

SUPPLEMENTARY REPORT

Bountiful Police Department

Type of Crime or Complaint ATTEMPT TO LOCATE (DEBRA KENT)	Day of Week MONDAY	Date of this Report JUNE 11, 1979	Case No. 9340-74
<p>SUBJECT HYPNOTIZED: LINDA JONES - 18 KATHY RICKS - 20</p> <p>PARTY DOING THE HYPNOTIZING: DR. LES COOPER of the University of Utah</p> <p>On June 8, 1979 reporting officer was present with J.R. JACKSON of Florida, Dr. Les COOPER and the subject Linda JONES. The hypnosis session held in Dr. COOPER'S office at the University of Utah and began at approximately 1545 hours.</p> <p>The first subject hypnotized was Linda JONES. After inducement into a deep hypnotic sleep, Dr. COOPER proceeded to take Linda back in time to the date of November 8, 1974 which was the night in question, the location being that of Viewmont High School at the play "The Redhead." The majority of the hypnotic session was both tape recorded and video taped. Towards the end of the session, reporting officer assisted Dr. COOPER in the absence of Mr. JACKSON who had left the room to speak with the next subject, Kathy RICKS. Reporting officer assisted in showing photographs to Linda JONES at the direction of Dr. COOPER.</p> <p>Dr. COOPER advised Linda that pictures were going to be shown her, first being the lineup of individuals. That she was, if possible, to point out the individual in the lineup picture which most closely resembled the image she had in her mind of the individual she observed on the night of November 8, 1974. At this time reporting officer took the lineup pictures and placed a piece of white paper at chest height prior to showing the lineup to Linda JONES. The purpose for the paper being placed at approximately chest height, was due to the fact that she had stated during hypnotic session, that she observed the individual who had been harassing Debra KENT, from the waist up. At this time Dr. COOPER had her open her eyes while still in a hypnotic state, to see if she could identify any of the individuals in the lineup as the same person she saw on thenight in question. At this time Linda opened her eyes and began looking at the lineup moving from left to right. She got to the right side of the lineup, reporting officer observed her flinch and observed her eyes open slightly wider at which time she raised her left hand and placed her left index finger directly on the chest of the individual in the lineup who is known to this officer as Theodore BUNDY. She was asked if she could identify that individual as the person she saw that night and she stated that she could. Linda was then shown a second set of pictures which were mug shot pictures. There were a total of six mug shot pictures in all. Reporting officer held the pictures in front of Linda. I began with picture number one and showed them to her one at a time. As we arrived at picture number four she raised her right hand and pointed at the picture of Theodore BUNDY. Reporting officer, after seeing all six pictures, then began with number one, placed number one on her lap to her left and laid all six pictures out in front of her and again she pointed to the picture of Theodore BUNDY. Again Dr. COOPER asked her if any of the individuals in the mug shots appeared to look like the image she had in her mind of the individual she observed on November 8, 1974. Again she stated yes, the picture she had pointed to which was identified as Theodore BUNDY, was the person she remembered that night.</p> <p>Linda was then placed back into a deep sleep and shortly thereafter brought out of her hynotic state.</p>

SUPPLEMENTARY REPORT

Bountiful Police Department

Type of Crime or Complaint ATTEMPT TO LOCATE (DEBRA KENT)	Day of Week MONDAY	Date of this Report JUNE 11, 1979	Case No. 9340-74
--	-----------------------	--------------------------------------	---------------------

-----continued from page 1-----

At approximately 1725 hours the second interview and induction of hypnosis was begun by Dr. COOPER on Kathy RICKS. Reporting officer, Dr. COOPER and Investigator J.O. JACKSON of Florida were all present. The tape recording of this session and the video tape were begun at approximately 1820 hours. Towards the conclusion of this session, once again he advised her that she would open her eyes but remain in a hypnotic state and was asked to maintain the image of the individual she observed on November 8, 1974 while at the Viewmont High School play. At this time reporting officer showed Kathy the lineup pictures which contained approximately nine individuals. At this particular showing the picture was not covered at the chest area due to the fact that Kathy had observed his entire body length. As the lineup picture was shown to Kathy, Dr. COOPER asked her to see if she could identify any of the individuals in the picture as being the same as the one she had in her mind the night of the school play. Kathy then pointed at the individual standing second from the right who was identified as Theodore BUNDY. She stated that he looked like the individual she recalled, however his hair seemed to be fuller or longer on the night of the school play.

Kathy was then shown the mug shot pictures at which time she observed them as the officer placed them on her lap and they were all laid out before her. She pointed at the picture identified as being Theodore BUNDY and at this time she stated however that the individual looked like the person she observed on the night of November 8, 1974. That the hair was not as long as was shown in the mug shot lineup. It should be noted that the hair from the lineup picture and the hair observed on Theodore BUNDY in the mug shot pictures, was considerably different. Shortly after the identification of the pictures, she was brought from the hypnotic state and this ended the hypnosis session with Kathy RICKS. At this time the photos were numbered and initialed by reporting officer, Kathy RICKS and Linda JONES.
