8-19-75 Officer O'Shaugnessy received a phone call from Det. Forbes of the Salt Lake city Sheriff's Office regarding Theodore R. Bundy. Mr. Bundy was in jail over the weekend on a traffic violation. He had an overnight bag with him which contained a large ice-pick, pieces of rope, a pry bar, insulated electric wire, pantyhose with two eye holes and a nose hole cut in them, a full-face ski mask, and a pair of handcuffs made in Spain. Det. Forbes will be sending a mug shot to this office.

8-22-75 Det. Dunn had phone contact with Det. Ben Forbes - they're currently charging Theodore Bundy with Possession of Burglary Tools. Salt Lake City Police searched Bundy's residence and found a brochure from a resort near Vail, Colorado. They are checking his Chevron credit card for possible information leading to the disappearance of several girls in the Utah and Colorado area. Mr. Bundy has an attorney at this time and has refused to take a polygraph examination. A driver's license check revealed that on 1-9-75 Bundy applied for a Utah driver's license. He went to Utah in September 1974 according to records made by Det. Hergesheimer.

8-25-75 1100 hrs. R/O had personal contact with Mrs. Ernest Rogers at her residence, 4143 12th NE, phone 632-5323. She stated that Bundy is a very nice boy, that he lived in a room at their house for approximately 3 years while attending the University of Washington. She could not remember his employment record other than that he worked for the Republican Party. She stated that he left in September of 1974 to attend Law School in Utah because it is cheaper than in Washington state. She stated that he had a girlfriend who worked at the University of Washington; no particular men friends nor strange activities that she observed. She stated that his parents were from Tacoma and that he had a grey or brown Volkswagon, she thought it was gray. Mrs. Rogers thought Ted was a very nice person and apparently she was reluctant to give further information or was quite friendly with the suspect.

8-26-75 0930 hrs. R/O received a phone call from Liz Kelpfor who advised that she is a girlfriend of Ted Bundy. She stated that the landlady, Mrs. Rogers, had told her that she had been questioned regarding Ted. Ms. Kelpfor made an appointment to come to this office and speak with R/O.

1015 hrs. R/O had personal contact with Liz Klepfor in this office. She had quite a bit of information regarding Ted Bundy. She stated that they met in September of 1969 at the SandPiper Tavern in the U District which is now the Rainbow Tavern. Liz's current address is 5208 18th NE. Her home phone is LA5-4494 and business phone 543-5580. Liz stated that she and Ted broke up one time in 1972 when he was dating a girl he worked with at the Mental Health Center at Harborview. They were broken up for a couple of weeks. He graduate from the University

of Washington in 1972 and applied to several law schools. He also worked at Seattle Crime Commission for the Washington State Republican Party in Olympia - to which he commuted. He bought the Volkswagon after they began going together. He also worked for a medical supply firm called Pedline. She observed some plaster of paris in his room that she believes he took from the medical supply firm. She states that this was in Approximately 1970. She describes Ted as being very athletic and remembered that during the first week of July in 1974 he went to a water skiing party at Lake Sammamish at which he did not have a very good time. She did not go with him to that party. He also had a job in 1974 with the Department of Emergency Services in Olympia. She recalls that on July 14, 1974, in the morning Ted appeared at her residence as she was getting ready to go to church. Ted was wearing a white T-shirt and yellow shorts. They had some sort of fight that morning and Ted went home. Liz went to church a later took her daughter to the Lake. She returned home around 6:00 p.m. in the evening. When Ted returned he was wearing a gray turtle neck and long pants. She states that at this time Ted complained about not feeling well, that prior to their going out for dinner and despite his not feeling well, he removed a ski rack which he had placed on the back of his car back on her car as it was her ski rack.

During the first week of July Ted had removed the ski rack from Liz's car so they could carry his bicycle to Eastern Washington on a trip that they took. Liz's bicycle was folded up and put in the back seat. Liz advised that Ted's parents have an A-Frame cabin near Lake Crescent which is near Gig Harbor. The last time Ted was in King County was in June of 1975 when he came for a 4-5 day visit. Currently he is working as a security guard at the University of Utah campus.

He attended U.P.S. Law School at night in 1973 and 1974. Lia also found several items in Ted's room at different times. Several years ago she found a brown bag full of women's clothing. At another time under the seat of his Volkswagen she found a hatchet. On a third occasion she found a knife that Ted advised was given to him by a friend. This knife was in the glove compartment of Liz's car. Liz also observed a meat tenderizer and a meat cleaver as Ted was packing to go to Law school in Utah last Fall. According to Liz, Ted has been to Utah three times - in December of 1969 and the summers of 1970 and 1971 or 1972. In regard to their relationship she advised that she and Ted were not together every night and it would not be unusual for him to be away from her for several days at a time. Since September of 1974 Liz has seen Ted during Christmas of 1974, during the first week of June when Ted was here; and during the first week of August when she visited him in Utah. She received a phone call from Ted from a pay phone the night or near the night that the girl from Bountiful, Utah, was missing, or found. She recalls this from reading the Ogden Utah paper, where Liz is from. The knife that Ted had he stated he had received from Marlin Vortman who lived in the Magnolia area. Ted has a brother,

Richard, who is 13 and lives in the home, a brother, Glen, 20 years who lives in San Diego and is in the US Navy, a sister, Sandy, 18, who lives in Tacoma, a sister Linda 22, who lives in Tacoma. His mother's name is Louise Bundy, she works at the University of Puget Sound as a secretary, and his father is Joh, who is a cook at Madigan Hospital in Tacoma. Some time ago Ted learned from his cousin John who is 26 and lives in Tacoma, that Mr. Bundy was not his real father, that he was an illegitimate child. Ted had some resentment towards his mother due to the fact that he did not learn this fact and there has been no communication between them regarding the circumstances of his birth.

Liz indicated that Ted had credit cards at Standard Oil and Nordstrom Best; that his checking account was with Rainier Bank in the University District. She advised that he had a friend named Terry in Ellensburg whom they visited in the summertime. She said that on one occasion he borrowed her car to go to Richland, which she believes was in the summer of 1970. Liz also found a stolen television set in Ted's room, confronted him with the fact, and he admitted to her that he had stolen it and would not do this again. According to Liz, Ted has not been in the Armed Services and did apply to ten different law schools. During the past month Ted's brother Richard visited him in Salt Lake. Ted crated a bicycle and packed it back with Richard on the airplane. When Liz questioned Ted about this he asked her "what bike?" and Liz has not seen the bicycle.

This interview ended at 1130 hrs. R/O then discussed Ted Bundy with Detective Dunn.

8-26-75 1300 hrs R/O had phone contact with Det. Ben Forbes, Salt Lake P.D., 801-328-7441. He indicated that in the search of Ted Bundy's room they found correspondence to Governor Dan Evans. He stated also that Bountiful, Utah plans to have a lineup with Bundy in it soon; that they are awaiting results of his credit slips from Standard Oil of California. The handcuff key found at the crime scene at which one of their girls disappeared does open the handcuffs that Ted had, however, many keys open that particular set. He also advised that Ted's apartment was very immaculate. Det. Forbes

8-26-75 1400 hrs. R/O had phone contact with Det. Milo Vig, Mason County Sheriff's Office, Grand Junction, Colorado, 303-242-3322. He asked to be notified regarding any new developments regarding Ted Bundy. He was advised that according to Liz Klepfor, Bundy was in Washington in July of 1974. R/O contacted U.P.S. Law School Security who referred me on to Mr. Joseph Sinclitico, who is the Dean of the UPS Law School. He was not in and a message was left for him.

8-27-75 1000 hrs. R/O had phone contact with Dean Sinclitico, UPS Law School, Tacoma, phone 756-3324. He stated that the Buckley Amendment prohibits revealing any attendance records of students. Bundy's name was not mentioned at this time.

8-28-75 1450 hrs. R/O drove by Bundy's residence in Tacoma. It is a two or three story wood frame home approximately 30 years old, blue with white trim. It is about two blocks east of UPS main campus. It has a detached garage in the back and a small fenced yard. The back of the house is on an alley, it is a strictly residential area, there are no woods or businesses nearby. R/O contacted UPS Law School and learned that night school freshmen attended classes from 5:00 to 10:45 p.m. Mondays, Wednesdays, and Fridays, and that their spring schedule usually ends around the first of April and the summer schedule being in May.

8-29-75 0 930 hrs. R/O received a phone call from Liz Klepfor and arranged to see her at 1530 hours.

0945 hrs. R/O had phone contact with Sgt. Cannon from Salt Lake County Sheriff's Office. They advised that Bundy had been working as a security guard at the University of Utah campus and was fired because of his recent arrest. They were waiting to see if Captain Mackie would like to send witnesses to the line-up being held in Bountiful, Utah. He was advised that witnesses would probably not be sent, and photos were requested of the line up.

8-29-75 1030 hrs. R/O attempted phone contact with Joel Kestenbaum. R/O contacted his mother-in-law who advised that he would be home in Toledo on Tuesday. His phone is 419 474 2862.

1500 hrs. R/O had personal contact with Liz Klepfor in this office. Liz brought with her Ted Bundy's checks for April 1974 which were obtained from his residence without his knowledge. On April 19, 1974 he wrote checks to the Campus Creamery and Ness Flowers, both businesses in the U District. On April 17th he wrote a \$6.24 check to Ernst Hardware and a \$7.20 check to QFC Food Stores, both of these are believed to be stores at University Village. The check for Ernst cleared the bank on May 22, 1974 and on April 19th the QFC check cleared. On April 17th he also wrote a check to Freeway Volkswagen for \$1.03; this check cleared on 4-18-74. He wrote checks to Cain's rentals, phone 525-3450 on April 13th for \$2.63, contract #17395 and on April 29th for \$4.21, contract #17989. He also wrote a check on April 16th to Standard Oil Station #129 in the University District for \$6.42. In the summer of 1965 Ted worked for a saw mill in Tacoma and attended his freshman year of college at the University of Puget Sound. Liz did not know what he did in the summer of 1966. He attended school at the University of Washington in the Fall of 1966 where he lived at McMahon Hall. In 1967 during summer session he went to Stanford and was enrolled in the Chinese Language Program. In January 1968 he went to Temple University in Philadelphia and lived with his aunt in Philadelphia. In 1968 in the summer he returned to the University of Washington and according to Liz's memory attended the University of Washington in the fall.

She does not know what he did in the summer of 1969 and she met him in the fall of 1969. He moved to Roger's residence prior to working for Legal Messengers in September of 1969. In 1969 and 1970 Winter Quarter he attended the University of Washington and also attended there Spring Quarter. During Christmas that year he and Liz flew to Utah to visit her family. In 1970 he attended summer school at the university of Washington and he may have been working at Pedline Hospital Supply at that time. During that summer he went to Utah with Liz. He attended the University of Washington in the Fall of 1970 and in the Winter of 1971 he worked at Pedline and attended the University of Washington. Possibly that summer they went to Utah however, it may have been the summer of 1972. In the fall of 1971 Ted attended the University of Washington and worked at Pedline and in the Spring of 1972 he graduated from the University of Washington.

In 1972 in the summer he worked at Harborview Hospital in the Mental Health Unit. He dated a girl named SANDY GWINN at that time. Upon completing that he worked for Governor Evans' campaign in Seattle. In the Fall of 72 he began working for the Seattle Crime Commission and in March of 73 began working for the Republican Party in Olympia, to which he commuted. In Sept. of 73 he began Law School at the University of Puget Sound as a night student, he attended Winter and Spring Quarters. His possible schedule was Monday, Wednesday, and Friday for the first semester, leaving Seattle at 5:00 p.m. and returning at 11:00 p.m. Possibly Tuesday, Wednesday, and Friday for the second semester, leaving at 5:00 and returning at 11:00 p.m. He didn't go down to the law school just to study, there was a study group here in Seattle and they would go to various houses to study. He would also go to the University Law Library. In the summer of 1974 TED worked for the Dept. of Emergency Services in Olympia, beginning approximately June 11th. He worked on the budget and worked Monday through Friday. Sometimes he would stay at his parent's house, his house, or FREIDA's house - he was usually in Seattle on the weekends. This job lasted until Sept. of 1974. LIZ does not remember what TED did between the end of law school and the Dept. of Emergency Services job but she believes that he did not have a job at that time. He started applying to law schools in his senior year of 1972 and applied to ten. He received one acceptance from the University of Utah but did not want to attend there. He also applied to Berkeley, San Francisco, University of Washington, and possibly University of Oregon, and Willamette University. He re-applied a second time to some of the above. In March of 1974 he called Utah and they said they would accept his application as a new student (this means he would return to Utah as a freshman, not having advised them that he had been a law student the previous year.) TED said that he did not like the commuting atmosphere of the University of Puget Sound Law School. TED did not belong to any outside organizations other than the Republican Party and ~~CHECC~~. He did not belong to any particular athletic teams although he did visit the intramural building quite often. He was very much interested in hand ball, and would play with whomever might be at the athletic center. He has an aunt in Philadelphia - her name is AUDY, and an uncle in Arkansas. He visited in Utah at Christmas of 1969 where he apparently he drove with her friends and she met him down there. Part of this indicated that he flew to Utah, I believe this information is correct that he drove with some friends of LIZ's. During the summer of 70, LIZ and TED drove together to Utah - they would go to Eastern Washington, through Yakima, South through Baker, Oregon, they would not connect through Vancouver or Portland in driving to Utah. Between March and Sept. of 73 he flew to San Francisco on business for the Republican Party. When not at Law School he would usually study/visit with LIZ, go to the IMA Bldg. with JOHN NEELER who also lived at FREIDA ROGERS' house in the U District. He did not

