dear Detective Dunn:

This is a short report in regards to the suspect [REDACTED]'s background made by myself and Sergeant Judy Taylor of our office. I would like to contact you to compare notes. There are more details that would indicate that the suspect could possibly be your boy.

Sincerely,

W. MacGregor
Deputy Sheriff, MCSO

While making a routine investigation of the rape that occurred in Multnomah County, 3/29/75, Multnomah County Sheriff's Office file #75-7036. The victim was a [REDACTED] [REDACTED], DOB: 1/[REDACTED]/63, WF, 12.

Suspect: [REDACTED]

DOB: 8/[REDACTED]/49

3 [REDACTED] SE Division [REDACTED]

[REDACTED] ([REDACTED]) - wife of suspect

DOB: 1/[REDACTED]/56

Subject and [REDACTED] have been married approximately three years, dating back to the tenth month of 1972.

Writer was interested in the suspect in this case due to the fact that the way it was done. The victim, [REDACTED], was on Kelly Butte playing with her two younger brothers, ages 10 and 9, and a younger sister age 6. The children had gone up there for a picnic in the afternoon and then observed the suspect loitering in the area. The suspect approached the children and asked them for a drink of water. When the victim complied the subject sent the other children away, retaining the victim at the scene. He sent the two boys to his automobile with the pretext of getting a knife out of the glove compartment. During the time that the boys were gone the subject picked up the victim and attempted to carry her off into the brush, located near the top of Kelly Butte. The victim struggled, causing the suspect to take and put the victim down.

The suspect then proceeded to pull the victim off into the brush, pulling her pants down when he got there. He shoved her down on the ground and proceeded to rape her. The suspect was subsequently arrested at approximately 2:00 PM on the 29th of March 1975 by writer and Sergeant Judy Taylor at the suspects residence at 3 [REDACTED] SE Division Street.

Writer at the time observed the suspect, remembered the description of a case earlier involving several girls in the Seattle area that had disappeared and that they had found parts of their bodies in and around Taylor Mountain. Writer, making a comparison with the physical description of the suspect in that case out of Seattle, and comparing it to the suspect involved in the rape, found that they were similar.

Writer proceeded then after transporting the suspect to Rocky Butte Jail to contact Frank Konekoa, Deputy Sheriff, assigned to Detectives in Clark County, in Vancouver, Washington, where he issued a composite drawing out of Seattle that was drawn 10/30/74 by a Dean Quizlene. This composite when compared to the color photograph of the suspect in the rape case was almost identical except for the mustache and a few varying lines in the eyes and the hair line.

Writer proceeded, then accompanied by Sgt. Taylor, to follow the background a little deeper into the suspect. It was learned from the suspects wife and the suspects mother [REDACTED], 2 [REDACTED] SE 31st, that the suspect, [REDACTED] had been married to another woman approximately 1968 to 1971, by the name of Sharon. Last name at this time unknown. It was also learned that the suspect, [REDACTED], had worked for the Cohn Brothers Furniture as a carpet layer and had been so since sometime around 8/12/74. It was also learned that the suspect had been on work release since that period of time up until some time in February 1975.

at this time the name of the logging firm. When writer asked the subject, Sharon Cadwell, as to the relationship she had with her ex-husband, she stated that it was a poor relationship. That the suspect was addicted to glue sniffing and had been on glue sniffing since they had gone together and she was 15. She is now 25. A period of approximately ten years that she had known the suspect. She also stated that the suspect was an auto thief. That whenever he wanted to go anyplace he would think nothing of stealing a car to go. She recalled one time when he had gotten mad at her and joined the Marine Corp, that he wanted to come home, so he just stole a car and drove to where she was.

Writer questioned her along the lines of the type of automobiles that the suspect takes and he stated that they were small cars mostly. He talked about Chevy Novas wanting to steal Chevy Novas and also sports cars. The last vehicle that was known to have been stolen by the subject was the one that was involved in the city case file #73-80880, ~~he~~ was a Sprite.

Every place that writer and Sgt. Taylor have gone in this investigation would indicate that the subject could possibly be one in the same as thought to be "Ted" or went by the name of "Ted" in the Seattle area. All indications are that the suspect fits the description physically, also by sight, and has the mild manner, the soft spoken words and also has a slight accent that would indicate possibly be mistaken of the accent mentioned in the brochures.

