Case No.  
9340-74

COMPLAINANT: DEAN KENT

Contact was made with Mrs. Rae Lynne Shephard, age 24, [REDACTED]

Suspect is white male, 6' to 6'1", 180 to 185 pounds, well built, 34 to 36 years of age, brown hair, 2 1/2 to 3 inches long, parted on the left side. A mustache going down the sides of the mouth, large round shiny eyes, arched eyebrows quite thick. Suspect was wearing a light colored pants, tight in the thigh area and flaring at the bottom. Dark suit coat and a tie, shirt description not given and patent leather shoes. She emphasized the fact that he was well built and very good looking.

Mrs. Shephard advised that last evening at 1930 hours as she was going up the east hall by the side of the auditorium the above described individual stopped and asked if she would help him. He asked her come outside and identify a car for him. She stated that she did not have the time. She then went into the dressing room, 15 minutes later at 1945 hours she came back down the hall and he was still standing there at this time she said "Hi" to him however, he said nothing to her.

At 2045 hours she went back down to the dressing room to help one of the girls change a wig he was again standing in the hall. He made the statement are you sure you won't come and identify that car for me. She stated again no. When she came from the dressing room at approximately 2100 to 2115 hours he left the school by going out the west door on the front side of the school near the auto shop area.

The next time she saw him he was leaning over the rail at the back of the school in the auditorium he was breathing heavily, his hair was messed up and he appeared to be very upset. He sat down across the aisle from her and her husband. This was approximately 2240 hours. She stated that this was at the time that they were having their curtain calls.

He got up just prior to the end of the curtain calls and left going out the front door. She has not seen him since that time. Mrs. Shephard stated that he had no scars that she could see however, she noted that he walked with a long stride.

She remembered something else that the man asked, her if she knew a Brent Olson, she asked if he was a student and he stated that he didn't know he just thought that he might live in the area and she might know him.

I asked Mrs. Shephard to go to her home and sit down and write a statement for us and following the incidences and remembering as much as she could about the chronological order thereof leaving nothing out. She stated that she would do this and have it ready for us tomorrow.