His cousin, JOHN, attended the University of Mississippi and also a school in Arkansas. LIZ observed a hatchet under the seat of TED's Volkswagen sometime during the summer of 1974. The hatchet had a pinkish leather cover. TED had obtained his Volkswagen while working for the Seattle Crime Commission. Before obtaining his car he drove LIZ's car or rode his bicycle. LIZ remembers the date she saw the hatchet as she had been to Green Lake with TED that day and had seen it under the driver's seat. At this time LIZ had been thinking that TED BUNDY might be a good suspect in this case, and the hatchet bothered her however, he gave a good explanation for it. She does not remember the explanation at this time. LIZ remembers this date as this was right after she had returned from Utah in August of 1974. TED remarked that he was going to get a rifle possibly, this was the day after she returned from Utah. LIZ also observed a cleaver in Sept. of 1974 while observing TED pack to go to Utah, one side had a blade and the other side had bumps as though it were a meat tenderizer item. LIZ also observed a knife in TED's possession. LIZ describes the knife owned by TED as being brass in a wood carved case; it had a 4" blade and was brown in color. This knife was seen in the glove box of LIZ's car in March of 1973. He stated it was given to him by SHEILA and MARLIN VORTMAN - they live in Magnolia area by Discovery Park. This knife was in LIZ's glove compartment of her Volkswagen which is gray, license #OPM 001 until August of 73, when LIZ's car was stolen. At the time it was recovered TED appeared and having some outstanding traffic warrants he was taken to Seattle P.D. TED also attended a traffic school in 1969. TED met SHEILA and MARLIN through work in Governor Evans' campaign. In TED's trunk he kept a tool box and two pairs of mechanic's overalls. In the Fall of 1973 LIZ observed a sack of clothing in TED's room one night while he was at law school. The only piece of clothing she actually observed was a white bra which was a very large size. LIZ assumed these to be FREIDA's clothes and did not look at them any further. FREIDA cleaned TED's room every Friday and TED's door was generally unlocked. During 1972 LIZ observed a television and stereo in TED's room - TED admitted to her later that he had stolen these things but that he would not do something like that again. LIZ also observed an electric typewriter in TED's room which she stated he had bought from the Republican Headquarters. TED is described by LIZ as materialistic - he enjoyed listening to music and still has the stereo and TV. In May or June of 1974, LIZ observed crutches in TED's room - TED stated they belonged to ERNST ROGERS, his landlord who had a problem with his feet. TED was going to return them for ERNST or ERNST gave them to him, LIZ could not remember. LIZ also observed an Ace bandage that TED had obtained when TED broke his foot while going to Temple Univ. She also observed plaster of paris in his room on an occasion.

TED had a friend named TOM SAMPSON who attended Evergreen State but did not live on campus. This was during 1973-74. He lived on a lake close to the campus and TED would visit him on week nights. LIZ never met TOM but TOM was employed with TED at the Seattle Crime Commission. TED had a friend named TERRY STORWICK from Ellensburg who attended Central in 72. On one occasion TED drove to Richland and drove LIZ's car and stopped and stayed with TERRY. TERRY attended Wilson High School and lived in Tacoma. He has since graduated but was living in student housing with his wife in Ellensburg while attending Central. LIZ knew of no contacts that TED had at Oregon State Univ. although she believes they went through Corvallis on one occasion when they were returning from Utah and looked around the campus. TED has never done any caretaking for any party. On New Year's of 1974 TED attended a New Year's party at Crystal Mountain at the cabin of a law school friend. He stayed overnight at that time. TED's family has a cabin at Crescent Lake and during 74 the cabin was constructed; prior to that there was a lean-to and tent structure that remained up all year round. LIZ visited Crescent Lake approximately three times in the summer of 74. TED's parents go to the cabin often. LIZ stated that TED went to Crescent Lake one time overnight to get away from things. To get to the cabin you go through Gig Harbor, the cabin is west of Gig Harbor about 10 - 15 minutes on the lake by some other houses. It takes approximately one and a half hours from Seattle. TED owns a 35 mm. camera but does not develop his own film. She saw film cannister with black tape around it on one occasion in his room but did not open it. TED does not have linens in his car and the linens in his room belong to FREIDA ROGERS. He currently owes FREIDA \$500. Once in a while TED would take LIZ's car overnight and took it on one occasion to Richland. He got in a wreck with it after it was recovered after being stolen in the University District. LIZ stated that she had never observed any pornography in TED's room; that birthdays with his family were not particularly special occasions; she could not pinpoint any dates for that reason. She does not know how often TED would skip class but she knew he was in a car pool and one of the girls in the car pool was named MARY PARKS who lives near Ravenna Park in Seattle. There were also two guys in the car pool and that they would study together often. TED took naps during the day and stayed up late at night. He would often sleep in. He went to a laundramat on University Way N.E. on the south side of 45th. He once rented a sail boat but he doesn't own one or have friends that do. Often when out driving, TED would look for roads away from the main roads. He didn't study much on the weekends, did study at the law library at the University of Washington once or twice. And once or twice studied at the University of Puget Sound Law Library. He did go camping on one occasion by Mt. Rainier - he doesn't hunt, fish, hike or back-pack according to LIZ. One time in 1974 that LIZ knows of, TED went skiing at Snoqualmie Pass. He used to ski a lot more and never went away for a skiing weekend. She believes he went to

Crystal skiing also in 74. LIZ never noticed any bug bites or scratches on TED's legs - he wore shorts often, had a couple pairs of white shorts. He played tennis a lot at the IMA courts with whomever might be there. She believes he was in Provo, Utah in the Autumn of 74. He also was in Vail prior to their meeting. She believes this was while he was attending Temple University. He had several pairs of shoes - she believed Adidas type tennis shoes with stripes; he also had a pair of Penney loafers. He hurt his ankle on one occasion on LIZ's front porch - has weak ankles - he saw a doctor regarding that but she does not remember. He never went to a dentist. He repaired his car at Freeway Volkswagen or University Foreign Car. His car was in the shop at University Foreign Car for a couple of days in the Winter of 1974. LIZ's car is bluish-green with black interior, the seats come out for cleaning purposes, just the front seats however. TED's car is light brown with light brown interior; the seats also come out. He keeps his car very clean according to LIZ. About two or three years ago TED gave LIZ a turquoise ring but other than that there has been no jewelry as gifts. TED went to taverns a couple times a month with JOHN NEELER and sometimes with LIZ. He did not go to taverns alone very often. He went to O'Banions and Dante's. He drinks beer and scotch and would go with JOHN to the Pipe Line Tavern to pick up girls. TED owns a red back-pack which is nylon, it has two pockets in the front. According to LIZ he has had this pack since 1969, it is what is known as a day pack. LIZ does not recognize the description of any suitcases or packs taken from any of the victims in this case, or from KAREN SPARKS. His friend, JOHN NEELER worked as a diver possibly at the Aquarium downtown. LIZ recalls that on Nov. 8, 1974, TED had called her at approximately 11:00 p.m. in the evening; there was a lot of noise in the background and he stated he had just been to a movie. She remembered that this coincided with the disappearance of a girl in Utah and she recalled this after reading about the girl in the newspaper at the public library. On Oct. 18, 1974, during the evening, TED called LIZ three times - he was very excited because he was going deer hunting with LIZ's father the following day - she remembers his calling her early in the evening at her home; she believes he was at his residence when he called her but she is not sure.

- 40 1500 hrs.: R/O received phone call from SANDY GWINN, 415-921-1697 - she is employed as manager of the Stanford Court Hotel in San Francisco. SANDY stated that she met TED BUNDY in the Summer of 1972 when she worked with him at Harborview Mental Health. She worked with him for several months and went out with him for about four or five months. She stated that his girlfriend kept threatening suicide and this presented a problem and they broke up. She stated that she saw LIZ or that LIZ had come to TED's house when she was in TED's room and this presented quite a problem. She stated they went to Pier 70 and a couple of other restaurants and also a black nightclub. She felt that TED was very concerned about mental health problems. She remembers going on a picnic with him at a river south of Seattle near Olympia - it was a secluded area - they had intended to go to Ocean Shores, however, it was foggy and they had a picnic instead at this other location. They went in SANDY's car as TED did not have a car at the time. She describes TED as being a friendly type. She remembers bike riding at Greenlake with him several times - she remembers one occasion which they drove to Lake Sammamish to look for someone who TED knew but TED wasn't ablt to find the house; she believes it was someone in his family, like a grandmother. She stated that he had some strange attitudes and remembered that he did not have any men friends. She remembered that he did not have a father who was living and was very concerned about a younger sister who had a couple of children she could not support. He told SANDY he felt inferior to her and did not want to come to SANDY's home for that reason. He always wore dark colored clothes, navy and brown. They went sailing on Lake Washington several times after renting a sailboat at Portage Bay. TED loved to sail very much. In the summer after graduation TED worked at Harborview for about six months. SANDY stopped working at Harborview in Sept. of 72 and stopped seeing TED primarily due to LIZ's suicide threats. TED told her he had broken up with LIZ prior to his seeing SANDY. TED was always broke. On one occasion SANDY went with TED to see Mango Santa Maria near Jackson Street. He enjoyed her dependence on him and enjoyed seeing her hassled by blacks. On one occasions she dropped him off at the corner near LIZ's house because he saw LIZ go by while he was in SANDY's car. He tried out techniques on patients during counseling but seemed to be without compassion. He was very physically oriented and enjoyed touching SANDY. He had a warm smile but they did not get involved physically. She felt that the

strangest thing about him was that he had no men friends. She describes him as sexually aggressive; that he had several plants in his room and had a great desire to buy a sailboat. She had been to his room approximately six times. She never saw a weapon in his room. She noticed that he belittled himself often and wanted to get a graduate degree in psychology but did not feel he could do so. She believes they went to Alpenthal one time and hiked around, SANDY's parents have a condominium at Alpenthal. They would usually go places for one day at a time, never overnight. SANDY's roommates did not like TED. SANDY was living off Fremont & Evanston N. at the time. She describes TED as being in good physical condition, that he would run often and rode his bike to a lot of places. He also went to the Intramural building a lot. TED did not own a car at the time. TED spoke as an intellectual. SANDY describes his voice as having British overtones. He tried to express himself in very intellectual terms. The last time she saw TED was in Sept. 1972. SANDY left the Seattle area in Feb. 1973 and has been in San Francisco since that time. She also recalled that TED liked to do things that were dangerous because he thought they were fun. During the time they picnicked at the river they went swimming and TED was very much enjoying ducking her. Sometimes SANDY would notice TED staring at her and would notice that he was very friendly to many women. He did not talk about any men in his life unless it was in derogatory manner. He thought his mother was weak and was very concerned for his younger sister. SAM BABRO was TED's supervisor at Harborview Hospital and also a professor at the University of Washington. Approximate time TED and SANDY went out together was between June and September 1972 however, she did not consider him to be a serious boyfriend.

41 9-3-75 0830 hrs.: R/O had phone contact with DET. FORBES who stated that they might not have a line-up regarding BUNDY as they had a witness only to a suspicious circumstance. Copies of photos of TED BUNDY's car will be forwarded to this office. DET. KEPPEL had phone contact with MR. DRUMMOND of Standard Oil and requested information regarding BUNDY's account. R/O contacted MRS. BARZY at University District bank and left a message for the manager to call this office. R/O contacted Cain's Rentals who needed contract number off of TED BUNDY's checks to determine what was rented by him in 1974.

Prior to moving to Salt Lake City in 1974 DEBBIE worked at the Emergency Services at that time. She stated that he fit the description of suspect TED and acted weird; that he lived with his parents in Seattle and commuted to Olympia daily.

DEBBIE quit the Dept. of Emergency Services in Dec. 1974. She stated that she felt TED hung around with some strange people. She said he was good looking and attractive and always dressed well. He went to one office party where her girlfriend KAREN JOHNSON, 943-5798, was approached by him for a ride to his car. KAREN took him to his car during which time TED said: "Thank you for letting me spend the night." KAREN told him there was no way he was spending the night with her. TED worked on the budget at the Dept. of Emergency Services and DEBBIE remembers in April of this year some people from Emergency Services went to visit TED in Utah. She remembers that TED was not there every day, sometimes he had to stay and work late and thinks he spent the night in the office a couple of times. She felt that he had to work late because he goofed off when he should have been working, or possibly, the janitor threw some of his files away. He wore jeans on one occasion however, he usually dressed very nice for work.