Writer has contacted Clark County Sheriff's Office, Officer Konekoa again, and stated that the subject could possibly be involved in the three murders there involving women in their locality. Writer also received information from Sharon Cadwell that the suspect most generally carried a knife of some type on him and when writer said by knife do you mean a pocket knife. She stated no, she said it would be either a switch blade or a larger type knife, such as a hunting knife or a dagger or this type.

While writer was talking to the subject, Sharon Cadwell, I reached into the folder container the picture of the suspect called "Ted" and casually laid it on the table. At that time the subject, Sharon Cadwell, said that is him. That is [REDACTED] there. She said although the hair is a little different, that is him. And writer never indicated as to who the suspect was in the composite that was sent down by Seattle.

Writer is in the process now of contacting the Seattle Detective in King County, Robert Kopple and Detective Dunn, and also Sgt. Miller of Corvallis P.D. It is felt by writer that the suspect involved in the rape, [REDACTED], could very, very well be the suspect "Ted" involved in the various murders in the Seattle area.

In summing up, due to the fact that the location, the subject was familiar with the location, also the suspect being in a central location between Seattle and Corvallis where Roberta Kathleen Parks was taken and discovered 3/3/75 on Taylor Mountain. Also the suspect is unable to, or through investigation, unable to account for the times of 1/31/74, 3/12/74, 4/17/74, 5/6/74, 6/1/74, 6/11/74, 7/14/74, and 7/14/74 and 11/27/74 which are the dates of the disappearances of the girls that are listed in the Washington area. Out of the nine girls there have been six recovered and all of them in the Taylor Mountain area.

Writer and Sgt. Taylor proceeded with the backgrounding of the suspect and contacted an ex-employer by the name of Rick F. Russell, who owns and Operates a Mobil Service Station on Hall Street in Tigard. This is right across the street from the Safeway store. It was learned from Mr. Russell that the suspect began work for him 6/15/74 on a Saturday and he worked during that time, Saturday, Sunday, Monday and Tuesday, having Wednesday off. Came back to work Thursday, Friday and Saturday and took off Monday, which he didn't show up for work. Then he went back to work Tuesday and then had Wednesday off. Then he worked Thursday, Friday and Saturday of the following week and was let go by Mr. Russell because he couldn't depend on him being there. Also that the suspect's attitude was bad with the other people that worked around him.

Upon further investigation, it was learned that the suspect also worked for a Burt Thompson of Route 1, Box 219, Newberg, Oregon. At the time that the suspect worked for Mr. Thompson, Mr. Thompson was a private contractor operating as B. & A. Maintenance and worked for Broadway Cap Company as a car washer. The suspect, [REDACTED], worked nights for Mr. Thompson starting at midnight and working until eight in the morning. He started on the 15th of March 1974 and he terminated on the 31st of May 1974. During that time the first week he worked the full week and then the second pay period he worked two weeks. Out of the third pay period he worked ten days and then nine days and eleven days, which indicated that the suspect was very undependable. Upon questioning Mr. Thompson he also indicated that that was the reason why the suspect had been discharged because of his undependability. But stating that when the subject was there at work he was a good worker.

