Received a phone call from Officer MULLINS, of Steilacoom P.D., 588-4600, who is investigating an attempted rape. The victim is a [redacted] of 11 [redacted] Dean Ct. S.W., Tacoma, H/P JU 8- [redacted] and B/P 967- [redacted]. She was attacked on a beach at Steilacoom by a suspect matching the composite of TED. MULLINS will send copy of his case, and any information he is able to develop on their suspect. Suspect stated he had been staying with his parents in the area, and that he was originally from Arizona. He said his name was [redacted] and he was wearing only orange bathing trunks. He didn't have a sling on his arm, or any jewelry. MULLINS will try to develop additional information from Washington State Hospitals which will provide possible suspects who are residents of that location. I spoke with [redacted] on the phone and she described herself as looking like the composite drawing. She had never seen the man previously.

9/16/74 D900 hrs.

Received Steilacoom P.D. case on their attempted rape with similar suspect on 8/29/74, their case 74-259.

Ref: Case # 74-96644

Dear Det. Dunn,

Enclosed are the copies of our case # 74259 and the statements of the witnesses, per our phone conversations of 29-30 August.

Admittedly, my experience in securing complete statements is somewhat limited; therefore, some of the details that you are looking for may be missing simply because I did not ask the proper questions. If this is the case, please don't hesitate to contact either myself or the witnesses directly as they have been advised of your interest in the suspect and are prepared to co-operate with any & all agencies in this matter.

Copies are also being sent to Det. BARCLIFT, Thurston County SO, in case they will be of any help to them.

Although our case is just an attempt at this point, I am trying to proceed in my investigation with the thought that my suspect is the same as yours as I feel the coincidence is too strong.

I have received information that a subject named [REDACTED], who is involved with the Synanon Group (phase 1) from Georgetown, fits the suspects description. There is no record of this subject on file with any agency in Pierce or King County that I can locate and I hope that you will assist me in checking this individual out as the distance involved is prohibitive to me.

Please advise me of any new developments in your investigation; assuredly I will do likewise.

Thank you,

Larry F. Mullins

R/O responded to radio call approx. 1800 hrs and contacted victim & her father in the vicinity of the Town Hall. Victim appeared to be very emotionally shaken.

Victim stated she had been swimming at Salter's Point beach when she was assaulted by a young white male after he had engaged her casual conversation. Victim stated suspect had attempted to tie her up after gagging her mouth; but she was able to struggle free and summon help. Victim stated she had last seen the suspect fleeing north along the beach towards the Steilacoom Ferry Dock.

R/O requested & recieved assistance from PCSO and Chief Micone in sealing the area and searching for the suspect. Chief Micone stood by at the Ferry Dock while R/O & Dep. Hendrickson walked the beach north from Salter's Point to the dock. Suspect was not located, but juveniles fishing in the area stated they had observed a man answering suspects description at the Dock Lunch Cafe approx. 45-60 minutes prior to R/O's inquiry.

R/O contacted owners of the Dock Lunch Cafe who stated that suspect had been in the area approx. 2 days; and they had last seen him during the afternoon of 29 Aug. when he was inquiring about the Ferry rates.

R/O & Dep. Hendrickson contacted Ferry Boat personell who stated they had observed the suspect earlier on the beach, but that he had not taken the Ferry that day.

All persons contacted stated that suspect had very striking sun tan and was readily noticed by his striking physical appearance. All persons contacted were alerted to contact this department if suspect was ever seen again.

Victim's responses to R/O's questions matched with description furnished by King County Police of suspect in recent disappearances of females in their area. R/O had victim & her father come to police office where detailed description was secured. After receiving description, R/O showed victim pictures of suspect in disappearances as drawn by KC Police. Victim verified that suspect looked similar to composite drawing.

R/O contacted Det. Roger DUNN, KC Police, and advised him of the situation. Det. Dunn requested copies of victim's statement.

R/O contacted Thurston County SO and advised them of the situation.

R/O secured statements from victim, and a couple who on the beach at the time of the assault who could identify the suspect. Witnesses also verified composite drawing as being similar to suspect they observed.

Investigation continueing.

STEILACOOM POLICE DEPARTMENT
Steilacoom, Wa. 98388STATE OF WASHINGTON)
COUNTY OF PIERCE)

My name is [REDACTED]. I am 20 years of age, was born on July [REDACTED] 1954, at Tacoma, Wn. I am ~~XXXXXX~~ (single) and reside at 11 [REDACTED] Dean Ct SW, Tacoma. I have lived in Tacoma since 1963. I am making the following statement to Larry F. MULLINS, #688, knowing that he is a Policeman; Steilacoom Police Department. I have been advised of my civil rights which are guaranteed to me under the State and Federal Constitution. I understand that I am entitled to an attorney if I want one and that if I do not have funds the Court will appoint an attorney to represent me at State expense. I know that I have a right not to say anything, and anything I might say can be used against me in court. I know also that I have a right to a jury trial.