- 50 9-4-75 1000 hrs.: R/O had phone contact with RON at Cain's Rentals to request information on BUNDY's rentals in 1974.
- 51 1400 hrs.: R/O and DET. KEPPEL had personal contact with MARY PARKS, 6302 16th NE, Seattle 524-8065. She gave the names of CHRIS SHARPE and BILL HARRIS who also attended the University of Puget Sound with BUNDY. They traveled together in a car pool. BUNDY missed several nights of class and she remembers distinctly as the other three missed no nights. Their schedule was to leave at approximately 5:00 p.m. and class was over at approximately 10:45 p.m. They would get home around midnight on Mondays and around 11:00 p.m. on Wednesdays and Fridays, as class ended at 9:35 p.m. on Wed. and Fri. Sometimes TED would go out during school for a hamburger. She describes him as being even-tempered. CHRIS SHARPE lives at 1826 NE 91st, Seattle, LA 4-9634, and BILL HARRIS lives at 1812 NE 68th, LA 3-2655.
- 52 9-5-75 0815 hrs.: R/O had phone contact with MILO VIGG, Mason County Sheriff's Office in Colorado regarding TED BUNDY. He advised that on April 6th, TED charged gas or oil in Grand Junction, Colorado. They had a missing girl on April 5, 1975. On Jan. 12, 1975, he was in Glenwood Springs, near Aspen, also at the time a girl disappeared, and on March 15 he bought gas or oil in Silverthorn or Dillon which is one hour from Vail, Colorado. This is also consistent with the disappearance of a missing girl. MILO advised that Salt Lake to Grand Junction is approximately a 6 hour drive. He requested work records from the end of June to the first of July regarding TED BUNDY.
- 53 0900 hrs.: R/O contacted NANCY SCHNAZO, Dept. of Emergency Services and requested information on BUNDY. She will re-contact this office. A few minutes later NANCY SCHNAZO contacted this office with attendance records of TED BUNDY. She advised that BUNDY was employed by the Dept. of Emergency Services on May 23, 1974 to work on the budget. His regular hours were Monday through Friday from 8:00 a.m. to 5:00 p.m. He often worked evenings and a couple of weekends towards the end of his employment. However, he took off early on other times but there is no record of this. Sometimes he would come in late if he worked late the night before. TED BUNDY had a sick day on June 24, 1974, July 1, 1974 he was off without pay. He was sick on July 11 and 12, 1974, and July 15 and 16, 1974. He was paid sick leave for only 3 of these 4 days. She recalls his having a cold on one occasion but cannot place this as being in July. TED BUNDY terminated his employment on August 28, 1974, and had no sick days in August. NANCY believes TED worked a couple of weekends in August, possibly the weekends of the 10th and 17th. The Dept. of Emergency Services flew TED BUNDY back to Tacoma for one day for a

budget hearing as some of the work he had completed was not done as it should have been. The ticket was obtained through Capital World Wide Travel and the number we 0038013205399. Capital Travel is in Lacey, P/N 491-2640. The State Travel Request Number was 25793. The travel request billing date was Sept. 11, 1974 and the travel voucher signed by BUNDY was 9-17-74. There was no premium paid and he flew on Air West. NANCY describes TED as being very nice with a dry sense of humor, however, not very dependable. She did not know whether he was going to come, often, where he was or what he was doing. He was friendly and chatty and usually had a lot of comments to make, however they were not off color. Other persons would wonder whether TED were going to show up or call from the office, and then he would turn up. Most people figured since he was single he kept long hours. NANCY would not be surprised if TED were involved with drugs however she had no personal knowledge of that.

54 9-5-75 0930 hrs.: R/O talked with MILO VIGG and gave him the information he requested. He advised that the District Attorney in their county wanted to know the name of BUNDY's girlfriend. R/O talked with MR. SLOE from Nordstroms who stated that the information had not been received on BUNDY's account; that he had talked to BUNDY and set up a payment schedule for his bills but did not tell him the police had been looking for him.

55 1345 hrs.: R/O had phone contact with DUANE MATTHEWS at Rainier Bank who stated that the statements had been completed, however, the checks will not arrive for 30 to 60 days.

56 R/O then had contact with MR. SLOE of Nordstroms who indicated that TED had made purchases in the Tacoma Nordstrom store on Sept. 1 and Sept. 3, 1974 and in Portland on Sept. 2, 1974. He was asked to obtain a complete record of 1974 for TED BUNDY.

57 R/O then had contact with MILO VIGG who advised that LIZ KLEPFOR and TED BUNDY had called DR. HIRST in Utah and he was interested in knowing who DR. HIRST was. R/O had phone contact with LIZ KLEPFOR who indicated that DR. HIRST was her father. She stated she was unsure of the date TED left for Utah in 1974 and she has not known him to drive yellow Volkswagens.

58 2100 hrs.: R/O received a phone call from radio to contact LIZ KLEPFOR. R/O then had phone contact with LIZ KLEPFOR who stated that TED called her and told her he was driving to Washington to sell his car as he owes FREIDA ROGERS \$500 and feels he can get a better deal on his car up here. LIZ does not want him to come, is frightened, and was going to call him and tell him not to come.

She stated that she knew he had been arrested for possession of burglary tools and he advised that the police had made an illegal search of his car; that he intended to win this case in court; and that the police had no business telling her that he had been arrested. She told him that FREIDA ROGERS had told her that the police had been around, that she had contacted the police wanting to know what TED had been involved in. TED stated he was fed up with Salt Lake P.D. and intended to visit them this day and give them a piece of his mind. LIZ also indicated that she had held back advising us that she has known for some time that TED has had a stealing problem, that a bicycle he once owned she knew to be stolen. He was aloof, often late, and had a meticulous appearance. He was conscientious about some things, but not others. He seemed educated, mature, square faced and handsome. He was hired by the Director, Thomas F. Sampson, 3808 Country Club Drive NW, Olympia, 866-4348. Sampson was fired from Crime Commission. Bundy applied for the job but took another job elsewhere. There were no Roland's at the Crime Commission and there was a research report done on women but Sid did not know who did it or where it was. She is trying to find out that information and Mr. Voiland will recontact this office. A phone message was left for Det. Thompson.

R/O had personal contact with Bill Harris at his residence. Mr. Harris attended law school at UPS with Bundy in 1973 and 1974. Harris lives at 1812 NE 68, phone LA3 2655. Harris stated that during their freshman year law school classes were on Monday Wednesdays, and Fridays until 9:45 and on Monday until 10:45. Bill was in the same section of Legislation a class that met on Monday nights until 10:45 p.m. He stated Bundy attended only 3 of the classes at most and stated he thought the class was a rip off. Harris guessed that Bundy went to a tavern during that hour, probably the Creekwater Tavern which is near the school a tavern that a lot of students including Harris and Bundy would frequent. Chris Sharpe and Mary Parks were not in that particular class section. Harris recalled drinking at the Creekwater and going to the Northlake Tavern after returning to Seattle on the last night of classes in the spring.

Harris recalled the study group of the car pool members, that they studied one or two times per week during the daytime and that Bundy wasn't a regular member. They studied a couple of times at Liz's place.

On one occasion Ted invited Harris to go rafting - he had a raft that he hung over his bed, Ted said it freaked girls in his bed to look up and see the raft. During the summer of 1974 Bundy called and invited Harris and his wife to go sailing - they couldn't go. Mrs. Harris will call back regarding the time of the summer that Ted invited them. During that summer there was no personal contact with Bundy, however Harris called him once to ask his grades - Bundy said he forgot.

Harris remembered Bundy going skiing at Crystal Mountain with Chris Sharpe and a guy named Chuck also of the law school. Chuck has some sort of cabin or is shareholder in a condominium there. For some reason Harris believes that Bundy didn't ski.

Harris said Bundy had a British accent, was politically oriented and didn't talk about women too much. He did not remember any casts, slings or injuries regarding Bundy and did not do anything athletically with him. The last time he saw Bundy was the last day of school in 1974. He believed Bundy took the final exams.

1700 hrs. R/O has personal contact with Sindi Sibenbaum at her residence and showed her evidence item #125M, photographic lineup of Bundy. Ms. Sibenbaum did not make a positive identification, she stated Bundy was closest of the photos- his hair was wrong but his eyes, nose and mouth were the same. She felt that his face in the photo was too broad and the suspect did not have baggy eyes.

1730 hrs. R/O had personal contact with Theresa Sharpe at her residence and showed her Evidence Item #125M. Ms. Sharpe (now Crass) positively identified Bundy from the photographic lineup. A statement was obtained from her to that effect and she signed the photograph of Bundy. She also stated she had seen the photo of Bundy in the paper, before reading the headlines and believed him to be the suspect and stated so to her husband who told her she was probably mistaken.

0915 hrs Attempted personal contact with Susan Reade at her residence with negative results.

1000 hrs. Personal contact with Chris Sharpe, 826 NE 91st, LA4 9634. Sharpe was a member of a car pool to UPS Law School in 1973 and 1974. Sharpe met Bundy at school. They went skiing on one occasion to NR Crystal Mountain with another man. This was sometime during the winter months and during the outing Bundy fell on his pole and got a bloody nose but no other injuries. Sharpe plans to contact the other party to see if he can determine the date of the outing, Sharpe is certain that it was a weekday. Bundy was never seen by Sharpe wearing a cast, splint or sling.

Sharpe recalls Bundy buying silver glove liners for his ski gloves. These are metallic looking. Sharpe saw gloves and other "junk" in Bundy's car often, as well as his ski hat (unknown type) and ski goggles. There may have been other clothing in the car, Sharpe is not certain.

Chuck Welsh, UPS Law student has a cabin at Crystal mountain but does not know Bundy personally, to Sharpe's knowledge Bundy was not at this cabin. Sharpe stated Bundy talked eloquently, was a bullshitter, and spoke incomplete phrases.

The members of the car pool would go drinking after class at the Creekwater Tavern. On one occasion Bundy asked Sharpe to go rafting. Sharpe also remembers Bundy growing a beard around the time Governor Evans grew a beard and shaving it off when Evans shaved off his. He cannot remember the date Bundy had his beard but recalls he only had it for about a month.

110 hrs Personal contact with Susan Reade, 2625 Perkins Lane W., 284 7169, at her residence. Susan met Bundy in 1972 through a young people's group, Action for Washington, which developed into Evan's campaign committee. At that time Bundy was a "gentleman" and the entire group did things together but each had their own private life. If there were things going on between any members of the group it was usually discreet. After the campaign was over a rumor was heard that Laurie Slanika, secretary for the campaign, and Bundy were living together at Slanika's place. Slanika is described as very attractive, about 35 years old. This is the only girl Reade knows linked to Bundy romantically, but there were no overt actions on either part that Reade saw to verify the rumor.

Between 1972 and 1974 Reade ran into Bundy at casual events, she never dated him. She was the woman who visited Rosellini's speeched during the 1972 campaign with Bundy, she added that he never mentioned her name during the investigation of the campaign spying and that his answers in that investigation were all truthful.

In 1974 Reade saw Bundy several times. In March, date unknown, Reade lived at 3418 Densmore N. Bundy attended a party she gave, and Reade does not think he brought a date. Reade has never met Liz Kleptor although knew there was some girl in Bundy's life. On June 23, 1974 in the late morning Bundy showed up at Reade's apartment. Reade and her roommate had a habit of having big breakfasts for whoever might be around on Sunday morning and often friends would drop inat this time. Bundy stayed most of the day and left around dinnertime. This was the first time he met Becky Gibbs, 682-2141/284-9660. There was no particular interest in Becky at the time however Larry Voshall, 1-753 7820, was there and the four of them planned araft trip for the following Saturday on a raft Bundy and his brother bought. Reade recalled that they went to the Campus Creamery and bought some champagne for their breakfast, and that Bundy took an interest in neighborhood children, especially one who had a problem. Ben Stone and Brad Berquist also attended the breakfast.

On Friday, June 23, 1974 Becky, Larry, Susan and Ted had dinner at the home of Diane and Keed "arrick in Bellevue. The following morning the four of them went on a raft trip by Thorp, Wash. Reade thinks it was this day that Voshall was in Bundy's car and Bundy went in his house to get some money. While looking for matched Voshall found a pair of pantyhose in Bundy's glove box. Two cars were taken over to CleElum - Bundy's and Susan's. Becky and Bundy went in Bundy's car, Reade and Voshall in hers. Druing this trip Reade saw a side of Bundy she had never seen. She said he "was a butt" towards Becky. He tied an inertube to the back of the raft and made Becky ride in that. He became angry with Becky when they went through the white water, at this time her halter top fell down. They bhuttled two cars during the ride and at the end of the ride Reade's car was 8 miles or so from Bundy's and Bundy's keys were in Reade's car. Bundy got a ride from someone at the KOA Campground to go get Susan's car. This trip took Bundy 1½ hours or so. During the interim ~~xxxxx~~ they took showers and called becky's parents. Halfway through the raft trip Bundy's mood seemed to change and he was very snotty towards everyone - as if he didn't want to be there. They had dinner at the Sunset Cafe in North Bend, Becky bought dinner for Bundy as he had no money.

Susan Reade at this time had a beige BMW. Also when Bundy returned with the car he passed off where he had been and noone questioned him further. The name of the place where the raft was put into the water the second time was Diversion Dam - which is said to be a very dangerous place, a place one doesn't ordinarily put a raft in at.

Reade described Ted as being a gentleman around others, said he spoke in a cultured way, with a clip to his speech which is attributed to the British. Ted had an attractive mystique about him - no one really knew him well. She felt he was rude to Becky. She also stated that Larry Voshall met Bundy after she met Bundy. She said Ted had a little or no money. She also recalled that Laurie Slanika worked for Judge Winsor at one time.