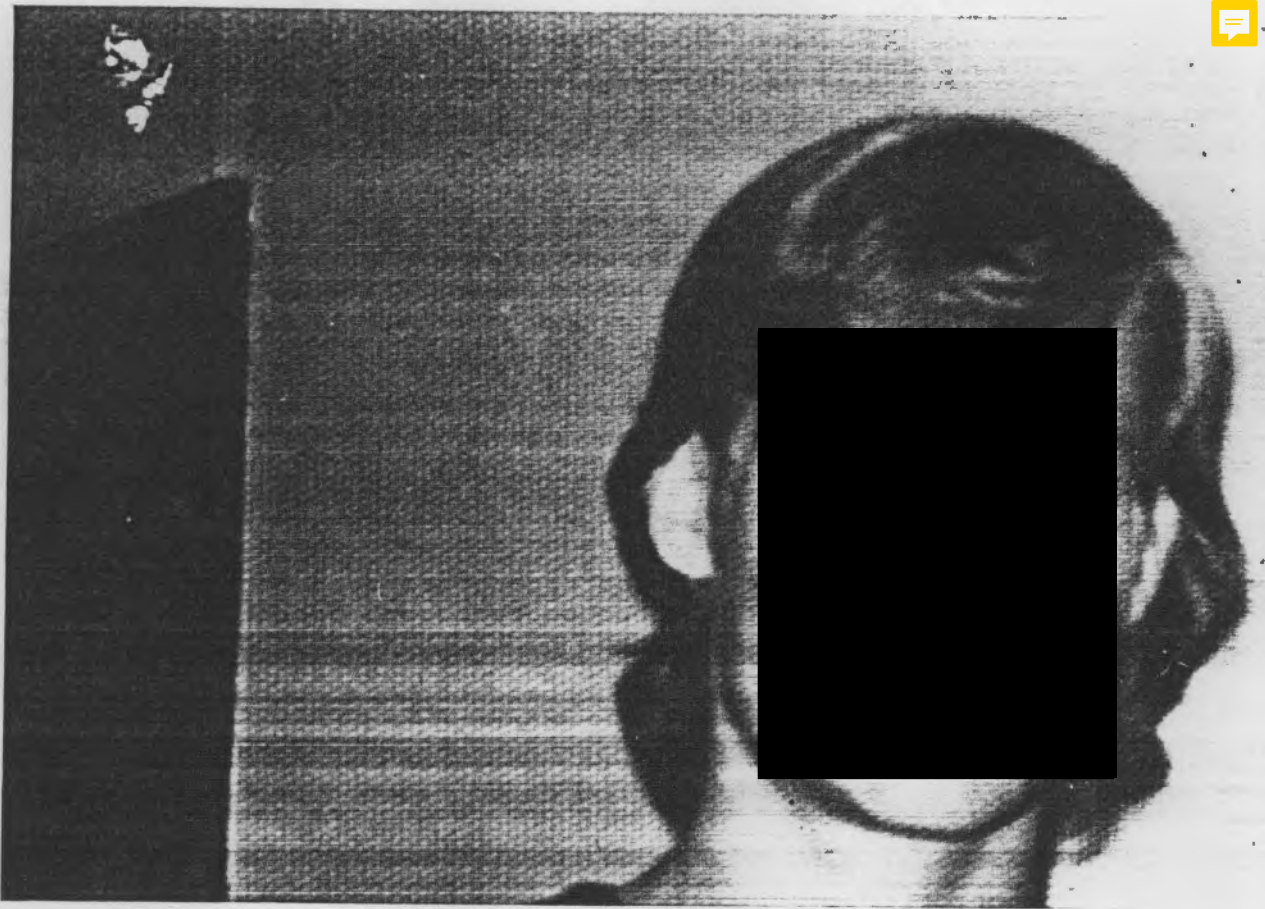

It was also learned that the suspect, [REDACTED], was arrested on a warrant Portland Police Number 75-80880 on the 17th of July 1974. The subject was arrested for using a motor-vehicle without the owners permission or auto theft. The subject was transported to ⁷⁻¹⁴⁻⁷⁵ 7/21/74 to MCCI where he was released on work release to obtain a job, and he went to work 8/12/74 for Cohn Brothers. Upon checking with Cohn Brothers the suspect was there everyday, was very dependable, they were very happy with his work. At one occasion they cited a time that he had gone into a house to do some work, some repair work, and the people were not there. Although the people had left the house unlocked for him he would not go in. The subject continued to work for Cohn Brothers up until the day of his arrest.

During this time writer had attempted to contact the ex-wife, Sharon. Writer finally located her in the Grove Mobile Estates, #176. She is living as Sharon Cadwell and this is located at 3839 Pacific Highway Avenue, Forest Grove. After making three attempts to contact Mrs. Cadwell in regards to her ex-husband, writer was able to do so 4/9/75 at approximately 11:00 at Tectronics where she is employed. Writer spent approximately 15 minutes talking to Mrs. Cadwell, not explaining why I was there other than backgrounding the suspect, and that he had been involved in a serious crime. It was learned that she and the suspect had lived in the Washington area in Bremerton in 1969. Also had lived in Shelton, Washington. During this time the suspect had worked for Simpson Logging Company, that was during the summer of 1969. From there they moved to Longview and he went to work for Weyerhaeuser as a logger. So the suspect was fairly familiar with the area in and around Seattle and also in and around the area of Bremerton and Longview and the mountainous region in that location.

It was also determined that sometime in 1972 that the suspect had spent at least two weeks in Alaska, thought to be in and around the Anchorage area looking for work or going up there on the prospect of going to work for a logging firm there. Unknown

1400 hrs. Received a phone call from Det. MARILYN McLAUGHLIN, SPD Juv., 583-2630, who said that one of her runaways, KATHRYN MCKAIG, SPD 74-40828, had allegedly taken off with a suspect matching the description of TED. This information was supplied by the parents who were very irate and upset.

