

SUPPLEMENTARY REPORT

Bountiful Police Department

39

of Crime or Complaint ATTEMPT TO LOCATE (DEBRA KENT)	Day of Week FRIDAY	Date of this Report NOV. 15, 1974	Case No. 9340-74
---	-----------------------	--------------------------------------	---------------------

Reporting officer received a very serious sounding telephone call at approximately 3:30 A.M. this date from a person who identified herself as Lisa Johnson, age 22, residing at [REDACTED]

The voice sounded to be female negro, indicated that she was at work at "Johnny's" (41st East 2100 South) and had just seen a bulletin with Debra Kent's picture and attempted to locate information, she was positive she had seen and talked with her at 8:40 P.M. last evening in the vicinity of Penny's parking plaza downtown Salt Lake City. She was at this time in company with two male individuals: one a tall skinny blonde with thick bushy mustache and fairly long hair and the other one was shorter, stout built individual.

The caller indicated that the girl (Debra Kent) was assisted into a vehicle between the two individuals.

The vehicle was described as a 1969 Chevrolet Malibu, blue in color.

She was very emphatic that the girl with whom she conversed was that same girl in the picture on the bulletin. She again indicated that she had approached the three individuals, asked them for the time and Debra had responded with "8:40". They then got into the vehicle and left.

This Officer asked the caller if she had seen an artist's sketch of a possible suspect to which she replied "no", but she wanted to see one and could tell positively if it resembled the either of the two subjects. She then volunteered to drive to Bountiful immediately to look at the composite, with this arrangement the conversation ended.

Officer Beal was called at home. He came to the station and waited more than an hour and nobody came. Sergeant Ballantyne and Dispatcher Pam Shuett attempted to verify (1) phone number and (2) addresses and tried to find (3) a "Johnny's Restaurant" in Salt Lake City with negative results on all three attempts.