10-8-75 0830 R/O had personal contact at Liz Klepfor's residence. She recalled that she and Bundy took a one day fast trip near the KOA campground at Ellensburg on July 5, 1975. They had originally intended to go to Richland to a political function, a nominating committee but were late, went rafting and came home that night. She recalls that on June 1st, 1975 at 5:00 Molly, her daughter, was baptized here in Seattle and Ted attended that. She also remembered that Ted kept his car very clean and that he also told her Chris Sharpe had a cabin at Crystal mountain where he spent new years that year. Bundy's cousin, John Cowell is unemployed, lives in Tacoma and Edna Cowell lives in Seattle's north end, works for a dentist. The last time Liz was at Bundy's cabin at Crescent Lake was about August of 1974. She believed that in the summer of 1974 she went to the cabin two times. The cabin was built by a contractor in the summer of 1974. R/O picked up a Smith Corona Typewriter, serial #471164 which belonged to Bundy that Liz believed possibly stolen. It is a 250 Model, electric-office type. Liz was not aware of Diane Zeundt and Ted Bundy planning to be married. She also stated that Ted did not talk about homicides in this area as he felt he was being overheard in his conversations from the jail. WACIC Check revealed the typewriter not stolen.

0830 hrs R/O had phone contact with Mark Adams, Pedline Surgical Supply, 17000 Aurora N., 365 8680. He recalled that Bundy worked at Pedline about 3½ to 4 years ago when his father was mangaing the place. Adams Sr. has passed away. Mark Jr. worked with Bundy on a part time basis, they would fill orders and deliver merchandise. Bundy would come to work between noon and one and leave at 4 or 5. This was an every weekday type of job. Pedline has plaster of paris as a ~~stap~~ product. Sometimes during deliveries doctors would return items and if there was pilfering going on it was known or noticed by Mr. Adams. Bundy did not establish any particular relationship to any employee. Pedline has a few chemicals, including formaldehyde, hydrochloric acid and some stains and iodine. They also stock sutures, plaster, needles, syringes and gloves, splints. All the chemicals are purchased from a California company. Mr. Adams will ~~re~~ contact R/O after he has located Bundy's employment records and will also furnish a copy of their catalog and ~~pages~~ of the catalog of chemicals he orders regularly. R/O attempted phone contact with Marleigh Lange who was at work, phone MA3 8622. A message was left for her to contact this office.

1000 hrs. R/O received copies by mail of Bundy's 1974 purchases at Nordstroms, made on his credit card and copies of his statements. R/O had phone contact with Liz Klepfor who advised that Bundy ~~wore~~ ~~ne~~ denim coat, but did have a red ski parka, a trench coat, a black and white tweed coat he didn't wear much, and she recalled that he ~~never~~ wore a ski hat. Liz was in Utah in 1974 from July 29th until August 4th. She also remembered that Bundy had his hair cut at Guy's, next to the Coffee Corral on 43rd. Prior to July 14, 1974 Ted had gotten a hair cut that he didn't like, Liz said it didn't look good and while she was in Utah he had his hair cut again - very short. She also remembered that the day that they all went to the Dungeness Spit was Memorial Day of 1974. Liz gave the ~~name~~ of Mark Wallbom as the person who gave the water skiing party at Lake Sammamish in 1974 that Ted attended. She gave a phone number of 747 1931. R/O called 747 1931 which is the residence of Dave Wallbom and was referred to Mr. Wallbom at 641 2376. R/O called Dave Wallbom who advised that his brother, Mark is the manager of the Pacific National Bank of Tukwila, phone 575 6190. R/O then contacted Mark Wallbom by phone and he advised that a friend, Jim Shober had been with him at Lake Sammamish Park in Jly of 1974 and had already contacted Seattle Police Department but it was unknown whether they had recontacted Mr. Shober. Mr. Wallbom specifically remembers seeing Bundy at Lake Sammamish during the weekend of the State Republican Convention in Richland, Wash. He also remembers this was one week before the Rainier Beer Bust. He and his exwife and Jim Shober and wife Tracy were water skiing at the finger isthmus north of the swimming area, a place where usually water skiers go. It was in the later afternoon when they observed Bundy, whom they knew from activities within the Republican party, walking along the beach by himself. They invited him over and Bundy stated that he liked the water but he either didn't have shorts or he'd have to get his shorts prior to joining in their activity which he did not do. Wallbom's recollection is that Bundy was wearing a blue t-shirt with a yellow insignia of some type (fraternity?) and possibly was wearing long pants. They talked about politics and going water skiing in the future. Bundy stayed for around an hour or hour and a half.

Mark believes the day was Sunday rather than Saturday and remembers that the skiers had a chicken dinner that day. Mark was the coordinator for King County Youth for Evans in 1972 and in 1973 ran John Spellman's campaign. He was also involved in demographics and as Bundy was also involved/interested in that type of thing they had many conversations in 1973. Either Bundy or Wallbom was involved in Jim Mattingly's campaign around this time. The last time Wallbom saw Bundy was in early June of 1974. Bundy was walking in red square at the U, wearing a blue button down denim shirt, tan khaki pants, penny loafers and had a beige fisherman's sweater around his neck. This would have been a weekday as Wallbom was preparing to graduate in the near future (that quarter) and they discussed that. Bundy stated he had been studying at the law library.

Mark remembered distinctly what Bundy said when confronted at Lake Sammamish - "Just walking around". Wallbom thought Ted could be the kind of guy to do that sort of thing, but it was unusual for him to be at Lake Sammamish when he should have been at the Republican Convention or in Tacoma, where his school was.

Wallbom thinks he saw Bundy near the U another time that year but does not recall it clearly. He also saw a lot of Bundy during the 1973 campaigns. Wallbom gave the number of Jim Shober, SH7 6326 and his wife Tracy, 455-1234. Wallbom was advised that a statement would be taken from him in the next few days.

1100 hrs Phone contact with Jim Shober who stated Seattle Police Department had not contacted him and that he would call R/O when he did not have a client with him.

Phone contact with Mrs. Ferris who stated she knew Bundy and wished to talk with someone in person regarding him.

1120 hrs R/O had personal contact with Mrs. Ferris at her residence, 736 NE 56, phone 522 3168. Mrs. Ferris is 69 years old but has a good memory of her dealings with Ted Bundy. She advised that she met him about 5 years ago when he was working as a bus boy at the Seattle Yacht Club. Another person that knew him well there is Kenny Gilman, who is now the chef at the Moose Club by the Seattle Center. Mrs. Ferris recalled Bundy taking men home who were drunk and other employees suspected him of trying to "roll" the customers after hours. She also remembered a young secretary whom Bundy took up into the "Crow's Nest" for sexual purposes. Bundy is a schemer and a sneak according to Mrs. Ferris, and would befriend older people like herself and live with or off of them. He had little or no money and would borrow money and fail to repay it. He would often borrow Mrs. Ferris' car and be gone into the night. Mrs. Ferris later thought Bundy might be robbing but was afraid of him at the time and still is and requests her name not be used. She got Bundy a job at the Olympic Hotel as a busboy and he worked there for a few months as he did at the Yacht Club. Persons at the Olympic suspected Bundy of breaking into the employees lockers and on one occasion Bundy showed Mrs. Ferris a waiter's uniform (new) that he said he had taken from the Olympic. It was around this time Bundy borrowed some of Mrs. Ferris's china and silver to put on some special sort of dinner for his girlfriend who was a high class girl from San Francisco. Bundy had showed Mrs. Ferris how he planned to prepare and serve an excellent dinner to the girl and put on a British accent for Mrs. Ferris. During this time Bundy had borrowed a car from someone but later got a VW in Tacoma which needed a good deal of work.

Bundy also had a job at a Safeway store on Queen Anne Hill, stocking shelves at night and he also lived in an apartment on 17th NE and then Mrs. Ferris helped him move to an address between 1837 and 1847 on ~~Chinaman Way~~ *Shelby*. This was the home of an elderly couple whom Ted lived with. He met them by knocking on doors around the neighborhood, looking for a place to stay.

Statement of Det. K. McChesney

Mrs. Ferris recalls about 4 years ago Bundy coming to her house on a rainy day in a grey VW. He had a 8-10 year old boy with him and said they were going horseback riding in Issaquah and borrowed an umbrella.

Mrs. Ferris had also an old address of 4127 12th NE #11 for Bundy, phone ME33060. Bundy told Mrs. Ferris his father was a chef.

Several years ago when Ted was out of the University of Washington he took a trip to Philadelphia to visit an uncle in politics. Mrs. Ferris took him to the plane and gave him \$100 which she later tried to get back and called Mrs. Bundy looking for Ted. Mrs. Bundy said that Mrs. Ferris was a fool to give Ted that money and she'd never get it back and Ted was a stranger around there. When Ted returned from Philadelphia Mrs. Ferris took him to the airport again - he was going to Aspen, Colorado to be a ski instructor. Mrs. Ferris was going to knit Ted a ski hat but he already had one, possibly white, that fit over the face. She also recalled mention of his seeing his girlfriend from San Francisco at Aspen.

Bundy had a key to McMahon Hall and sometimes would go inside and sleep when he had no other place to sleep. He went for some time with his girl who attended Stanford and had a desire to go to Taiwan to get out of the army.

Ted had a friend who lived on Sunnyside Ave. N. who owned an antique shop in his home and also worked in a prison. Bundy lived with this man for awhile.

Bundy had a black wig that he showed Mrs. Ferris and Mrs. Ferris also saw a picture of him during the Rosellini-Evans campaign wearing a wig.

On one occasion Mrs. Ferris drove Ted to Diane's (the girlfriend's) house off Greenlake, and another time she went to the ocean on business and Ted went with her. They also made a trip to Mossyrock, and at other times Bundy would take the car to "visit his parents". He borrowed Mrs. Ferris's phone to make a lot of calls.

The last time Mrs. Ferris saw Bundy was in the Post Office on the Ave. before he left for Salt Lake. They had small talk at that time. During the time she knew him best he never talked about going to law school. She also vaguely remembers seeing Ted at the Albertson's store in GreenLake with a cast on his arm.

Mrs. Ferris remembers Ted going to Ellensburg frequently and to meet friends from there to go skiing. He would ski at Snoqualmie Pass or Crystal Mountain. When he went to Aspen Ted had new, imported ski equipment - something he could not well afford. She has no idea where he got his money and recalls him mentioning he had a strict home life.

Mrs. Ferris took R/O to locate the places she knew Ted lived in. She was unable to locate the address on 12th but will look again and call this office. She also showed R/O Bundy's residence by the Seattle Yacht Club, 1845 E. Shelby

1400 hrs. R/O received a phone call from Jim Shober who remembered that on the date he saw Bundy at the Lake Sammamish he had a windbreaker thrown over his shoulder. An appointment was made to obtain a written statement from him on October 14, 1975. R/O had phone contact with Susan Reade and requested Republican activity schedules for 1974. She advised that Larry Voshall might have a lot of the information requested and that the only reason she could think of for Bundy being in Oregon would be to visit Jim Waldo, who was with Action for Washington and attending Willamette Law School after the campaign of Gov. Evans.

Susan also advised that Rita Butterworth, whose husband is a professor at the UW did the scheduling for the Republican party that year and may still have those schedules. Often the party would sponsor seminars around the state teaching potential candidates how to run a campaign and Bundy was involved in this but nothing out of state that she knew of. Also, Ross Davis, of the Republican Party might know about Ted's travels.

1430 hrs. R/O had phone contact with Jim Waldo, US Dept. of Labor, 202 523 6021. He did not remember Ted coming to visit him at law school but thought that he may have gone to Oregon for some reason with Tim Clancy (former bill reader for the Democratic Caucus at the House of Representatives) or John Giese who is with the Dept. of Community Development. Waldo considers Ted a pretty good friend and saw him at political and social events in 1972, 73 and 74. The last time Waldo saw Bundy was before he went to Utah to law school. Also, any picnic that the Republicans had during this time period would have been in northern Seattle.

1530 hrs. R/O had phone contact with Marleigh Lange, friend of Diane Edwards Zuendt. Diane spent her first year of college at the University of Colorado at Boulder. During 1966 she attended the U. and met Bundy and they started dating prior to ski season. During 1973-74 Christmas holidays it is likely and possible that Bundy and Diane spent New Years together as they were engaged at the time. Diane was going to return to San Francisco until summertime and then her plans were to return to Seattle and get a job and firm up plans for the marriage. In early September or late August of 1974 Marleigh got a letter from Diane stating she and Ted had broken off and that she had been living with a man for two months. She stated "I escaped by the skin of my teeth" and "When I think of his ~~xx~~ (Bundy's) cold and calculating manner I shudder".

Marleigh also remembered Diane driving Bundy's car during the summer of 1973. At Christmastime Diane wrote and reported she had married William Zuendt.

Mrs. Lange has photographs available of Diane. She intends to call her and advise her that this department will be contacting her regarding Bundy.

Statement of 10-15-75 0730 hrs. Phone contact attempted with Diane Edwards, negative results.

0830 hrs. Rescheduled appointment with Larry Voshall.

1000 hrs. Personal contact with Larry Voshall in Olympia.

A ~~xxxxxx~~ statement was taken from him regarding occasions he was with Bundy in 1974. Voshall also advised that he would be willing to accompany detectives to the spots that he went with Bundy.