Q. Having been advised of your civil rights, do you, at this time, wish to give me a statement concerning the events of the afternoon of 29 Aug 74?

A. Yes.

Q. Would tell me, as detailed as possible, what happened to you?

A. I left my house at 4:30 pm and went to my boyfriend's house about a mile away and asked if he wanted to go with me to the beach. He didn't. I left right after to go to Steilacoom Beach. I walked a block away from where I parked at, and went across the railroad tracks, down to the beach, a block from Salter's Point.

I went into the water and came out to dry off a little, and there was this guy. I hadn't noticed him walking up to me - he was just there. I noticed he looked like a regular beach bum. He was about 5-04 to 5-06, a sandy tint to his hair, basically brown. He had a build in proportion to his height.

He didn't say much but general questions, "Is the water cold?" "Nice day?", etc. I just answered short.

He was sitting on a rock next to me. I Hadn't noticed him carrying
(next page)

I make this statement of my own free will and accord. No promises have been made to me, nor any duress used against me. I have read the above statement in its entirety. It is a true and correct statement to the best of my knowledge and belief.

anything, He just wore ^{orange} trunks, not faded, and he had tennis shoes but was not wearing them.

I asked him if he was around here and he said he was visiting his parents. He said he had come here in May and before that he was at Arizona then went to California, the to here.

I told him I was going to take a last swim and then go home. That's when I noticed him from his rocks to a lower one.

I went in and came back and put my cut-offs on. The thing I really noticed was that he had very straight front teeth, the rest were straight too, but mainly front teeth. There was a slight accent, not that noticeable, but there.

I was ready to climb up onto the tracks, that's when he grabbed me with his left arm, stuffed a rag in my mouth, and tied a strip of cloth around my head to hold the rag in my mouth.

He kept on telling me (He was very quiet & at ease, but his thoughts seemed far away) to shut up and trying to pin me down. He always kept stuffing the rag down my mouth. He didn't seem to be very strong and when he told me to turn on my back, I just calmed down and he eased up.

He was awfully nervous & shouting, so he got another rag out and told me to put my hands behind my back while I was lying on my stomach. Just as I was drawing my hand back he said " I don't know why I put that in your mouth".

Then I just pretended to relax, not caring what he did to me (I did). He just didn't seem that strong, so I brought my hand up and grabbed a rock that was next to me and got the gag out of my mouth - which was really loose - and started yelling for help.

He was scared and got up and ran up the rocks to the tracks - from the beach to where I don't know. I threw the rock at him, too, but didn't hit him.

I was yelling help, and yelled at this couple asking "why didn't you help me?". They came running over to me saying they thought he was a friend of mine and that they thought we were just fooling around. They helped me clean up my nose-bleed; but he didn't cause it, my nose bleeds easily. They picked up their things and walked me to my car. The guy gave me his name and told me I could call him for any information to help my situation.

I left, went home, and told my parents. My dad called the Pierce County Police and they said they would contact Steilacoom. We also called the Steilacoom Fire Dept. and they said they would contact the police, so ~~they~~ we left our house to go to the Steilacoom Police Dept.

The statement under line and in parentheses, belongs on first page were it is marked on the margin.

Q. You said he grabbed you with his left arm, did he seem to be left-handed or right-handed?

A. He grabbed me with his left and stuffed the rag in with his right. He seemed to use his right hand more than his left. I didn't notice any difference in strength between the two, nor was there any difference in size or shading. ^{cb} ^{cb}

Q. About this shading, you said he looked like a regular beach bum, how's that?

A. He looked like he spent a lot of time in the sun. He had a very good tan and his hair was kind of sun-bleached; lighter on the top than underneath, but with very little difference in the two. There was just a tint to it, kind of shiny golden.

Q. Would you say his hair was basically brown, or blonde?

A. Brown

Q. Was there anything unusual about the way he wore it?

A. It was parted in the middle, really full and healthy looking, it wasn't dirty. It came down to his shoulders and had a slight curl or feather in it at the end that wasn't caused by its laying on his shoulders. ^{our cb}