1430 hrs. ARTHUR and EVELYN MCKAIG of P.O. Box 228, Bellefair, 275-6644, B/P 275-3121, or 454-2485, came to the office about their daughter, KATHERINE ELIZABETH MCKAIG, born 6/22/58, 5'4", 120 lbs., long blonde hair, blue eyes, hair parted in middle, size 7½ AA shoes, and who has pierced ears. She's had minor dental work. She wears light blue tinted contact lenses. Was last seen 7/29/74 by her father who

dropped her off in Seattle to go shopping, at the Bon Marche. She charged three hats on the Bon account, and \$160 after she disappeared. She was wearing white cord slacks with bell-shaped legs, and a matching set of sweaters (hand-knit) with orange trim. One was a V-neck pull-over, the other was a long-sleeved cardigan. She had a beige shoulder bag made of corduroy. Called her residence at 1720 hrs., on the 29th, station-to-station (.95) to say that she was going to stay with friends in the Seattle area. A .95 station to station call could be from Vancouver to Seattle, or Vancouver to Yakima in relationship to Seattle. Her parents said she had previously dated a [redacted] WM, 24 yrs., 5'9", 160 lbs., in the past. Her parents felt she had taken off with him. They provided a photo of [redacted] which closely matches the composite of TED. They also provided photos of their daughter.

WAS THIS INFORMATION BEEN GIVEN TO ANYONE ELSE? @ 2120 broadcast
To local Pierce County Sheriff patrol by S.O. Radio.

DETAILS: AT 2110, 3-26-75, above informant McKim and a friend
Douglas Marzano, 611 1/2 So. Sheridan, Tac, Wn. came to the
Pierce County Sheriff's Lakewood sub-station to report they
had seen a man they both believe was King County homicide
suspect "Ted." McKim explains as follows: He was at Lake
Sammamish on a day when one of missing girls reportedly
disappeared. McKim saw and talked to suspect "Ted." McKim,
3 days after, contacted King County Police with this information

(see supp. page)

McKim

McKim has since seen composite drawing of "Ted" in newspaper.

AT about 2045, 3-26-75, McKim + Marzano were drinking beer at The "Creekwater Dispensary", a Tavern, at 8601 So. Tac. Way, Tac, Wn., phone 588-5122, at the bar. A nice looking woman was also at bar next to McKim whom he did not know. Woman had center parted long hair similar to that of missing women except for color blond. The woman said something to McKim + when he looked her way saw a man standing looking the woman "up + down, real wierd." McKim stared at the man an instant and the man caught the stare. McKim is positive the man is the same man McKim talked to at Lake Sammamish. The man then played the pin-ball machine while McKim + Marzano discussed the similarity. The man then walked past McKim + Marzano + McKim believes the man heard part of their conversation as when McKim turned to look the man was hurriedly going out door of Tavern. McKim walked to the door slowly + saw the man running fast across the Tavern parking lot to a car parked in far corner of lot. The man left in the auto heading north on So. Tac. Way. McKim describes auto as:

A red station wagon, possibly a Toyota or similar. Car had white curtains covering all rear windows including rear side windows. McKim noted only first letter "K" on Lic. plate.

ON ARRIVAL AT P.C.S.O. LAKEWOOD SUB-STATION BOTH
McKIM + MARZANO SAW COLORED COMPOSITE OF "TED"
ON WALL GLASS AND BOTH WERE CONVINCED THE MAN SEEN
AT CREEKWATER TAVERN WAS A "DEAD RINGER" FOR "TED."

BOTH DESCRIBE MAN SEEN AS:

MATCHING FACIAL CHARACTERISTICS OF "TED" EXCEPT
THAT MAN SEEN WAS A LITTLE THINNER OR SUNKEN
IN ABOVE NOSTRILS ON NOSE + NOSTRILS WERE BROADER.

HAIR THE SAME AND SOMEWHAT SHAGGY + LONG TO COLLAR
+ LIGHT BROWN. THE MAN HAD ABOUT A 2 DAY GROWTH
OF BEARD. HE WAS WEARING A POWDER BLUE SKI TYPE
JACKET, QUILTED + THICK LIKE DOWN FILLED. DARK OR BLACK
PANTS AND DIRTY HI-TOP LOGGER TYPE BOOTS.