1300 hrs. Personal contact with Neal Miller, Deapt. of Emergency Services, Olympia. Mr. Miller arranged for R/O to interview officex personnel who were around at the time Bundy was employed.

He gave the name of other employees who knew Bundy well who were not at DES any longer - Carol Boone Anderson (currently at Camp Pendleton until 11-1-75 with VietName Refugees) Nancy Scherer (at Univ. of British Col. Law School. They visited Salt Lake City with Dick Rolfs in 1974 (at 753 6691) on the Commission for Constitutional Alternatives.

Jake Fey, currently in St. Louis would possibly have a schedule for the baseball tournaments in 1974 but he is currently out of town. Dean Katz, currently of AP or UPI also worked at DES and knew Bundy. Bundy came to their office via a recommendation from the Governor's Office, he came in one day and applied for the job and even though he didn't have much background in budgets took some information home and came back later saying he could handle the job. Bundy set up his own schedule and worked for Herman Curtiss and Tom Cryor. Sometimes he would work late and would be compensated by being able to come in late the next day. The only field work Bundy did was going to the Capitol campus where he took his own car and was reimbursed for mileage. Bundy's work was good enough however he was called back from Utah for one meeting. They bought him one airline ticket and paid for the return trip but he didn't fly. Mr. Miller gave R/O copies of Bundy's attendance records, employment application and travel vouchers.

Personal interview with Nancy Schnaze - Nancy was the fiscal secretary and worked with Bundy and kept attendance records. She has been previously talked to by R/O on 9-5-75. She does not remember a beard or cast on Bundy but feels he fits the physical description of the suspect in this case. She didn't always know where he was - he had budget type meetings. She saw Bundy about twice socially and these were at department baseball games - always held on weeknights. One employee had a party at his apartment house, Greg Lee. Nancy felt Bundy was moody at the party. She thought the players would go to a tavern after the games. She felt Ted was close to Nancy Scherer, Dick Rolfs and Carol Boone Anderson. She remembers that he had a dark beige volkswagon which was tacky looking.

Personal interview with Dorothy Norman who was secretary for Nancy Schnaze and saw Ted daily. They had conversations which were mostly "chit-chat". She never observed Ted to have any injuries or casts, or bandages. He was clean shaven and had a nice appearance.

10-15-75 Dorothy Norman ctd. Mrs. Norman felt that Ted was intelligent and was part of a group of girls from the fuel allocation section (this would be Scherer and Boone) She got the impression he was in the process of a divorce and he also told her he was buying a pickup. She felt he sometimes talked to her (an older lady) when he could have been talking with girls his own age. "e didn't seem to have much money.

Personal interview with Herman Curtiss - Mr. Curtiss stated that Bundy was in his office because of a political appointment, and worked on the budget for Curtiss. He sometimes had to be pushed to get his work done, although he basically worked on his own. He would often go to the Capital Office of Program Planning and Fiscal Management Office for duties. He had sporadic work habits, he would do good work for a few days and then get behind. Sometimes he had to come and work nights to catch up. Sometimes Bundy would say he had worked on something all night. Other times he would come in late, and he'd call in with different excuses - car trouble or sometimes he wouldn't call in - would just come in the next day and say he was sick. He actually worked directly for Prior and Curtiss could not reprimand him for being late. Mr. Curtiss did not recall a cast or a beard. He umpired baseball games and did not notice any physical disability of Bundy's - he played 1st base. The games were on weeknights and there was no practice during the weekends.

Personal interview with Judy Duval, clerical supervisor. She worked a couple of nights with Helen Herman, Kathy Fisher and Bundy doing budget work. She remembered Ted as being nice, gentlemanly, having no cast or sling. She recalled an incident with Karen Johnson where Bundy asked if he could sleep at her house and Karen refused to let him. They had no conversations of a personal nature. On August 29, 1974 she worked ~~xxxxxx~~ overtime with Bundy, ~~xxxxxx~~ on August 30th, she worked overtime with him. Bundy's exact overtime hours are not indicated.

Personal interview with Helen Herman - Mrs. Herman wanted to advise A.O. that Ted came to her for directions since she was familiar with DES. She did typing for him and they had an office type relationship. He was sensitive and helped her get a raise for which she feels she owes it to him to let it be known what a nice nature he had.

Personal interview with Karen Johnson - Karen worked as a secretary at DES and on one occasion after a baseball game instead of going to Casey's tavern as usual, the group went to George Harvey's house. Ted had left his car at Casey's and when Karen left Bundy asked for a lift to his car. ~~xxx~~ Nancy Sherer, who had been at the party was going to let him stay at her place but he wanted to go home. Karen thought he lived in Tacoma.

On the way to his car Bundy stated, "It's a long way to Tacoma" and Karen agreed. Then Bundy stated, "Can I park on your couch or floor?" and Karen replied that she had roommates who wouldn't like that. He was polite to her after the refusal. At this time Karen had shoulder length dark hair parted on the side. She does not think Bundy asked anyone for a date at DES, that he seemed like a nice guy although there was something about him she didn't like - she thought he might be homosexual, he dressed well and talked fast with somewhat of an Eastern accent. Bundy often stayed at the office late, or would work all night and then go home in the morning to change clothes.

Personal contact with Joel Aergard - Mr. Aergard thought that Ted had girlfriend - he knew him through baseball games and which were on two times per week. The practices would be at night also. There was no baseball activity during the weekends. The games, he thought, started around the first of July. After the games they would go to Casey's Tavern and Richard's Roundhouse. He doesn't think Ted stayed until closing the taverns which Joel often did. He didn't think the baseball games started before June 11th. He said Bundy's closest friends there were Dick Rolfs and Carol Boone.

Personal contact with Frank Pritchard - Frank knew Bundy basically through work, he described Bundy as a high calibre person and knew that he had intentions of going to Salt Lake City, with Boone and Rolfs to visit Bundy but wasn't able to go. Frank also commuted to Tacoma and one day stopped alongside the freeway to help Bundy who was gathering papers that had flown out of his car sunroof. He also knew that Bundy was a good friend of Ruth Yonayama, who is Frank's father's (Joel Pritchard) secretary. He participated in no social events with Bundy.

Personal contact with Susie Mosch who didn't know Bundy well but people she knew thought highly of him. She knew that he was good friends with Dick Rolfs and Sam Reed, who is currently organizing Bundy's defense fund and is with the Asst. Sec. of State with the constitutional alternatives commission. Also a Pete Dolney of DES was a friend of Bundy's, but not at work this date. She knew that Bundy worked odd hours, but worked hard. He was often working when others left. Susan was also involved with Young Republicans but didn't meet Bundy through that.

Personal contact with Tom Maguire who is employed by DES in charge of Explorer Search and Rescue. He was a good friend to Bundy during work time but they did not visit each others homes. They would play softball and go drinking after that with the team, he thought the season began before Bundy began to work there. He knew that Bundy did not play the entire season. He did not know Bundy to have any physical problems, and didn't do any water sports with him. They did socializing with other members of the team. He also recalls after

10-15-75 2030 hrs. R/O had phone contact with Diane Edwards, 415 885 3492, prior fiancee of Bundy. She agreed to discuss Bundy and gave the following information:

She and Bundy met when Diane was in her junior or sophomore year at the UW. Diane graduated from the UW in 1968. When she met Ted she was living in Haggett or McMahon Halls, and then she remembered she and Ted were both living in McMahon Hall, that she met him in the dorm. It was probably 1967. They went out on singular type dates, and Diane had a car. They'd go to movies, walks, to eat, inexpensive dates. They also went skiing, one time in Ted's VW - it was another one, not a brown one, probably green. The car was left in Tacoma a lot because it didn't work all the time. They went night skiing to Snoqualmie Pass and they also went to Crystal Mountain. Ted may have worn a ski hat while they skied.

When Ted and Diane first met Ted was in intensive Chinese and for awhile he went to Stanford for the summer. During this summer Diane was home with her family in San Mateo, not far from Stanford. During the summer they went out, although it's not unlikely Ted went out with another girl from there. Ted had a scholarship to Stanford. Diane described Ted as flighty at this time, she thinks at this time he flew back to his uncles in Philadelphia. Diane thinks he went to school in Philadelphia and then returned to UW to finish.

After she graduated Diane went to Frisco for 3 months and then went to Vancouver, BC. She and Ted had broken up when he was at Stanford, she couldn't handle someone who was so emotional, unsure of himself. He never had money or stick to any particular major. She felt Ted used people, he would take things and money from people. He liked to become people's favorites and would take advantage of the situation.

Diane felt Ted used his cousin John Cowell, he never had high regard for him and that they would spend time together, go skiing, etc. She felt Ted lied to her and answer questions so the answers would sound good. Diane became frightened by his lies and didn't trust him much. He'd lied to get in someone's good favor.

After they broke up while Ted was at Stanford Ted wrote Diane some letters and one time showed up on the street in San Francisco. and she may have seen him on trips to Canada. When he showed up on the street was in late fall of 69, a Friday afternoon. She came out of the Wells Fargo Bank building and Ted walked up behind her and asked her ~~xxxxxx~~ how she was. She doesn't know how he got to town or the money for it. He'd answer vaguely and say he'd hitchhiked. He had no future plans at that time.

Diane recalled that Ted stopped probably at Vail on his way to Philadelphia to ski, although he may have worked there. Diane herself stayed at a motel at Aspen, having skied both Aspen and Vail. She does not remember staying at the Wildwood Inn.

Diane and Ted got back together on a serious basis when Ted came to Sacramento and San Francisco on a business trip for Ross Davis in 1973. After they got back together Diane came to Seattle

to see Ted and stayed at the University Tower Hotel. This was on Diane's vacation. During this time Ted had Ross Davis's car and ~~or~~ his brown VW. It was during campaign time. They rented a condominium up at Alpentel, she wasn't sure how Ted paid for it but they did go up there in Ross Davis's car. The cabin belonged to somebody who knew somebody. They were seriously talking about getting married about this time.

The next time Ted and Diane saw each other was after Christmas in 1973. She spent a few days with Ted at Marlin Vortman's apartment. Vortman's were in Hawaii at the time. They went to Tai Tuhs and Ruby Ghows to eat - Ted said he knew Ruby. Ted told her during this time he had gotten involved with another girl and he was trying to get loose of it but it wasn't going to work out. Ted said that the girl had had an abortion and (because of him) and that she called every so often. Diane didn't know the girl's name.

On New Year's day or the day after New Year's Diane left for Frisco and was very upset because she didn't like the way Ted had acted towards her. She didn't feel he loved her and wasn't good to her in a physical way either. She went to a counselor and then wrote to Ted saying she had questions, etc. and he never replied to her letter. Diane finally called Ted and yelled at him and he just said "Diane, I don't know what you mean". This letter was not sent later than mid-January 1974 and she called him in February.

Ted's behavior in Dec. of 1973 toward Diane was cold physically, she thought he might be homosexual as he was very effeminate. Sometimes Diane thought that Ted was paid by a man for things. One time during December of 1973 Ted went to school for a whole day and worked on a project that she felt he could have done at another time. He didn't take her out much anymore whereas he used to be attentive. Diane didn't remember anal intercourse.

Ted never gave Diane any jewelry and in 1973 did not give her Christmas gift. Diane gave Ted a print of an Indian, a bow tie.

Diane, Ted and John spent a weekend at John's parents cabin someplace on the peninsula. John didn't have a girlfriend with him at the time. Ted also had a roommate at McMahon named Larry who lives in Hawaii, last name unknown.

Diane does not know any reason why Ted would be in Oregon. Diane and Ted went passed Lake Sammamish in going to Alpentel, but didn't go down any strange roads.

Ted told Diane that Mr. Bundy was not his father. He said his mother had been in love with this man in the East, that she got pregnant and had him, that Ted doesn't know much about his real father, that his mother never told him much about it, Diane didn't think Ted liked his father ~~xxxx~~ at all. He felt that John Bundy wasn't very bright, didn't make much money. Ted was frustrated about his sister, couldn't see why his mother let her stay in the house after she'd had her first child. Ted's sister didn't seem too bright, Ted talked a lot about his family's IQ or lack of it. He felt like he wasn't

KCDPSC-114a 4/74 50M part of his family, identifying more with John Cowell's family and his grandfather.

The grandfather is dead, now, from the east and Ted used to live with him - it was during this time Ted slipped on the ice and broke his leg.

Diane never saw a pair of crutches in Ted's room, or plaster. She couldn't understand Ted's lack of money and amount of possessions. Ted had a lot of utensils in his room, he enjoyed cooking. Diane recalls Ted borrowing dishes to prepare her dinner. Ted also worked at the Yabht Club.

Diane knew of Bundy living in McMahon "all - can't recall all the places Ted lived in. Ted and Diane went for lots of drives, they would go on ferry rides, over the Narrows Bridge, They went to Vancouver once and stayed in a motel.

Ted was very athletic, liked to ride his bike.

Diane recalls Ted having a beard, possibly having it when he came to San Francisco. She also has a picture that was taken of her and Ted by Ross Davis right after he shaved off his beard. It was morning she left after her vacation, Ted couldn't take her to the airport as Ted had to ~~xxx~~ go to UPS to register for law school.

Ted was attracted to Diane's wealth, and used Diane quite a bit.

