PARTMENT COMMUNICATION

SUBJECT

Information.

Baker Stocking (801 N 36th 6324761) about a year ago told me that his wife had a dream about the "murders" of the girls in which she saw through the eyes of the killer as he chopped the girls up etc. She them saw a page in the phone book with Woodlawn Ave N 523 . He checked the residence and the name with a little help determined that at that time drove a VW , a 1967 blue VW Wash plate OWY Apparently the car was sold to an agency in Ephrata about two days after the girl was missing in Ellensburg . It was sold to Dave Fuhrman 1059"C" St Ephrata, Wash. Fuhrman is in Seattle and has the car. Mr. Stocking & Fuhrman have gone through the car rather thoroughly and collected bits of clothing , hair and a baggage claim check from Portland , Oregon. K

Mr. Stocking is an aquaintance of mine and I have repeatedly told him that none of the information is of any significanace at this time , but because of the use of astrology and psychics has been publiscised as it has he agreed but wants to know whe some of the other people are who are working on this aspect of

the cases.

He has also asked if it would be possible to test the car for blood stains as

he has no chemicals to do this himself.

The former owner of the car is apparently not in Seattle at the address that has a traffic ticket he was shown at in the '74 phone book. (for speeding in '73 WM 5' 11 , 155, blue eyes, Wash Driv Lic# the '74 address is shown on the citation as well as the '67 VW , no other record.) 45 (DOB 10-

Mr. Stocking is good humored about all this and is not taking it too seriously and realises that you have a let more important things to do than this , but again wants to be in touch with others working with the department in case his subject has

possibilities.

office, and recieved a call from a woman who identied herself as. Kathleen Stone, 600- 9th Ave #206. Baliff in Dept #4 Municipal Court. Work phone 583-2974. She related the following.

On April 19, 1975 at approx. 2300 hours a white male entered

Top's Restaurant at 9th and Madison. Ms. Stone, her daughter, and
her son-in-law, were all immediatly taken on how much this individual
resembled the police composits on the suspect in the missing girls
cases. Ms. Stone stated that the subject was in the restaurant for
almost an hour and that she got several very good looks at him at a
close distance. She described him as follows:

W-M, 25 to 30 years, 5'10" to 6'; 180 to 190 lbs. She stated that he
was quite muscular, with well defined and prominent features. A very
prominent chin, almond shaped eyes, blende hair that neck length, but
very well styled. Every hair in place. Very deeply tanned, California
type suntan, to use Stone's own words. Ms. Stone described him as extremely handsome.

During the time this subject was in the restaurant, he struck up a conversation with a Greek who several good looking girls with him.

Ms Stone stated that the susbject seemed to pay little attention to the women, but alot to the Greek. Then the Greek dancer came on to perform, and Ms Stone stated that the subject began acting strangely. He was

staring in the direction of the dancer, but like he was in a trance.

He Began making Strange movements with his hands, Ms Stone described them
as "exotic or erotic". He did this all during the dancers performance.

When the performance was over the subject apparently left the restaurant and walked to a car, that was parked on Madison St. The car was apparently parked near a metal light standard. The subject walked to the car, and then embraced the light standard, he pressed his body to it. At this point Ms Stone was standing directly across the street from the subject watching him, and it seemed that the subject was not aware of her presence.

The Subject got into Navy blue Lincoln Continental, 4 door modle.

The vehicle had a Wash Lic. of CWI the vehicle is registered to a

SE 19 th, Renton Wash. 98055.

Ms. Stone had other details that I'm sure you would find very interesting; she was extremely impressed by the striking resemblance to photos **p** that have been published. I think that she would be willing to talk to anyone that you might send to interview her. I think also her subject bears checking out. I hope that this infromation will be of some use to you.

Respectfully submitted
Phillip C. Allen

6/23/75 0935 Stone phoned. Suspect was in Public Safety
Bldg. 15-30 minutes ago. She also saw him
in Vitos, Saturday night. He was talking with
a guy that has been in her Court before, for
shoplifting, a Ray Mahoney.

6/24 1025 Returned Kathleen Stone call— Said she chid city & co & found
no lie for as a private dick.

Subj does have a Invest lie with the City.

Some guy reported to have chased some
women like the street the previously
evering, left in some car when 2 others
