PERSON CONTACTED: MR. ORVILLE RYVER

While reporting officer was assisting in the search of the Viewmont high area, this officer was contacted by Mr. Ryver. He stated that at approximately 2255 hours yesterday 11-8-74 as he was arriving home from work, he heard a girl scream several times very loudly. He stated that the screams sounded like they came from the area of the west exit from Viewmont's parking lot.

Mr. Ryver stated that the screams sounded kind of desperate. He stated that after the girl had screamed he heard a male adult voice holler and yell in approximately the same area. He then saw a car leave the front loop area, or front of west driveway Viewmont high school. He stated that he could not see the type of car, however, he was sure it was of medium-size approximately the size of a Chev camaro. He stated that all he could see were the headlights. He stated that the car left the area as if it was in a hurry to get out of there. Mr. Ryver stated that he did not pay any attention to the screams, until he saw these officers searching the area, as it is not uncommon for juveniles to scream and be creating a ruckus over in that area of the school.

Mr. Ryver was thanked for the information.