Q. Did you notice anything unusual about his body?

A. He had long toes, longer than I consider normal; his toe-nails were flat, curved naturally with no deformities. His ankles did not protrude, the calves of his legs were muscular (not fat) but shaped more like a girl's (tapered from knee to ankle) instead of a boy's (Knot of muscle near the knee). You could see his knee-cap when he was sitting and his knee was rounded when he stood up. His thighs were well-formed, in proportion to his calves. His waist was narrow, no bulges around the sides. His chest was well formed, it wasn't flat; you could see the development of his breast muscles when you looked at him straight on. You could not see his ribs or his stomach muscles. His shoulders were slightly drooped from neck to joint, not flat or truly square. You could not see his shoulder joint, ^{cb} rather a rounded spot of muscle covering the joint. His neck was slender, with nothing unusual about it or his adam's apple. His nose was evenly tapered and did not appear to have ever been broken. There was no visible hair on his body, his eyebrows were neat & evenly spaced with no bridge of hair between them. His eyelashes did not appear to be longer than normal. His arms were well formed, but had only a slight bulge in the trapezoid region, the forearm was tapered with no excessive widening at the elbow. His hands were narrow with long fingers, kind of slender like the type associated with piano players. I didn't notice anything about his fingernails. His hairline seemed to start in the normal place, not too far up or down on his forehead.

(next page)

WITNESSED:

Loana F. Mullins

X

SIGNATURE ON EACH PAGE

Q. You didn't notice what color his eyes were?

A. No.

Q. Did he mention any names?

A. He said his name was [REDACTED]

Q. Was there anything unusual about his voice?

A. It was smooth, soft spoken. There was a slight accent, like nothing I've ever heard before. He pronounced his A's softly, almost an "ah" sound. It wasn't feminine or masculine.

Q. Is there anything else you can tell me about him?

A. No, not that I can think of.

Q. How old would you say he was?

A. I first thought he was 17 or 18, but he didn't sound like it. He sounded older, but not more than 25. I would say he was 19 to 22.

Q. Is there anything else you would care to add to or subtract from this statement at this time?

A. No.

COUNTY OF PIERCE)

My name is Richard C, Esterly^{RC}. I am 24 years of age, was born on May 2, 1950, at Seattle, Wn. I am (married) ~~(single)~~ and reside at Apt. 1, 620 No. "C" St, Tacoma. I have lived in Tacoma since 1968. I am making the following statement to Larry F. Mullins, #688, knowing that he a Policeman; Steilacoom Police Department. I have been advised of my civil rights which are guaranteed to me under the State and Federal Constitution. I understand that I am entitled to an attorney if I want one and that if I do not have funds the Court will appoint an attorney to represent me at State expense. I know that I have a right not to say anything, and anything I might say can be used against me in court. I know also that I have a right to a jury trial.

Q. Having been advised of your civil rights, do you wish to make a statement to me concerning the events of 29 August, 1974?

A. Yes.

Q. What were those events?

A. We picked up a picnic lunch & drove to our regular picnic spot at Steilacoom Beach. The tide was high & there were few people at the beach. We passed one couple about 50yds from the picnic tables & proceeded another 30yds or less until we found a suitable place.

We ate our dinner & meanwhile noticed a young male, approx. 17-18 yrs old, was standing on the beach 30ft from us. He stared at us somewhat & didn't smile or wave but acted somewhat differently than most people we see down there. His attitude was defensive & somewhat nervous. I dismissed it while we ate & noticed 5 minutes later he was gone.

Later I noticed a young girl swimming in the water. She later came out & we assumed she was sunbathing behind a rock. Perhaps 5 minutes later we heard a scream - at first thinking they were a date, I thought they were just playing - then about 30 sec. later the girl jumped up & screamed for us to

help - My first impression was that he was her friend & was hurt - but then while getting my shirt on I remembered that I saw him climb up the rockery to the railroad tracks.

This puzzled me at the time. When we got to the young girl she told us what had happened. I climbed to the tracks & looked, but being barefoot I figured there was little chance of pursuit.

We walked the young woman to her car & we then took our own car & drove around the area looking for the young man. This was at 5:30 or 35. We asked 2 neighbors if they saw anything & they had a negative response.

Q. Can you describe this young man to me?

A. He was a white male; aged 17-19; wieght 130-135; blond hair parted down the middle, long to the bottom of the ears, lighter on the outside than it was underneath; build very slight; height 5-03 to 5-05; Orange swim trunks; barefooted; very nervous.

Q. Do you think you could identify this man if you saw him in a group of 5 or 6 men of similar height and build?

A. Yes, certainly.

Q. Is there anything else you would care to add to or subtract from this statement?

A. Just that I seem to remember a late model Volkswagen beetle that was parked near the trask dumpster by the corner as we walked down to the beach. It had the large front & rear bumpers, was very muddy under the fenders, and the left rear fender looked like someone had taken a sledge hammer to it. I can't describe the color exactly, but I thought it was a funny colored brown or green.

