Bountiful Police Department

Type of Crime or Complaint ATTEMPT TO LOCATE		Day of Week MONDAY		Date of this Report SEPT. 8, 1975		Case No. 9370-74	
<p>On September 8, 1975 reporting officer along with Lt. Ballantyne proceeded to the Metropolitan Hall of Justice, where reporting officer and Lt. Ballantyne of Bountiful Police Department met with Cpt. Pete Hayward and Jerry Thompson of Salt Lake County Sheriffs office.</p> <p>It was decided that once again another attempt would be made to have Miss Carol DaRonch attempt to identify the Volkswagon belonging to Theodore Bundy.</p> <p>Reporting officer and Lt. Ballantyne then proceeded to Murray where we picked up Miss DaRonch from Mountain Bell telephone company where she is employed. We then returned to the area of 565 East 1st Ave.</p> <p>Upon arriving there Cpt. Hayward and Jerry Thompson had the area under surveillance and advised that the Volkswagon in question was parked out in front of the subjects apartment house.</p> <p>Reporting officer then left Lt. Ballantyne's vehicle in the company of Miss DaRonch. We proceeded on foot from 600 East and 5th ave. west along 1st Ave. to the vehicle of Mr. Bundy. At this time reporting officer and Miss DaRonch looked inside the vehicle. Reporting officer asked her to take note of the body condition, the right rear and right door, as well as the front bumper area, the interior of the vehicle. She was asked to advise this officer if she felt this was in fact the same vehicle which was involved in the attempted kidnap of her in November of 1974. She stated that there had been some changes. Reporting officer then again drew her attention to the car itself, and also asked her to remember the photos that were taken by Jerry Thompson prior to this time, which she had already seen. She was asked to take both pictures and the vehicle as it sat into consideration, before making a decision. She then looked at this officer and stated, " Yes, this is the same vehicle. " She gave indication to the wrinkles in the right door as well as the right rear fender which had been painted over. She did state however, that she thought it was a lighter color than what was observed on this date. We then proceeded further west on 1st Ave to 500 South where we once again got into Lt. Ballantyne's vehicle and made Cpt. Hayward and Jerry Thompson aware of her statement as to this being the same vehicle which was involved in her attempted abduction in November 1974.</p>
