Uber Location Request

Case # 22-M09903
Date: 12/12/2022

On November 18, 2022, I logged into the Uber Law Enforcement Portal (lert.uber.com) and submitted an exigent preservation request for any location data associated with the Uber driver named E [REDACTED] G [REDACTED] with the phone number of [REDACTED]. Due to the nature of the investigation, Uber recommended an exigency request for the preservation.

In a screen shot received from A [REDACTED] G [REDACTED], it showed messages which appear to be from G [REDACTED] phone between Kaylee Goncalves and himself. The name of the recipient is "Kaylee Uber."

It is unknown if G [REDACTED] was "on duty" with Uber at the time of him picking up Goncalves and Maddie Mogen. Uber stated if the driver was "on duty" it would show the location of the vehicle. If the driver was not "on duty," Uber would not have the data. I was informed by Uber Customer Service this is common if the driver provides personal transportation services.

At 1434 hours, I received an email from Uber stating they received my request.

I received an email at approximately 1617 hours from Uber, which contained files regarding the Uber logs of E [REDACTED] G [REDACTED]. The records showed his location up until approximately 0115 hours, where it appears no other information is found and G [REDACTED] goes "off duty."
