FROM D. W. HOUSE (04664) KCP	SUBJECT: CONTINUATION OF <input type="checkbox"/> OFFICER'S REPORT REGARDING <input checked="" type="checkbox"/> Denise Nasland		

ITEM:

Approximately 6 months ago I was told by my wife that Denise Nasland a girl she had grown up with was living with girl friends; Robin Woods (WF approx. 18 yrs.), and Terry Watkins (WFA Approx. 22 Yrs.). Robin Woods brother, Martin Woods (WMA Approx. 23 Yrs.) was dealing in drugs and that Denise Nasland was hooked on drugs. Denise was into prostitution to support her habit. On 7/22/74 I ask a personal friend of Denise, Gayle Sherwood if this was true and was told yes it was and that Denise was working for a body painting studio part time. She told me she didn't know which one but she thought it was downtown Seattle. I ask her who had given her this information and was told ~~by~~ Denise Nasland and Robin Woods had told her and that Terry Watkins would know where she had worked and that Robin Woods would also know. Terry Watkins can be contacted at the Epicure Restaurant at 9801 16th S.W. from 6:00 P.M. until 2:00 A.M. Terry Watkins may be reluctant to say anything ~~XXXX~~ ~~XXXX~~ to the police because of self incrimination. Terry Watkins and Ken Little would know where you could contact Robin Woods. Both Robin Woods, who is a very close friend of Denise Nasland and Terry Watkins has all the information that might be pertinent to Denise Naslands disappearance. Gayle Sherwood can be contacted at 242-3657, but unless it is absolutely nessary I would appreciate it if Gayle Sherwood was not contacted. CASE # _____

SHERIFF'S OFFICE
TACOMA, WASHINGTONSTATE OF WASHINGTON)
COUNTY OF PIERCE)

My name is KATHLEEN C. D'OLIVO. I am 21 years of age, was born on 10-05-52, at Tacoma, Wa. I am (~~married~~) (single) and reside at 4801 Dunbar Ln. N.W. Gig Harbor. I have lived in Pierce County since 1952. I am making the following statement to Det. Johnson #165, knowing that he is a ~~detective~~ ^{DEPUTY} with the Pierce County Sheriff's Office. I have been advised of my civil rights which are guaranteed to me under the State and Federal Constitution. I understand that I am entitled to an attorney if I want one and that if I do not have funds the Court will appoint an attorney to represent me at State expense. I know that I have a right not to say anything, and anything I might say can be used against me in court. I know also that I have a right to a jury trial. At 10:10 P.M. (approx.)

I was walking from Boullion library at C.W.S.C. Behind me I heard someone drop packages. I turned around and saw a man dropping a few boxes & a back pack of books. I asked if I could help him -- I thought he was going into the library. He began walking past the library I asked where he was going, he said his car was just up the way. I said O.K. I'd walk there. I was extremely cautious while with him. I never gave him the opportunity of walking behind me. His ^{right} arm was in a cloth sling and he had a metal brace on one or two fingers of his right hand. His left hand had a metal plate (bracing his fingers) on the palm side. There were bandages holding the brace on. He had brown hair (I think fairly dark brown). His hair was below the ear. It was dark and I didn't really notice his features. He was about

I make this statement of my own free will and accord. No promises have been made to me, nor any duress used against me. I have read the above statement in its entirety. It is a true and correct statement to the best of my knowledge and belief.

SUBSCRIBED AND SWORN TO BEFORE ME THIS 27th DAY OF July, 1974.

5'8"-5'11". Medium build. We walked across Grupe Conference bridge, under the tressels and right; into the alley. It was extremely dark there. His car was parked against the log there. The car was a VW bug. I don't remember color, but the car was a newer VW model and shiny. He walked to the passenger side and started to unlock the door, I set the bag of books down to leave, & he dropped the key in the dirt. He tried to feel for it on the ground, but said he couldn't 'cuz of his metal brace. He asked if I would find it for him. I wasn't about to bend over in front of him, so I suggested we stand back and see if the reflection of the light would let us see the key. Luckily the key did shine, I picked it up handed it to him and left.