One time Diane saw Ted change his character - he felt women should not have the right to free abortion and he became very upset about it. There seemed to be different "Teds"/ She knew Ted to be in the dirty tricks area of politics, taping opponents campaign speeches, etc.

Diane's vacation was in the summer/fall of 1973, before that Ted had visited her in Sacramento, she left here the day school started in the fall. She and Ted had dinner with Vortman's on an occasion. Ted was, in 1973 establishing his own friends, finally.

10-16-75 0900 hrs. Ph/contact with Mrs. Reed, Union Oil. She has received the letter from Liz Klepfor and will recontact R/O after the information is retrieved from their computers.

R/O received a phone call from Anita Wyant, Tacoma Po-lice Department, 593 4465. She wanted to know when Bundy had his beard and the names and addresses of persons who rode in the car pool* to ~~21xxx~~ Tacoma for law school.

R/O contacted Herb ^{Coffin} in the photo lab regarding prints of photos of the necklace and Beads of Bundy's. He stated they were not ready at this time. R/O had phone contact with Mark Adams of Pedline Hospital Supply who advised that Bundy was employed there from 6-5-70 until 12-3-71. He worked on a parttime basis, and in 1971 the warehouse was moved from the U. District to Aurora, and since Bundy had only a bicycle he quit his job. He believed Bundy lived on 12th NE. at this time. Bundy worked every day. He has a catalog of surgical supplies ready for R/O to pick up at their offices.

1015 hrs. R/O had personal contact with Liz Klepfor in this office. She said that Ted ~~smoked~~ Salems usually and was left handed. She said he had a beard on one occasion, and showed R/O a photo of this beard ~~on~~ taken on 11-25-73. He shaved this beard off in January or early Feb. of 1974. She recalled that they were going to go rafting on the Naches River near ~~the~~ Yakima, this was on July 6, 1974., but after they attended the Republican convention in Richland. Bundy and she left at 5:00 am for Richland but by the time they got to Yakima they were late so they decided to skip it and go rafting. The Naches was too rough so they went down by KOA Campground in Ellensburg. Ted had been rafting down the Naches with his brothers he said. Liz Believes she could find the spot again. Liz felt that Ted never liked her to go to political things with him it was like he was embarrassed of her. Liz said that the typewriter she had that Ted left with her was one of two that he had. The other is an IBM Selectric that she thinks is perhaps the stolen one. She also remembered that in the fall of 1973 Ted slipped on Liz's steps and had to see a doctor at the Seattle Orthopedic Clinic.

1100 hrs. R/O had phone contact with Chuck Agnew, Olympic Hotel. His records for 1968 do not show Bundy employed there however he may have just done banquets and been hired for certain occasions. He will continue to ask if anyone recalls him working there. The security man for that period of time is deceased. The current security man Austin Seth, recalls some thefts from employee lockers but cannot recall any details.

1430 hrs. R/O had phone contact with Det Don Strunk, Seattle Police Department regarding Bundy's possible use of Republican cars, credit cards and expense accounts. He stated that Mr. Ross Davis of the Republican State Central Committee was not being extremely cooperative regarding Bundy at this time.

To: Officer Anita Wyant
Tacoma P.D.
Tacoma, Wash.

From: Det. K. McChesney
King County Police
Seattle, Wa.

Enclosed is a photograph of Theodore Bundy taken on approximately November 26, 1973. This is verified by a girlfriend of Bundy's, Elizabeth Klepfor. Ms. Klepfor had a birthday dinner for Bundy. Mr. Bundy's birthday is November 26th.

Mr. Bundy's classes at the University of Puget Sound Law School for Fall Semester of 1973 were on Monday, Wednesday and Friday evenings.

I personally interviewed members of Mr. Bundy's car pool, Chris Sharpe, 826 NE 91st, Seattle; Mary Parks, 6302 16th NE, Seattle; and William Harris, 1812 NE 68th, Seattle. All parties agreed that they did not go to the UPS Law School campus on Tuesdays or Thursdays. Mr. Sharpe remembers the beard that Bundy wore coincided with the beard that Governor Evans wore.

I hope this information will be of assistance to you.

1000hrs. Phone contact attempted with Diane Edwards with negative results.

R/O contacted photo lab to speed up processing of photographs of Bundy and necklace and beads.

R/O had phone contact with Mark Wallbom and an appointment was made to see him at 1045 hours.

1045 hr. R/O had personal contact with Mark Wallbom at Pacific National Bank, Tukwila. Mr. Wallbom gave a written statement as to his seeing Ted Bundy at Lake Sammamish in July of 1974. Mr. Wallbom ~~xxx~~ also stated that Ted was "strange" and possibly gay.

1200 hrs. R/O had personal contact with Mark Adams, Redline and received a medical supply catalog. This includes items Bundy would have had access to.

1300 hrs. Phone contact attempted with Diane Edwards with negative results.

1330 hrs. Phone contact with Liz Klepfor who stated Ted had called her this morning, that he was "numb" in order to get by.

1400 hrs. Personal contact with Joanne Testa, this office. She was shown photographs of Ted Bundy, which did not look familiar to her. She was shown the necklace Ted gave Molly Klepfor and the beads returned from Utah with Det. Kappel. She did not recognize these items. Joanne's new address is 16261 11th SW, Burien.

1500 hrs. R/O had phone contact with Bill Harris who could not remember the dates finals were taken in law school during 1974 but would look up same. He also could not recall the date that Bundy invited him and his wife to go sailing. He did recall Bundy going to UPS to take advisories - law school finals. He also remembered that after the last day of classes there would be a two week break and then students received a testing number in the mail. Tests were scheduled for 1 per day and about a week apart. Blue books were used for the exams and students did not write their names on their tests, just their numbers. R/O recontacted the photo lab regarding photographs.

1510 hrs. R/O had phone contact with Maureen, secretary to Dean Aronson, UPS law school. She advised that Jim Orr, from Pierce County was subpoenaing Bundy's law school records. Also she said she would attempt to locate the testing schedule for Spring of 1974 and recontact R/O.

R/O received a phone call from Dave Gaines, former employee of the DES. He knew Bundy from work and then on the day of the limited boat races at Green Lake (a Sunday in July of 1974) he saw Bundy at the walking at the beach. He was alone, was wearing University or gym type shorts and an innertube. He (Gaines) was surprised to see Bundy because he thought Bundy lived in Tacoma. There were 6 other people there

Gaines recalled that the time was around 12 noon; that Bundy stayed with their group until about 5:00 p.m. They drank beer, watched the races and went swimming. Gaines talked with Bundy about sailing previously at work. Gaines works at 852 4430, home 885 7539. R/O then attempted phone contact with Bud Getch, Seattle Park Dept. and left a message for him to contact this office.

1615 hrs. R/O had phone contact with Melanie Aronson and she advised that according to their ~~textbook~~ records, Bundy did not take final exams. He withdrew from classes 4-9-74 and the last day of classes was 4-5-74. Had he taken final exams they would have been 4-15 at 6:00 p.m. until 9 or 10, 4-23-74, same time, and 4-30-74, same time. This does not however coincide with the catalog schedule. Melanie also advised she would attempt to learn if Bundy had showed up for the exams and not taken them. The catalog is different than the actual testing time as UPS was a new school at the time and changes were often made in scheduling.

1700 Attached memo. and photograph of Bundy on 11-25-73 were sent to Officer Anita Wyant, Tacoma PD.

10-2075 0900 hrs. Phone contact with Kay Retschlag, Seattle Yacht Club, 1807 E. Hamlin, 325 1000. Kay is the accountant. Her records show Bundy employed there from 9-67 until 1-68, and also working one or two times extra in 1968. His reason for leaving "too heavy school work load".

0930 hrs. Phone contact with Bill Harris who found a mimeographed sheet from UPS Law School indicating 2nds semester (1974) ended April 6, 1974 with Easter recess from April 6-21, exams from April 22-27. Harris said exams were actually held on April 15th, April 22 or 23 and April 30th. The first test in Legislation was before April 15th, for some reason, and date is unknown. Bundy had withdrawn from legislation class however. For the April 15th exam Bundy rode with Mary Parks to Tacoma. Chris Sharpe and Bill Harris did not sit in the same room with Bundy during the exams as Bundy would have been in the typing room to do his exam. It is possible, according to Harris, to go and get an exam and not take it to leave the room with the test. There was some discipline in the test but it was easy to leave, you could take a break at any time. Chris and Bill did not sit in the room with Ted for the other exams and it was possible to go and not take the exams. Exams were started at 6:00 p.m. Ted never told his "friends" that he dropped out of class on 4-9-74. It was also possible to take the exams out of the room. Sometimes on the way back they would talk about the tests among the car pool members but not for too long.

Bundy told Bilihe had received his grades but couldn't remember what they were, which is unusual. When the car pool resumed for classes in the fall they went to Ted's house and talked to Linda who said Ted had gone to Salt Lake. Later Mary Parks talked to Liz who said that Ted had transferred to U of Utah/

1300 hrs. Phone contact with Judge Donald Horowitz regarding his bailiff, Alice Davis. Judge Horowitz gave Alice's home phone number. R/O contacted Diane Dry King County Prosecutor's office who stated she used to work at the Institute for Environmental Studies at UW while she was attending law school. Liz Alepfor worked there as a secretary and through her she met Ted Bundy. Diane recalls a time that she picked up Liz from the airport and going to Liz's house, this would have been Christmas (two days after) of 1972. Bundy was at Liz's house putting up a Christmas tree. Diane didn't know Ted well, she did know that he was applying to some law schools, he carried around books that helped a person study for the LSAT. She remembers his briefcase with a tape recorder in it that he took to Rosellini type events. She remembers Ted as a phony, well groomed, polished, pompous and aloof. She didn't like the way he treated Liz. Diane was mistrustful of Ted, she thought he was always trying to pull off something, he acted like he had money when he didn't.

R/O attempted phone contact with Karen Skavlem, neg. results.

Phone message left for Monica Sutherland, to call this office.

R/O had phone contact with Keith Dearborn, of the County Executive's Office. He recalled that in Dec. of 1972 Bundy and Liz came to his house for a dinner Party given for the Office of Environmental studies where Dearborn, Dray and Klepfor worked. Dearborn recalled meeting Bundy on some other social occasion- a party or something but can't remember for sure. He thought Bundy an emotional person, he did not like the fact that Diane Dray and he (Dearborn) had been accepted to law school at UW and were lax about their studies. There seemed to be a great disappointment of Bundy that he was not accepted to UW Law School. Dearborn thought Bundy an insecure person, trying to establish a self image that would impress others.

R/O had phone contact with Liz Klepfor who did not recall any campus activities that she attended with Bundy. He did not mention ever picking up hitchhikers. He didn't talk slang much. Liz is waiting until Bundy's preliminary hearing at Salt Lake before telling him she no longer wishes to see him. R/O requested Mary Chino contact this office.

Phone contact attempted with Karen Skavlem, Pete Neil - negative results.

R/O had phone contact with Alice Davis, who stated that she had been fired by Judge Horowitz because of her acquaintance with Bundy. She worked on Evans campaign and the Republican Central Committee which is where she met Bundy whom she likes and respects. Alice had no personal contacts with Bundy in 1974. In 1973 she, Bundy and Ross work "closely" together.

R/O contacted Mary Kay Whistler, Young Americans for Freedom, Bellevue. 1601 114 SE, Bellevue, 454 2922. She has talked to Ted Bundy on the telephone, and currently Jeff Kane who possibly knew Bundy is in Portland. He went to law school there last year and is the National Chairman for YAF. R/O talked with Eric Ruge who met with Bundy and Al Gottlieb at the Rep. Central Committee in Tukwila on one occasion to talk about fund raising activities. Gottlieb describes Bundy as a liberal, himself as a conservative. The impression was that Al Gottlieb didn't like Bundy. Also Kane only met with Bundy one time according to Gottlieb.

P/O had phone contact with Monica Sutherland who does not know Ted Bundy or Edna Cowell. Monica's new address is 1214 S. Wilson, # Tempe, Ariz. 85281. She will contact this office at Thanksgiving or Christmas when she returns.

1950 hrs Phone contact with Diane Edwards, who recalled that Ted had shaved off his beard when she was in Seattle in the fall of 1973 and that Ross Davis had taken a picture of her and Bundy together at this time. This is the only photo of Bundy and her or that she had Bundy.

Diane describes Ross Davis as cherubic, not masculine and Mrs. Davis as a little masculine. Diane distinctly remembers the Republican car Bundy took her to Alpentel in, it was blue or green, a 4-door about the size of an Impala or Torino. There were papers in the car. When Ted drove Diane to Davis's residence (in Tacoma) she remembers going to the airport in Davis's small station wagon. She knows Bundy used credit cards - she was surprised he could afford them. She ~~may~~ remembered something about a credit card of the Republican party. She also thinks that the trip to Alpentel was a weekend one.

Diane thinks that Ted came to Sacramento in the ~~fall~~ summer of 1973, she will check with the florist in the area as he sent her some flowers. She felt he was in Sacramento to do a study on polling procedures and canvassing techniques. He stayed at the Mark Hopkins hotel in Frisco, came to Frisco first and then rented a car of flow to Sacramento and then returned to spend the weekend with Diane.