Q. Do you think you could identify the color if you had access to paint samp to compare it with?

A. Yes, I think so.

Q. Have you ever seen a likeness of this man before?

A. Officer Walker* showed me Special Bulletin dated July 22-74, Case # 74-96644. All features of the composite sketch matched what I remember as the description of the subject young man. The hair was different in that it was parted down the middle & longer. The undersides of the hair were light brown with sun bleached side locks. Nose seemed pointed somewhat & lips were pursed tight. Eyes seemed piercing. Kept his arms on his waist & continually surveyed the situation. Seemed to be well kept, average build, fairly good looking guy & definitely not what one would consider a threat for any reason.

Q. Is there anything else?

A. Not at this time.

Q. Having been advised of you're civil rights, do you wish to make a statement to me concerning the events of 29 August, 1974?

A. Yes.

Q. What were those events?

A. On Thursday, August 29th, my husband and I were sunbathing on Salter's Point at the farthest end of the beach. I noticed a young lady sunbathing on the other side of some large rocks further down the beach. I could only see her from time to time as the rocks hid her from view.

A short time later I noticed she went into the water, and I believe it was after that that I noticed a young man coming down over the hill (presumably from the other side of the tracks). I thought they had been together and I just hadn't noticed the man before.

Later, the young man came around the side of the rocks toward us and just looked at us - he seemed uneasy. Then he disappeared.

It was not long til we heard a scream - I told my husband I was afraid something had happened to the girl's "boyfriend" since I could not see

him any longer, only her. The girl called us over & we came, and she said what had happened.

We did not see him leave after we walked her to her car. We drove around but could not find the young man.

Q. Can you describe him to me?

A. The young man was about 17-19 years old. About 5-05, very tan, slight build - maybe 130-140 lbs. Young face, no scars, or beard, or mustache. Medium length blond-brown hair, long all over - sort of a "bowl cut". Wearing orange swim trunks.

Q. Have you seen a likeness of this young man?

A. Officer Walker* showed me a composite drawing from a Special Police bulletin dated July 22, 1974, Case # 74-96644. The drawing looks very much like the young man I saw, particularly the mouth.

Q. Do you believe you could identify this man if you saw him in a group of five or six men of similar height & build?

A. Yes, particularly his skin. It was very clear and smooth, almost like a girl's.

Q. Is there anything else you would care to add too or subtract from this statement at this time.

A. No.

STEILACOOM POLICE DEPT.

SUPPLEMENTARY REPORT

CASE: 74259

Details: Progress of Investigation: Week of 29 Aug - 5 Sept

30 Aug:

R/O contacted Seattle PD & Thruston County SO regarding thier missing girls. Seattle PD advised they would copy info when it was furnished to King County Police.

Det. BARCLIFT, TCSO, requested copies of reports when available.

31 Aug:

R/O contacted Arizona & California agencies by telephone in an effort to determine if a similar pattern of incidents had emerged in those areas concerning either the girls or the suspect in response to victim's statement that suspect had told her he was from those areas. Results were negative due to Holiday weekend duty schedules.

3 Sept:

R/O contacted by Det. BALLARD, Tucson, Arizona, who responded to R/O's telex of 31 Aug requesting info on similar incidents. Det. BALLARD stated-

1. Santa Ana PD had subject named [REDACTED] AKA: [REDACTED], [REDACTED], [REDACTED], [REDACTED], in custody in connection with several warrants for multiple felonies including two homicides in the Tucson area involving females of the victims general description.
2. Sgt. MINTON, LAPD Central Homicide, was investigating several stab-bings on area college campus's, the suspect in which was a "Joe College" type who answered the description of the suspect and whose victims answered the description of the missing girls.
3. That Milo VIG, Mesa County County Colorado SO, had discovered the unidentified body of a white female, 18-22 yrs, 5-06, 115lbs, who was beaten & strangled and had been dead for approx. 24hrs on 29 July 74. Victim was found nude.
4. That suspect was in custody in Michigan, name unknown at time of contact, that was wanted by Tucson in connection with a Double Homicide that occurred over the labor day weekend.

DATE: 5 Sept 74

REPORTING OFFICER:

Larry F. Mullins
Larry F. Mullins, #688

STELLACOOM POLICE DEPT.

SUPPLEMENTARY REPORT

CASE: 74259

Details: Progress Report Cont'd

5. That FBI agent BAGLEY from the Tucson area was interested in any info that may be developed concerning disappearance/homicide of the females because his daughter (who also fits general description of females) had disappeared from Tucson Int'l Airport on 29 May 73 & found found dead on Ft. Huachuca (sic) Military Reservation. Partial Prints of the suspect in this case have been recovered.

Suspect [REDACTED] & suspect from Michigan eliminated from this investigation due to time & place of thier arrest; possible connection with other disappearances is still considered.

Sgt. MINTON , LAPD, was unable to confirm incidents refered to by Det. BA BALLARD.

R/O was unable to conatct Agent Bagley.

All info passed on via telephone to King County Police.