He told me his bandages were the result of a ski accident and explained how the accident had happened. He might have had a mustache. His hair was the type that was sort of in his face -- I think that's why nothing about his face stands out in my mind. I

also think he may have had wire-rimmed glasses. I don't vividly remember these things, I just remember his face wasn't clear to see or clear-cut looking.

His voice wasn't outstandingly different, he talked fairly softly with kind of an "inward" voice.

On Sunday, July 14, 1974, at approximately 4:15 p.m., my wife and I were out driving around - we were going to go swimming but it was too cold. I can recall the time because my wife had just asked me what the time was. As we were leaving Pine Lake Park I noticed a metallic brown Volkswagen "Bug" parked between two pine trees at the north end of the main parking area. The VW did not have a front bumper and I had never seen that color of brown before on a VW. The vehicle had mag wheels, it was very clean; there were no occupants in the car at the time I saw it.

I heard on the news last night (07-18-75) that a metallic brown Volkswagen was involved with the missing girls. I could identify this Volkswagen if I saw it again.

July 14, 1974, I went to Lake Sammamish Park with another couple, DONNA RAY, KIM PRIOR and my boyfriend NICK BENNETT. We got to the park around 3:00 p.m. We first sat down in front of the concession stand, we sat there for about fifteen minutes, then moved to where the Rainier picnic was. NICK and myself stayed at the Rainier picnic. DONNA and KIM sort of wandered off - we met them about quarter to four at the Rainier picnic site. The four of us returned to the area in front of the concession stand and sat down on the beach - this was about 4:15 p.m. I didn't feel good so I got up and walked toward the concession stand. As I was walking up the sidewalk a man came walking toward me. He had a sling on his left arm. The sling was bleached white, clean. He had on white shorts, a white T-shirt and white tennis shoes. He was about 5'8", 160 - 165, he was well built. His hair was dishwater blonde, it was about neck length, cut in a shag; as far as I know he didn't have sideburns; it was parted in the middle more or less - his hair was messy. He was a very good looking man. He was about 24 or 25.

As I walked to the concession stand he followed me. We talked to each other on the sidewalk he said "I need to ask a really big favor of you." He then said "You can see I'm not very useful of hand, would you please help me launch my sailboat?" I looked at him as if I didn't understand. He said: "I normally wouldn't ask this favor but my brother is busy and is unable to help." He sort of pointed in the direction of the parking lot. I said:

From November on, KENNY LITTLE lived at our house.

DENISE is a person who has a good personality. She tends to get along good with people. I never saw KENNY or DENISE fight physically, but I have heard them argue.

We have used various types of dope but we tend to use marijuana.

DENISE always wore a black onyx ring. The band is yellow gold. The stone is tear-drop in shape. She also wore a gold wedding band on her little finger on either hand. On her right hand on her third finger she wore a ring with a light blue stone and a silver band. She wore a zodiac necklace, Libra sign. It was silver with black antique. She also wore a gold watch on her left hand.

The last time I saw DENISE was on July 3, 1974. She came to my house with her brother BROCK and KENNY LITTLE. KENNY came over to get his fishing pole. They were going to Fish Lake over in the eastern Washington area.

DENISE was mad and more or less didn't want to go. She said her and KENNY had been arguing. BROCK normally took KENNY'S side.

Approximately 6 to 8 weeks ago, I pulled some I.D., Washington State driver's license, from a girl. The I.D. was obviously not her's. I recognized the girl on the I.D. as being the bartender at the Epicure which is located in White Center. She was with a boy, named KEN LITTLE, and her mother.

I took the I.D., gave them a lecture, and I kept the I.D. and returned it to the girl at the Epicure.