The times Diane knows of Ted being in California are: 1- His study at Stanford, 2-Sacramento trip in 1973, 3-in Fall of 1969. *Series*

She didn't know of any of Bundy's other friends. They didn't go hiking but did go to the Arboretum. She doesn't remember Bundy skydiving.

Bundy also worked on Art Fletcher's campaign, she remembered that he took his VW to eastern Washington and did work for him.

She doesn't remember Bundy having a white pickup or a car in San Francisco. During Christmas of 1973 Diane drove a dark colored VW that Bundy also drive.

Also one night Ted was working on a project, this was in Christmas of 1973 and this was a project for Ross Davis. He wasn't actually working for Davis at the time. When Diane went to Ted Ted was still working on the project and when she awoke he was gone. He returned and told her that he'd gone to his apt. for somethings. She was very upset about this and also about the fact that she accompanied Ted to a store where he bought an expensive chess set for Arlin Vortman, and hadn't bought a ~~xxxx~~ gift for her.

Phone call received from Mary Chino and an appointment was made to see her at 1100 hrs.

R/O left a message at University of British Columbia Law School for Nancy Scherer, 604, 228 3151 to call this office.

R/O left a phone message for Joe McGavick, former employee of King County and employer of Bundy at his office.

R/O had phone contact with Penny Gilman, 222 Mercer, 284 0320, who remembers Bundy only as a busboy, thinks that Mrs. Ferris knew him well.

Data control records reveal Steven Ayle Butler, # [REDACTED], 11-15-42, 3918 NE 140th, 364 9233. Bundy wrote a check to Butler in Feb. 1974. Phone contact attempted with Butler, negative results.

1100 hrs. Phone call received from Susan Heade who advised that she had third hand information that Bundy's cousin, Edna Cowell, whom she does not know, wrote a letter to someone in Seattle stating she had set Bundy and Healy up. This person is supposed to be calling this officer regarding the letter.

R/O had phone contact with Det. Strunk, SPD who talked with Ross Davis at the Republican Central Committee and looked at Bundy's records. Davis did not have much time to talk, however. Bundy was employed there from May to Sept. of 1973, and never used the Central Committee's car, because Ross used it 99% of the time. The secretary, Nancy Guthrie, said all expense vouchers for that time were gone as they had a poor management.

1115 hrs Personal contact with Mary Chino, this office. Mary has known Ted since 1969 and has been Liz Klepfor's best friend during the last 6 years, even living around the corner from Liz for awhile. During the first part of Liz and Ted's relationship Liz and Ted were together all the time, but Liz and Mary's friends used to make fun of Ted - he'd act strange and follow Liz and Mary to bars, etc. During 1972 one evening Mary saw Ted walking around the U-District at night in an unusual manner. This frightened Mary a great deal and she hasn't liked Ted since. She remembered that Ted and Liz went to the Governor's Ball at that possibly Liz paid for this. She said Ted lies about his background, and rarely saw his parents. She felt Ted stole a lot of things, he had no money but would come up with different items. On July 14, 1974 Mary was in California and her memory of the time was that Liz was disappointed at hardly having seen Ted over the weekend, with Molly being in California. One time Mary and Liz went to Vashon to visit friend's of Mary's. They were drinking and returned home. Ted called and was panting over the phone. Mary will try to find out the date of the call.

1300 hrs. Phone contact with Laurel Slanika, 622 2418. She met Ted Bundy through Evan's campaign. They never dated, although would have gone out with him had he asked. She was at a party one evening in Bellevue and Ted did not have his car so she drove him home. She never went to his apt. nor him to hers. She thinks Stuart Phelps and Jim Waldo may have been at the party. She saw him in the downtown Seattle a few times, but hasn't seen him since 1973. She describes him as a nice, intelligent person.

1300 hrs. Personal contact with Becky Gibbs, 682 2141, at Hadley Properties, 2200 6th Ave. Seattle. Becky met Ted Bundy at a dinner party given by Susan Reade in March or April of 1974. She was living at 4131 11th NE at the time and as she didn't have a car, Susan told her of someone who might be able to give her a ride. Becky called up Ted and he gave her a ride to and from the party. They were not together at the party and he did not come in after he brought her home. (did stop at He had his beige VW at this time. The next time she saw Ted was Sunday morning, June 23rd, 1974. She was at Susan Reade's house having brunch. Tasty and Ted just showed up. They had a breakfast and everyone drank for a couple and Ted and Becky got together - they were dancing and kissing and so forth. Becky had to bring her car to her parents house and so Ted followed her over there (9612 8th NE) and then gave her a ride home. He came to her house and stayed for about 1/2 hour. They talked and necked. At 8:00 p.m. Becky had an appointment for dinner and got home around 11:00/ Ted had said he'd come back and he did at 1/2 midnight. He spent the night and they had intercourse and he left the next morning around 8 or 8:30. He was going to be late for work in Olympia she recalled. On Tuesday or Wednesday of that week and asked her for a date for Friday night. On Friday night he was late getting to Becky's and he said he was tired and cold. They went to Susan's and waited for Larry Voshall and they all went together in ~~xxxxxx~~ Susan's car to Bellevue & to Dianex Barrick's house for dinner. After dinner they went back to Susan's but didn't stay. Ted brought Becky back to her place and spent the night, having intercourse again. There was nothing unusual about his sexual behavior either time ~~xxx~~ Becky was with Ted, however on this Friday night Ted seemed different, withdrawn, colder. She thought something was bothering him or he was preoccupied.

The following morning at about 7 or 8 am Ted left to get ready for a raft trip ~~and~~ they had planned with Susan and Larry. They left around 10 a.m. and stopped in North Bend. Becky thought Ted was getting impatient. At this point it seemed to Becky that Ted did not want to talk to her or be there, he was ignoring her. She remembers him being gone less than an hour, while going to get his keys and Susan's car. On the way home to Seattle Ted and Becky hardly spoke. He helped her carry her things up to her apt., kissed

The ticket was for 7:30 p.m. on Western but she remembers the flight being overbooked and flying earlier in the day.

A message was left at the law school at UBC for Nancy Scherer to contact this office.

R/O had phone contact with Dick Rolfs who knew Ted at Dept. of ES. He knew him socially also. He and Nancy Scherer and Carol Boone Anderson visited Ted in May of 1975, date unknown. He attended social functions during the summer of 1974 that Ted was at on weekends and weeknights. He had heard of Bundy through the Republican party prior to meeting him in 1974.

During the visit to Salt Lake Ted was doing a lot of studying. Rolfs seemed to be a good friend of Bundy's and not have a lot to say.

0815 hrs. Phone contact with Liz Klepfor, who advised that Ted's grandparents (last name Cowell) lived in Philadelphia and his grandmother died about a year and a half ago. His grandfather is still alive and living there. John Bundy's parents live in the Ozarks. John Cowell Sr. and his wife live in Arkansas. Liz also said that John O'Connell, Bundy's attorney said that Ted might be charged with crimes occurring in Colorado. She recalled the warehouse that John Mueller went to with Ted in West Seattle - ~~and~~ This warehouse belonging to Muller's father of business. In September (early) and late August of 1974 Liz's car was wrecked and she was driving Ted's car as Ted had wrecked hers.

0900 hrs. Phone call received from Nancy Scherer who teaches zoology at the University of British Columbia. She met Ted around July of 1974 at ~~Salmon Creek City~~ Dept. of Emergency Services. In Mid May of 1975 Nancy, Carol Anderson and Dick Wolfs got tired of Olympia and decided to go skiing in Salt Lake and stayed with Bundy - they told him they were coming. This was the last weekend that Brighton would have been opened. Carol Boone had called and or written Bundy a few times during the past year. Carol had a ten year old son. She was also considering going to Salt Lake over Christmas of 1974-1975 but didn't for some reason.

While they were in Salt Lake, Ted was nice, she remembered an English Racing Wheel hanging from the ceiling on a chain and a meat hook similar to a chandelier. Nancy never went out with Bundy alone. The social events they went to where group type things associated with the baseball team.

Nancy recalled Ted living with his parents in Seattle (she thought this unusual. After the baseball games they'd drink beer and sometimes Ted would stay all night with Dick and Nancy who lived in the same house. They also gave Ted a key to their house. He stayed about 3 times. He possibly stayed at Carol Anderson's house also. Ted would sleep on the couch. There was no physical relationship between Ted and Nancy or Carol or anyone at DES. These baseball games were probably on Wednesday nights and never on the weekends. The last time Nancy saw Ted was May 1975.

While in Utah Ted said he had been going regularly to Mormon Prayer Meetings but was not thinking of joining. Ted had a "neat" girlfriend named Pandora, about 5'7, short blonde afro, think, freckled, attractive. She was still attending school but also had her own catering service. They took (Ted and Pandora) Dick, Carol and Nancy to The "Sun" a homosexual bar. Ted had been there before but Nancy thought him uncomfortable there.

In Salt Lake Ted did not talk about skiing in Colorado in fact his binding wasn't working right - he said he hadn't been skiing for some time, ~~and he didn't~~ They rode in Bundy's old pickup, which hadn't been driven for awhile it needed gas and oil. Ted's apt. was decorated well, he had cut articles out of magazines depicting apt. rooms. Nancy did not notice anything unusual in

Ted's apartment.

She also recalled that after work nearly every day Bundy would be on the road for Seattle and always on the weekends. The only social events she was involved with Ted in were baseball related. Ted attended games at the beginning and the end of the summer but rarely in the middle for some reason - she thought because he was pretty busy with the budget. She remembers that he played at the end of the summer and had lost about 15 pounds from working so hard. He goofed off initially at D's and had to make up for it. He looked sickly to Nancy before he left for Salt Lake.

Nancy's phone # 228 4797, 4680 W. 11th, Vancouver V6R 2N7. She is originally from Springfield, Oregon. Her folks have a cabin on the Oregon coast. Ted has never been there.

0900 hrs. Phone contact with Liz Klepfor. She does not know of Ted ever living at 1252 15th Ave, Seattle. He never drove a truck to her knowledge until he bought the one in Sept. of 1974 which he located through the want ads.

On the weekend before August 31, 1970 she and Ted drove to Salt Lake and returned through Portland on Sept. 4 or shortly thereafter. She does not know of Ted's being in Calif. in 1970.

0930 hrs. Phone contact with Mary Chino who inquired as to Ted's custody status as she wished to travel to Salt Lake to visit her family.

0 30 hrs Phone contact with Steve Butler, 583 4395, who is employed by SPD. He recalled having met Bundy in the winter of 1973 at Fourth and Cherry when Bundy ran into Butler's car. Bundy was driving a VW at the time and had a white male with him. It occurred about noon or 1:00 p.m. ~~xxxx~~ on a Sat. or Sunday. Bundy didn't want to go through his insurance company and said he would pay Butler. Butler paid for the damage himself and hounded Bundy about payment (\$23) and finally wrote Bundy a letter for the money. There was much damage to Bundy's car a bunched in left bumper and fender in front. Butler will check his records to determine the date of the accident and recontact this office.

0900 hrs. Phone contact with Janet Fisher, ex roommate of Edna Cowell, phone 582 2100. She lives with Edna at 905 NE 43rd from Sept. of 1973 until June of 1974. Janet graduated in December of 1974 - lived in the apartment alone after Edna moved out in June. She knew Ted Bundy only through Edna - he came over for dinner and drinks on one or two occasions - possibly John Cowell was there. On another occasion - around Christmas or the first of the year Bundy came over and made some hot saiced wine. Ted wasn't the type to drop in. On this occasion Edna, Ted and Janet went to the Windjammer in Ballard they all paid in cash. Janet will try and recall the date they went out. Janet never dated Ted socially.

During this time Ted was attending law school at UPS - One time Edna and Janet went to Ted's apt. looking for him but he was not home. Janet also thinks she may have seen Bundy on the street in the U. District ~~and~~ but was not sure if she recognized him. She did see him out one time near her apartment.

Janet does not know Lynda Healy. During 1973 Edna went to Hawaii for Christmas. Janet has gone places casually with John Cowell.

On the night the three of them went to the Windjammer they stopped at a bar right by the Locks - the ~~Light Spot~~ ^{Lock} and met two guys who came back to Edna and Janet's apartment. They played cards or something until 2 or 3 a.m. and the two guys left. Shortly after that Ted left.

Edna has a boyfriend, Don Martin, whom she has been seeing for about 5 years. He lives in Longbeach on Hoods Canal and can be reached by leaving a message at the General Store.

1000 hrs. Personal contact with Helen Skolem who was shown photographs of Ted Bundy - she does not recognize him. She also did not recognize photographs of the necklace that Bundy had. She also said that if Bundy were ever to go to Dantes it would have been on Thursday night (\$1.00/pitcher night). She said that Pete Weil works for Metro Transit.

Contacted Freda Rogers at her residence and requested that she locate any telephone bills that Bundy may have made calls on. She will contact R/O if she can locate any but she usually throws them away after taxes.

R/O received a ~~xxxxxx~~ photograph from Diane Edwards of her and Ted Bundy.

R/O received a phone call from Gloria Hamilton who advised that some of Bundy's bank checks were available.

1430 hrs. R/O contacted Gloria Hamilton at Rainier Bank and picked up same.