R/O was contacted by Bill HARRIS, OSU-Corvallis, Security, who also responded to telex in connection with PARKS disappearance. Info exchange via mail was set up.

R/O attempted to locate any info available on a [REDACTED] supposedly connected with the SYNANON group, Phase 1, from Georgetown in repsonse to info recieved from Spec. Dep. CRANPOOLE from Anderson Island who stated this subject answered description furnished by victim. Checks with Sea-King & local I&R sections were negative.

5 Sept:

R/O was finally able to make contact with Witness ESTERLEY and obtained signatures on thier statements.

R/O rec'vd info from HARRIS-OSU Security that a subject named [REDACTED], w/m 11-55 5-10 170, collar length reddish/light brown curly hair had been questioned ^{as to} a tentative ID by a Judy SCHNEIGERMAN of 6820 51st NE, Seattle, in Seaside, Ore. as possibly being subject "TED" sought by KC Police. Cpl. Jim Shepard, Ore. St. Police - Astoria, was contacted and stated he would attempt to locate & forward any photos that were available of this subject.

R/O contacted Ft. Lewis CID and made arrangements to use thier IDENTI*KIT when witnesses were available, to attempt to secure a more detailed composite of suspect. Witnesses stated they would co-operate, time &

Re ✓

TO Dep Dorman & Missing Girl's Crew

DATE 3-8-75

FROM [redacted]

SUBJECT "Ted"

Got a call from an acquaintance this afternoon. He knows a person that worked for a man that could be the "Ted" y'all are looking for. He states the following:

~~NEG. IN~~ INDEXED

[redacted] WM35 but looks much younger & looks extremely like the "Ted" photos. [redacted] is a Dentist in Woodinville, with his office located across from Puzzo's topless joint "Goodtime Charley's". [redacted] owns a yellow VW & drives his receptionists' brown VW sometimes. He also has a LWD veh.

It's said that [redacted] spends his lunches at the topless joint, & has a real thing for young gals. He goes thru female employees at his business quickly - mainly due to his moods & violent nature. He has spoken quite frequently about his many hunting trips into the woods around the I-90 - North Bend area. He has faked injuries to his employees to gain sympathy (limps) in the past. All concerned agree that he is a nut.

REWARD CALLS

RECLASSIFIED

All calls relating to the missing women must be logged. Information should be as complete as possible. We need a record of the time, date and name of the person calling in order to avoid controversy over who supplied what information when. If the caller says something that suggests lack of credibility, note it. If the caller desires anonymity, indicate that as well.

Info. relating to: Missing girls

Date: Aug. 3, 1974 Time: 5:15 p

Supplied by: (Name) Nelson Munson

(Address) 635 Keystone Place N.

(Phone) ME 3 3593

(Occupation) _____

Has the information been given to anyone else (police, etc.)? Yes

Details:

He says three girls were approached by man who tried to pick them up at Green Lake Saturday afternoon. He became suspicious of a man with Sandy Hair, about 5 foot eight, in early twenties. This man answered description of person who molested girls that day. He said when he approached the man, this person fled in auto. He was unable to get license ~~number~~ number, but said the car was a "Willys" of a vintage some 20 years ago that looks like a Volkswagon but isn't. He said he is a Volkswagon mechanic and knows a bug when he sees one. This car is a beige Willys, dating back to the early 50's ~~_____~~
(I recall that Sears marketed these cars under name Allstate.)

Lt. Patrick Murphy
Homicide Division
Seattle Police Department
Seattle, Washington

Re: [redacted] W/M, 19-20 yrs., 5'7"-5'8", Brn. eyes,
Brn. hair, 150 lbs., Student at University of Washington,
Math Student, genius type, attended Central Kitsap
High School in Bremerton, Washington, family owns
property and boat on hood canal, subject is free with
money.

Dear Sir:

On September 14, 1974, I received information from a friend, that a
Mrs. [redacted] of [redacted] Country Club Road, Groton, Connecticut (confidential)
formerly of Bremerton, Washington, was quite concerned for her daughter's
safety.

That on September 16, 1974, I, along with SA James Henly of the FBI,
interviewed Mrs. [redacted] at her home. She stated that her daughter [redacted] (con-
fidential) has been receiving strange letters and telephone calls from the
subject for the past year. She [redacted] is acquainted with the subject through
high school, in Bremerton, Washington, where she graduated in June of 1973.
[redacted] is presently living and going to school in Connecticut.

Mrs. [redacted] stated that she wasn't too concerned until she read an
article in the New York Sunday News, dated September 8, 1974, about the
mysterious disappearance of six Seattle girls (News clipping enclosed). The
six missing girls resemble her daughter, in that they are all attractive
and have long hair and are in the same age group (See enclosed photograph of
[redacted]). The suspect "TED" referred to in the news clipping does fit the
general description of subject [redacted].