During Christmas, 1973, I was living with MELANIE JOHNSON, at 4522 S.W. Graham St. Between Christmas and March, 1974, MELANIE told me that she had observed a man described as 5'6" or 5'7", med. build, approximately 140 - 150 lbs., 30 - 35 yrs. of age, dressed in a dark business type hat, dark mid-length (calf length) overcoat, his hair was light brown, fairly straight, unkempt and greasy looking, clean shaven, sort of baby-faced; this man never talked to MELANIE, but only stood on the street corner. In the middle of March, a friend was helping me pack as I was going to move. It was 10:30 P.M., as we were doing so, and I heard a faint knock at my front door. I thought it strange that the knock was so faint, and I went to the door. The same man as described above was standing there. He was wearing the same clothes, but had on a white shirt, open at the neck. This man looked at me and said, "You're not the one I want." I asked who he was looking for, and he said, "The girl with the dark hair, I've seen her come here." I told him that she was not there right now, and he then stared at me for a short time, eyed me up and down, then said, "That I would do". At this point, he took his hands out of his pockets, and I saw that he had on black gloves, plastic leather-type, that

He then put his hands back into his pockets then ran down the steps and away. AL came to me and asked what was wrong. I told him what I suspected. I also remember smelling booze on this subject. This subject, when he left my house, ran toward California Ave. S.W. Approximately three nights later, at approx. 10:00 or 10:30 P.M., I was at my house. I had just picked up the phone and was looking out of the window and saw this same man standing on the street corner. I told AL who he was (outside). He shut the curtains, then ran outside to try to see this subject, but he was gone. AL did not see him. Neither I, nor MELANIE, have ever had any prior contact with this man, and do not know how he may have picked us to watch. There are two or three taverns in the area on California Avenue. They are Digby's, The White House, and another tavern. The suspect did seem intoxicated and did run toward these taverns. Neither I, nor MELANIE, ever went to these taverns, but did go to the Tradewell Store and other stores nearby.

On July 14, 1974, at about 10:15 A.M., my family and I arrived at Lake Sammamish State Park. At about noon, I saw a white male with his arm in a sling talking with a motorcycle group. The reason I noticed him was because I had had my own arms in a sling. I noticed that all the motorcycle group were drinking wine and beer and smoking dope. We were sitting behind the concession stand near the restroom. We were about 50 feet from the motorcycle gang. Twice during the next 25 minutes, he walked away and came back. At about 3 P.M., I was walking towards the kite flier and I saw the guy with the sling again. We met each other on a path and he was about a foot from me. I would describe him as 5'10", medium build, dark blonde hair, curly, not long or bushy, average looking, medium tan, no shirt, arm was in a beige sling with no cast; it was a large sling, long pants, unknown color. I would recognize his face again. He was clean shaven. I did not see him after that.

Not more than an hour later, I observed a girl with dark long hair talking, laughing with the motorcycle guys. She appeared to stop briefly to talk. She had on a blue halter top. She jumped on a motorcycle, laughing. There was a guy driving the cycle with a leather jacket and dirty long hair, stringy. He circled the motorcycles with her on the back, about 3 or 4 times. He spun

On Sunday morning July 14th, 1974 my girlfriend NANCY BATTEMA and I called KEN LITTLE and DENISE NASLUND and invited them to go to Lake Sammamish State Park. The four of us met at a tavern called Charley's East in Eastgate. We had a beer in the tavern and left for the park about 1:00 PM in Denise's tan Chevrolet. We got ice en route for the case of beer we had with the four of us. We got to the park about 1:30 and parked. En route to the park, DENISE, KEN and myself each ate 4 valiums. We parked and walked to the main picnic area and took up a spot halfway between the bathroom and the Rainier bandstand. At the parking lot we had met DON COOK and 2 girls who were friends of mine and NANCY's. They joined us at our picnic spot. The seven of us shared a marijuana joint. We sat and talked and drank beer and listened to the band. Then DENISE, KEN NANCY and I went over and watched the keg toss until it was over. We returned to our picnic area. We ran into STEVE CAMPBELL, a friend of mine and talked to him for awhile and he left. DON and the two girls were off somewhere else. The four of us then walked down to the lake to the end of the little peninsula where the boats were tied up. Status: Divorced from ROBERT NASLUND, and married to ROBERT ROSE.