[redacted] father is a medical doctor in Bremerton, Washington. He is
apparently supporting his son at the University of Washington.

Mrs. [redacted] further describes [redacted] as a "weirdo" - "mind jumping ahead
of body". Mrs. [redacted] gave me three letters, two written to her and one
written to [redacted] by the subject. The three letters are enclosed. To say
the least, the letters are strange. The subject has written many letters
to [redacted] that were either destroyed or sent back to him.

LETTERS TO MOTHER -
MRS. [REDACTED] -

200 Boston Post Road
Waterford, Connecticut 06385

Lt. Thomas W. Viens

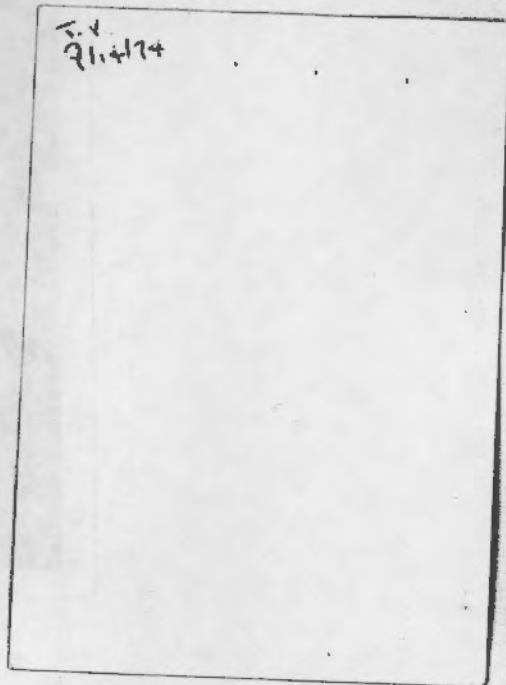

CONFIDENTIAL

Lt. Patrick Murphy
Homicide Division
Seattle Police Department
Seattle, Washington 98146

Original at 20.1-2-52

June 10, 1970

Dear [redacted]'s mother,

I'm sorry about addressing you like this. I'm writing you because I respect your opinion too much not to.

[redacted] wrote me one letter, a ~~very~~ good one it was short, too short though honorable what she said. I have written her an unrealistic amount and I want you to know that it is my fault alone, ~~as~~ she has not been baiting me to do it.

I respect her more than ever, honoring what she says when she does write. I want you to realize how I respect her short utterance but feel left in the dark about most everything.

~~Perhaps as I'm taking a more extreme measure asking you to~~

~~I would appreciate a letter from you~~

I simply want to correspond with you about things I don't understand, about what [redacted] doesn't write, or, when she does, I don't understand it.

But, just as important, I want to write you about me, so you can understand and trust me.

I've always had the feeling that you have the insight ^{on all} ~~about any~~ of this. I'm confident ~~you can clear my head right upon most~~ that you're able and willing to help me.

Please give me your name, Yours, [redacted]

July 9, 1974

Mrs. [redacted] (Mrs [redacted] ?),

a profound thing.

Concentrate on $\psi(\pi, e^x)$.

cease.

LETTER TO 
NO RELATION TO SUBJECT -

June 7, 1974

Dear [redacted]

I'm not sure, but I think I want to become rich. You can buy quality merchandise with expensive money. I'd like it secure too, and in small packages, nothing fantastic though. I do not want to grind for it, I want to get it without much effort. I'm considering my illuminated mathematics as an item of value.

I want my complete abandonment always. I would have you beside me always, [redacted], you would be a lady. ~~would you like to be a lady? have high principles?~~

We would be ourselves, of course, we have a dislike for fame and \$ people, (and actually, mega \$.)

— Tell me [redacted], do you relate to me, do you wish to write me? about this?

[redacted], let me, I would like you to know my values, have you assess them.

- 1) a wrist watch that's ^{very} expensive, has jewels but is only a wind up.
- 2) live in a very slow quiet place, but with quality style, not to fantastic.
- 3) a haircut.
- 4) You. being yourself, happy, and a lady, you could be a writer, but not a fantastic painter.
- 5) ducks.
- 6) no car.
- 7) a very small house with very nice things.
- 8) a son who wants to be a carpenter and loves to fish at a far away, secluded stream, creek.
- 9) a daughter who collects insects, flowers, rocks

T.V.
9/14/74

loves botany, hates mathematics, doesn't like science — but
likes to classify things —, and too, will become a writer.

10. You, greatest of all. Oh sunny days you sit
in the grass, quiet — and occasionally laughing
womanly. You love your kids, don't like to
cook, so I have to become a french chef, too.

But what we love so much about you, is how
you don't talk much, but smiling, laughing know-
ingly and loving your family with utter devotion.

11. I play a horn only occasionally, collect practical
things — like plants, metal pipe, a few tools. I'm
a mathematician by profession at a junior college.

12. we subscribe to international wildlife, scientific american,
national geographic, physics today.

13. A library with good novels and a few atlases, ency-
clopedia, dictionary. — a globe!

14. A book about Leonard Eden,

15. I speak german

16.  do you want this? Please
write me about it.

MURPHY

Village of Goodrich, Michigan

Police Department

L. R. MURPHY
Chief

Homicide Squad
Police Department
Seattle, Washington

Sir:

Recently the undersigned officer read in a local newspaper an account of a number of murders across the United States, one case in particular was mentioned at the Sammamish state park near Seattle in which two young women were murdered. The bodies later found.

Newspaper described the suspect as 5-8 150 lbs with dark blond hair with the name of Ted.

This department recently arrested a subject for assault with intent to murder who has since admitted another murder in nearby village of Ortonville. In the assault case here, a 16 old boy was struck numerous times with a golf club. When the victim regained consciousness the assaulter was removing his shirt, had shorts unbuttoned and one shoe off. In the Ortonville murder a 14 old boy received injuries to the head and was strangled. That body was sodomized. The murder in Ortonville took place in a secluded area near a creek, the Goodrich assault case, the victim was in a low damp area.

The arrested subject at Goodrich, is a [redacted] white male; dob 8-52 5-10 160-lb had a home address [redacted] Cedar Street, Ortonville, Michigan He has FBI number 40-168-N8. Dark Blond Hair - Blue Eyes

We are enclosing a photo of [redacted]

Subject had been known to be in California, Dallas, Texas; Norfolk, Va. and has relatives in Florida. He is currently being held in the Genesee County Jail Flint, Michigan.

We are sending this information for whatever value it may be to you.

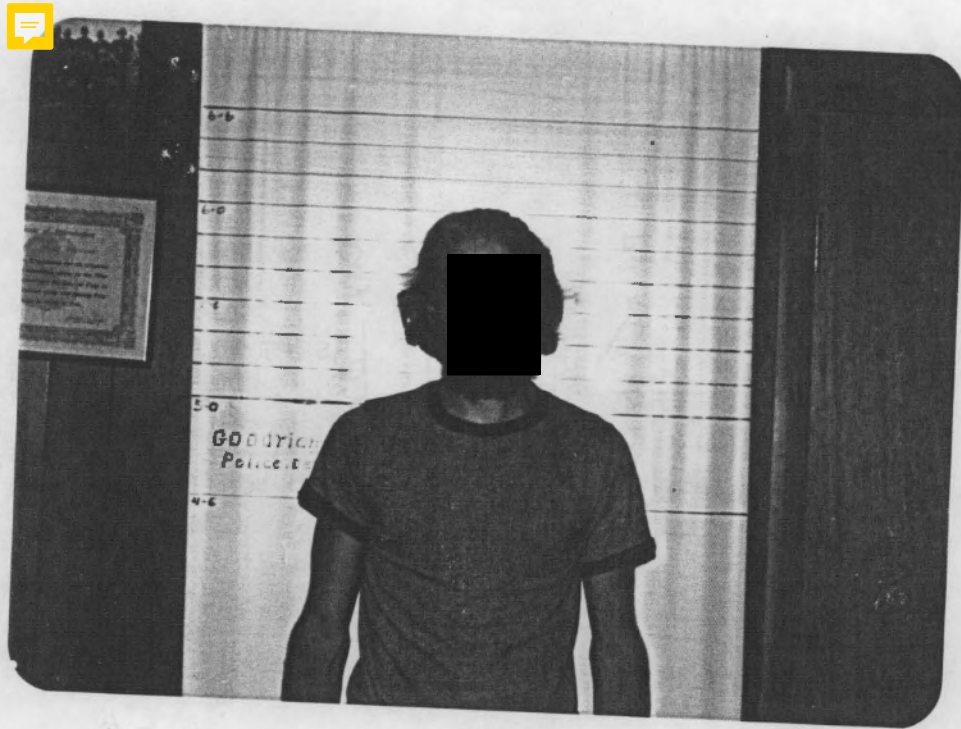

If we can be of any further assistance to you feel free to call upon us anytime.

Sincerely yours,

Lloyd R. Murphy

DETAILS: MAILS IN ARTICLE ON CASE

WITH THE ZODIAC KILLER
THEORY.

44-2210-1

4/18/75

To Whom This May Concern:

After reading this clipping the suspect your looking for sounds like the Zodiac killer who operated in the Bay Area of San. Fran. Calif.