I am the natural mother of BROCK NASLUND, age 17, and DENISE MARIE NASLUND, who was born Oct. 10, 1955. DENISE graduated from Chief Sealth High School in January, 1973. DENISE was really thick with PATTY WHITE, 9239 8th W., RO 2-8656, while they were in high school and then she dropped PATTY and took up with ROBIN WOODS, who lives at 10624 21st S.W., CH 8-1652. ROBIN and DENISE got arrested in Tukwila for shoplifting just before she turned 18, and she has told me she smokes marijuana, but I don't think she has been involved with drugs or pills. DENISE ran away for 3 days when she was 12, but she had been very considerate of me because of my nervous condition. I feel that if she was able to, she would have contacted me since she disappeared on Sunday. The first I knew that something was wrong with DENISE was when her boyfriend, KEN LITTLE, drove up in her car around 9:00 P.M. on Sunday, July 14, 1974. KEN told me that, "DENISE is missing." He said he searched Lake Sammamish Park for 4 hours but he couldn't find her. He said they had been fighting all afternoon while at the park. He said he was asleep and DENISE walked off. He really did look concerned. He didn't appear to be messed up, and I didn't notice any marks or scratches on him. She told me she left her

Sometimes, DENISE would drive and sometimes KEN would drive the car when they would go somewhere. He said that maybe DENISE had just taken off for a few hours because he would do that to her on occasions. DENISE first met KEN last October while she was living with ROBIN and they moved in together at 4522 S.W. Graham in March, 1974. He drove off with DENISE's car and purse and has stopped by on two different mornings, once he took BROCK over to Lake Sammamish and they looked for DENISE. Since DENISE has been missing, I haven't heard anything from her, and no one has contacted me with ransom demands about her disappearance. DENISE has spoken of going with ROBIN to The Flame Tavern. KEN and DENISE said they usually went to the Fire-Dog Inn and Digby's Tavern to play pool and drink beer. DENISE called me at noon on Sunday and said they were going to the park with BOB SARGENT and that was the last time I heard from her. DENISE said that KEN had never struck her during their arguments, but he has pushed her around.

This 3 page statement is true to the best of my knowledge. DENISE was going to school at I.T.T. Peterson, studying computer systems on Monday, Tuesday, and Thursday nights from 6:00 - 10:30 P.M. She worked on a part-time basis of about 24 hours a week through Dean Tops Agency in downtown Seattle. DENISE is very loving, and would often pick me up a gift for no special occasion, and I have always felt very close to her. DENISE doesn't drink much. She might have had a half a beer at the park but that was all. She had not had any drugs. She was not the type that would contemplate suicide.

DENISE feels real responsible about her ITT Peterson School as a computer programmer. She would want to get back for her exam.

DENISE has two rings on each hand plus a watch. Two rings have blue stones. The one ring is a big blue stone in platinum. The other is a diamond shape onyx, very large, black. On 7-14-74 in the afternoon, I was with DENISE NASLUND, BOB SARGENT and NANCY. We met BOB and NANCY by Charlie's East at 1230 hrs. to go to Lake Sammamish. We left BOB's car there. We met BOB inside. We took DENISE's car. We got at the park at 1330 hrs. There were no arguments between anyone and everything was cool. We met a couple of BOB's friends. We sat at the park in front of the rest room. I had my dog with me. I kept having to get up and get my dog. I told DENISE, she could get up once in a while and go look for him. She gave me a dirty look. BOB's friends had left sometime after the keg throw. DENISE had dozed off. Then I laid back and went to sleep. We had stayed up late over the weekend and we were both pretty beat. I don't know what time it was, but when I woke up DENISE was gone. NANCY told me DENISE had walked towards the rest room. NANCY had asked DENISE what time it was and it was around 4 or 4:30. DENISE had left her purse in the trunk of her car so no one would steal it. She usually goes no where without her purse. She always has track of it.

DENISE has hitchhiked in the past. DENISE has been living with me for about 9 months. We have lived at the Graham address for about 4 months.

It takes quite a bit to get DENISE mad. She has argued with me on previous

I have known DENISE NASLUND for about 5 months. Periodically, we used to go out and when we would play pool in a tavern, she would ask to go to a separate table so someone would ask her to dance.

On July 14, 1974, BOB SARGENT and I met KEN LITTLE and DENISE NASLUND at Charlie's East Tavern in Eastgate at about 12:45 P.M. We all went to Lake Sammamish State Park in DENISE's car. We got to the park at 1 P.M. While we were coming to the park, DENISE complained about the car needing fixing and KEN said he would do it.

We parked on a grassy field before the main parking lot. We walked along the grass and sat about 200 feet in front of the restroom near the end of the parking area. I saw several motorcycle people in the area. Later in the afternoon, there quite a few in the parking area near the restroom we were sitting in front of.

DENISE had taken 3 or 4 downers at the park. DENISE fell asleep about 4 o'clock. Prior to falling asleep, DENISE mentioned she was feeling high. At about 4 P.M., BOB returned with hot dogs. KEN tried to wake DENISE up, but she did not want to wake up at first. We ate the hot dogs. KEN dosed off.

I asked DENISE, what time it was. DENISE said 20 after 4, or 4:30. We sat for a few minutes. DENISE got up without saying anything and walked straight towards the restroom.

DENISE watched out for her dog quite a bit and locked her purse in the car. If she did not have all her stuff, it would not surprise me if she picked up with some other guy. But, in this case, she probably would have only been gone for 20 - 30 minutes. She is not the type who talks alot. She doesn't seem to be overly impressed by any guy. She wouldn't go out of her way to talk to anybody, nor would she go out of her way to avoid anyone.

DENISE always had drugs when we would go out. I don't know that she always used them. She always had the same downers.

Phone 833-6500 X421Status On July 14, 1974, I went to Lake Samamish State Park with my husband and children toattend a picnic. This was about 3:00 P.M. and the picnic lasted until about 7:00 p.m.At approximately 5:00 pm. I went to the rest room located at the end of the parking area(which was near our picnic spot). There was quite long line, and I had to wait about 15minutes. While in line I noticed a young girl towards the front of the line, and laterI noticed her come out of the rest room. (I was still in line.) She was about 5' 2" tallwith very dark, long hair (about to the middle of her back), and was wearing a dark (I thinkpurple) halter top and I believe cut off jeans. She was very pretty, and I think this is whyI noticed her. I did not notice whether or not she was wearing shoes, but I am sure she wasnot carrying a hand bag. While waiting in line and before the girl came out of the rest room,I noticed a man on a motorcycle hanging around the building. He did not, in my opinion, appearto be waiting for anyone in particular. When the girl came out of the rest room, I turnedaway for a minute. When I turned back around, I noticed her twisting her hair around in abun arrangement and tucking it under a black, dull, old looking motorcycle helmet. I lookedfor another minute as she was having a little trouble tucking the hair up, and then wentinto the rest room. The man on the motorcycle was young looking - maybe middle twenties.He had a helmet on, I think wire rimmed glasses (glasses for sure), and a ~~sm~~ stubbly beard.He was wearing a levi jacket (it may have had the sleeves cut off, but I am not sure), andlevies. I do not remember what kind of shoes he had on. The motorcycle was black and big,and may have had the front ~~s~~ wheel extended out, but I am not sure. There were several~~with~~ other motorcycles around the area. I did not notice the girl being with anyone else.

I then turned back around and went into the rest room. I did see the girl getting on to the motorcycle, but did not see them leave. The man on the motorcycle was sitting down, so I don't know how tall he was, but he was very husky, maybe over 200 pounds. His beard was light colored - blondish I think.

The photo of a dark haired girl I was shown today, could be the girl I saw, but I cannot say for sure. When she was preparing to get on the motorcycle, her back was to me, so the only time I saw her face was she came out of the rest room.

THIS STATEMENT IS TRUE AND CORRECT TO THE BEST OF MY KNOWLEDGE.

On 7/14/74 at 11:45 A.M., I was at Lake Sammamish State Park. I was with the Rainier Family Picnic. Around 3:30 or 4 P.M., I went to the ladies restroom. I saw a girl in the restroom, which I have positively identified as DENISE NASLUND. She was leaving as I went out. There was another girl that walked out fhe same time, who was wearing a maroon knit bikini top. DENISE had talked to the other girl. The other girl was about the same size as DENISE. DENISE had on faded cut-off jeans, and a light colored halter top. Her shoes were a brown Mexican-type sandal. They both appeared to be good looking.

I have read the above statement and it is true and correct to the best of my knowledge.