I lived there from 1959 to Sept. of 1972. He lured his victims in his car by similar maner. According to newspaper only one women escaped from him.

There might be some connection involved.

Respectfully,

Mary Ann Murrell
149 A East Grant
Hillsboro, Ore. 97123

Police stymied in murder case

SEATTLE (AP) — The detective heading the search for "Ted," the elusive young man sought in the deaths of at least seven young Northwest women, admits there is a "good likelihood the case will never be solved."

Capt. Nick Mackie of the King County police said the chances of tracking "Ted" are "very remote" with evidence police have.

"We have no crime scene evidence, no means of death," Mackie said Tuesday. "It's the worst case I've ever been on. There's just nothing."

Mackie, who heads an 11-man task force, said police will need a "break" to solve the slayings. He said police have come to a dead end in their attempts to create a psychological profile on the suspect. He said psychiatrists attempted to find a "common denominator" among the victims but were unsuccessful. Mackie said psychiatrists also were unable to develop a profile on "Ted" with the limited evidence available.

Appointments made

OLYMPIA (AP) — Former American Samoa Gov. John Haydon and Jon Lindbergh, son of the late aviator Charles Lindbergh, were named to the state Oceanographic Commission by Gov. Dan Evans Wednesday. Lindbergh was reappointed to his seat.

The skeletal remains of six women, along with those of a seventh, unidentified woman, have been found in the mountains near Issaquah, east of Seattle. Police are looking for a young man known only as "Ted" as the prime suspect in the slayings. He was seen with one victim after he asked her to help load a sailboat on his car. One of his arms was in a sling.

Mackie said the task force has files on 2,247 "Ted" look-alikes. Mackie said the task force of city and county police has narrowed its list to "well under 200" individuals.

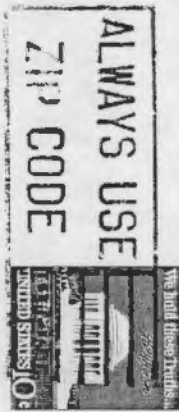

Mackie said his pessimistic prediction that the case might never be solved isn't a declaration of discouragement. "The name of the game is tenacity," he said.

Mackie said the 11-man task force is expected to work fulltime on the case until June 1, when vacation schedules will require the officers to return to regular duties. Mackie said by then, even if "Ted" hasn't been found, police will have followed all present leads and can turn the case over to fewer officers.

Mackie said about six members of the task force returned to the Taylor Mountain site where five of the skeletal remains were found.

Rschics
RECLASSIFIED

Dear Sir;

Having heard over the radio that you would be interested in information from people with Physic ability to clear up the mystery of the missing co-eds from Seattle University, you might be interested in the following. Although I don't profess to have the ability of Peter Hurkos, or of Series, the system I use is a little different in that it is more of a combination of Physical, and mental process, but after more than 30 years experience I have proved that it can bring results when the usual method of search fails, the biggest obstacle is to get anyone in authory to believe it. If you have not heard of, or used this method before, the following explanation may be in order. Every law enforcement officer knows that no two fingerprints are alike, that is now an accepted fact, but what does not seem to be an accepted fact is that the radiatons, or wavelengths of humans, metals, animals, etc; are also different, although that is now an accepted fact by many Scientists. Now what is needed in order to trace a missing person, is a photograph, also, if possible a Piece of clthing that has been worn by the missing person, (a sample), unwashed. From that you adjust on the radiations, and begin the search. It is not always easy, since there are many pitfalls, you can liken it to tuning in a radio to your favorite program, and suddenly another cuts in and blasts your program off the air, then there are meterol-
ogical disturbances to contend with. but having worked out a method of eliminating those obstructions, it can sometimes be amazingly accurate.

I am enclosing tracings from a Metsger map of King County, they are not very distinct owing to the small scale, but if placed in turn over a similar map, may give you an idea of the territory in question. In the case of Heidi Peterson I first located her in a wide part of the Duwamish Canal below the bridge on Michigan St, after several days the body was carried out into Elliot Bay, then carried back and forth with the tide, a shorter distance each time until I find it now at the corner of West Florida, and 13th St.

In the case of Linda Ann Healy, Georgeann Hawkins, see Normandy Park, Janice Ott, and Denise Nasuland, see location marks 5th of Hwy 10.

NOTED

1107 20
3/5
the case of the other missing persons listed I have nothing to work from.

I would like to make it clear I am not doing this for the sake of publicity, all I ask is for those engaged in finding a solution to these cases, is to keep an open mind, and if I failed to supply the proper answers it does not mean that the system is of no value, but rather a propensity of the human to make mistakes. In my own experience I know that in many cases that a vast amount of time, and expence could be saved if more use was made of the method. Trusting you will put investigation before discrimination,

I Remain

Sincerely Yours

Wm Mutch