1500 hrs. R/O had phone contact with John Giese, Office of Community Development, Olympia, 753-2203. He advised he knew Bundy through Republican work. John and a friend, Tim Clancy, used to go to Oregon to visit mutual friends, Tim and Margie Boverman who live in Hoskins, Ore. which is a farm, 25 miles W. of Corvallis. Phone 503 463 4245. Giese did not think that Bundy knew the Boverman's although it is possible that they met at a fourth of July picnic in Seattle a couple of years ago.

On one occasion Bundy, Jim Waldo and Giese went to the Melux Tavern for a drink - in 1972. It would not have been unusual for Bundy to do doorbelling in the campaign. Ted was at the parties after the primary and general elections.

Giese last saw Bundy before he went to UPS Law School. Bundy knew a lot of the people that worked in the Sec. of State's office under Bud Kramer. It would not be unlikely for Bundy to go to Salem or Sacramento on Republican business and Tom McCall of Oregon did some t.v. ads for Evans's campaign in 1972. Tim Clancy is currently in Europe.

Mrs. Rogers stated she was in poor health and getting upset because of all the questions regarding Bundy. If she does locate the receipts she will call this office.

1000 hrs. Phone contact with Liz Klepfor and arranged to see her the following morning.

Phone contact attempted with Joe McGarrick - negative results

1030 hrs. R/O had phone contact with Steve Butler who advised that he had his car repaired about two weeks after his accident with Bundy which would have made the accident around the last of October or first of November of 1973. The date of the estimate was 11-28. The accident was not reported.

1130 hrs. Phone contact with Pete Neil, 447 6783. Pete works for Metro. His home phone is AT 4 4804. He was at Dantes Tavern with Lynda Healy on January 31, 1974. He does not recognize Bundy's photo nor his name. He will call this office if he can think of any connection between ~~him~~ Bundy and Healy.

Phone contact with Jake Fey, DES. He was manager of the baseball team for DES and has obtained a copy of the schedule which he is forwarding to this office. There is one game that Bundy definitely attended on July 25th with the Attorney General's Office. The season started on Wednesday, June 26, and all the games after that were played on Wednesdays. Ted didn't show up for all of the games probably about 3 or 4 out of 8 or 9. They played the Attorney General's Office two or three weeks later & it is unknown if Bundy was at that game. There were no practices for the games and all except the last games were played at St. Martin's. The last game was played at Timberline High School. The games started around 6:30 p.m. and continued until about 8:30 or 9:00 p.m. Jake recalled going to a tavern after the game a couple of times that Ted went also. Jake is forwarding notes from the games and any pertinent info. as well as a copy of the schedule of the games (5) There were other games, including playoffs that Ted may have attended on the following weekends.

Diane remembered Ted's being bitter about his experience with Arborview or the Crisis Clinic, he felt it was a useless effort.

The only times Diane can place Ted in California are in the summer of 1967, the fall of 1969 and in the summer of 1973. She also recalls the photograph of him taken with her right after his beard was shaved off.

0845 hrs. Personal contact with Mary Whitney, Seattle Orthopaedic & Fracture Clinic, 801 Broadway, 622 7385 and served her with a subpoena for the medical records of Ted Bundy. R/O received copies of a physical examination done on Bundy in Sept. 1973 for a sprained ankle.

0940 hrs. Phone contact with Joe McGavick, Regional Commission for HEW - 442 0425. He advised that Bundy worked for him while he was working for King County, that Bundy did a research project on a contractual basis. The purpose of the project was to determine if the Dept. of Rehabil. Services did any service to middlemenants to prevent them from being reentered into the criminal justice system. The project was given up after 90 days and involved research through King County DPS records.

Bundy was referred to McGavick "probably" by Rita Putterworth, who is on the Board at Western State College and whose husband is a judge with Seattle ~~Minnik~~ Municipal Court. He may have been referred by Jim O'Connor from law and justice planning. It was less expensive to hire Bundy than it was to hire a consultant, although Bundy was actually hired as a consultant. McGavick thought Bundy was a doctoral candidate with experience in corrections.

Ted did a good job for McGavick although he didn't finish his project and turned in no final report. He therefore was not paid his final check. There may be copies of reports Bundy did in Jack Lynch's Office in the County Executive's office. Also, Mary Stea, 344 2517 (Dept. of Public Works) may have information on Bundy and so might a Mike Wilkins.

The last time McGavick saw Bundy was at Ann Engle's party in Bellevue, (perhaps the party Laurel Slanika took Ted home from). This was in 1973. He describes Ted's voice as articulate, possibly with an Eastern accent.

1030 hrs. Phone contact with Mary Stea who recalled Ted was hired on a consultant's contract, through County Law and Justice Planning. Mike Wilkin's secretary, Mill Milestone would know Bundy although Mike wouldn't. Joe Burnsten was in charge of Law and Justice Planning and might know about Bundy's work. The original contract of Bundy's said that his report was not due until April of 1973 however the report was not completed and no final payment remitted. McGavick tried to reach Bundy several times regarding the check to no avail. Mary also thought that Carol Locke, 344 3434 might have copies of Bundy's original contracts.

1100 hrs. R/O had phone contact with Carol Locke and arranged to view those contracts at 1300 hrs.

1100 hrs. ced. Personal contact with Liz in this office.

She recalled Ted's car having primer on the right side and the front. She viewed a photo of the car taken by Salt Lake County and said Ted's car looked browner than it appeared in the photo.

During August of 1973 Ted was driving Liz's car.

He got in an accident at 16 NE and NE 52, someone hit him, so Liz used Ted's car on and off while getting hers fixed. She knew that Vortman's had a white VW. She didn't know Ted to drive Ross Davis's car or borrow credit cards from anyone.

She knew about the bicycle wheel in Ted's apartment. He kept it behind his desk and went with him to buy some things for holding it up (chain, meat hook) Also he had the wheel for approximately one year prior to going to Salt Lake.

Ted talked about doing a report on assaults on women with Liz and went to Battelle to discuss it with someone.

Ted got a ski rack of his own in Christmas of 1974.

He did not have a car in 1970, they went to Utah late in August.

During the first part of their relationship until August of 1971 Ted spent nearly every night with Liz.

After that he spent only a few nights per weeks with her.

When he worked at Tedline it was at Boat Street and University Way.

Sometimes when rafting Ted would get beer and drive drinking but not as a habit. They went on picnics near Index, a few years ago, but not many times.

She also advised that Ted called her Thursday and that she told him she had contacted the police in Oct. 1974. He told her he understood and that she should have talked to him first. She also talked with John O'Connell and did not repeat details of that conversation.

She never had any communicable disease from Ted. and Liz's car was wrecked on August 24, 1973.

She went to visit Mary Chino in California in Nov. 1973 and returned on the Sunday following Thanksgiving and Ted's birthday. She had him over for dinner on November 27th to celebrate his birthday. She verifies this through her check books and checks to a liquor store.

13.0 hrs. Phone call received from Mary Chino inquiring as to the name of Bundy's attorney.

Phone call from Becky Gibbs who believes the date she saw Bundy this summer was June 10th (1975) between 7 and 3 pm.

1315 hrs. Phone contact with Liz. She gave Ted her Union Credit Card before he went to Salt Lake the first time and he mailed it back to her after he returned to Salt Lake on Sept. 18, 1974.

0930 hrs. Phone call received from Det. Barcliff - Thurston County, who advised he had made initial contact with Tom Sampson and would be seeing him at 1600 hrs date. Sampson stated that after Bundy came to work at DES he used to meet Sampson and they would play racquetball at Evergreen State. Sampson didn't think Bundy was familiar with the college.

Sampson also saw Bundy at the UW campus around the middle or ~~end~~ end of February 1974 in the library - Ted was studying.

Sampson recalls the assaults on women project and will attempt to locate a project. Sampson knew Bundy from Seattle Crime Commission and has been drinking with him - dates unknown. Sampson still attends Evergreen College. Sampson also has a pamphlet regarding reporting burglaries from the Seattle Crime Commission.

Barcliff thought that possibly Bundy might be involved in some obscene phone calls as a woman, Ms. Long, from DES got some obscene phone calls around the time that Bundy was working there and parking his car near hers. Also, [redacted] got obscene phone calls from someone with an English accent. They are also checking Tye e Motor Ann records for any record of Bundy being there.

There is also a July 1974 case at Evergreen College of a coed being attacked in the laundry room and her assailant being scared away. Times reporter Richard Larsen showed the victim a photograph of Bundy as stated that her assailant resembled Bundy.

1100 hrs. Phone contact with Liz Klepfor who has gone through her personal checks again. She was off work on Monday, March 11, 1974 and Tuesday, March 12, 1974 as Molly, her daughter was sick. Liz knows she talked to Ted on March 11 as she wrote a check to Argus newspaper and got the address from Ted. Also in March she bought some furniture and it was delivered on one of the days Molly was sick. Ted came over and helped her move the furniture, during the day. Liz will check to determine the exact day from the store. (Frederick Nelson - item a wardrobe)

She also believes that Ted returned to Seattle on June 8, 75 for a visit. She thought he shaved his beard on January 20, 1974.

1400 hrs. Personal contact with Liz Klepfor, Det. Neppel and Liz Klepfor, and Captain Mackie this office. 10-30-75 0810 Phone contact with Diane Edwards, Diane stated that while Ted was at Stanford for summer school he stayed in a freshman dorm - she remembers because she visited him there one time. He also came to see her one time that summer, rode his bicycle from Palo Alto to San Mateo, as he had no car. Ted was studying Intensive Chinese at the time. He flew to California initially. During her junior year (before Ted was at summer school) Diane had told Ted she didn't want to see him any longer. This was in the spring, of 1967. Diane attended summer school at UW that summer and wrote to Ted at Stanford. She remembers also that on July 8 of that year she turned 21 and went to dinner with Ted in San Francisco. She doesn't remember how this happened as she doesn't think she flew home just for that, although she may have. She did not let Ted use her car at this time.

Diane said that Ted wouldn't accept the fact that she didn't want to see him any more. He acted like he was falling apart and wouldn't understand. While he was at Stanford he wrote letters to her regarding this. The reason she broke up with him was because he couldn't be trusted and was so different. Looking back she feels that the way he treated her in the winter of 1973 was revenge for how she had treated him. At this time she was ready to use all of her savings to send him to law school - but he lost interest.

When Ted showed up in the fall of 1969 to see Diane in San Fran. it was basically to try and get back together again. He stayed a couple of days but Diane can't recall where he stayed. Ted seemed to want Diane's approval for things. She criticized his manners and lack of confidence on occasion, he

Diane is familiar with John Duffy who lives on a boat in San Fran. She will try to locate him, or a number for R/O. John was Ted's floor advisor at the UW and didn't care for Ted.

Diane also remembered a Chinese professor of Ted's at the UW who Ted was close to.

When they first went together Ted and Diane's sexual relationship was tender but markedly different after 1973 when he thought he was a "cool dude" with much more sexual experience. Since the last phone call in 1974 Diane has not heard or seen Ted.

Phone message left for Mary Ann McLaughlin, K. C. DPS.

Phone contact attempted with Don Martin - negative results.

0900 hrs. Phone contact with Mary McLaughlin. She was with County Law and Justice Planning when Ted Bundy worked there. They worked along with Jill Milestone for Joe Brunsten. Ted worked on his own project - a hopeless, make work project. He was mostly involved with trying to decide on a good law school - he talked mainly about the UW law school and was sending out letters at this time. Ted worked every day, and Mary left in April of 1973 before Ted left. Joe Brunsten has since left Law and Justice Planning.

Bundy was referred by Joe McGavick and paid by research funds from the X County Executive's Office. Burnsten describes Ted as bright, articulate, but he didn't finish his work. or receive his last check. Burnsten recalls Ted finishing up his degree.

Bundy was politically active particularly in the Evans campaign and talked about the clever things that he did or that could be done in a campaign. Bundy talked like he was responsible for asking questions that were embarrassing publicly to Rosellini. Bundy seemed to take delight in tripping up Rosellini and ~~xxxxxxparticulartlyxx~~ was involved somehow in the speech in which Rosellini called Gov. Evans, "Danny Boy".

Bundy worked in the late afternoons and sat near a couple of girls, one Asian, from the UW. One was an intern from the School of Public Administration - Gail Rothrock.

1030 hrs. Phone contact with Ron, Cains Rentals, who advised that on June 16, 1974 under contract #19888 Bundy rented a power mower from 12:34 until 2:30 p.m.

Statement of 11-5-75 Det. K. McChesney

0900 hrs. Phone contact with Diane Edwards. She has tried to reach John Duffy's sister, Pat, 415 931 2961 with negative results. She contacted the federal reserve board (where Pat allegedly works) and they have no record of her. Diane does not know the name of John's last employer,

Diane has verified that she attended the UW in summer quarter of 1967. In 1973 when Ted came to San Francisco he arrived at the airport Diane picked him up and took him to the Sheraton Palace. They had some drinks then and the next day she moved him to the Mark Hopkins Hotel. Then Ted went to Sacramento and returned for the weekend which he spent at Diane's place at 2151 California Street. She thought he sent her the flowers around her birthday or Valentine's Day of that year.

In 1969 in the spring (prior to April 1) Diane visited a friend who was attending Swarthmore College, in Philadelphia. She had been corresponding with Ted at Lafayette Hill, Pa. and tried to look him up through his grandfather Cowell but was unable to do so. She thought that possibly Ted would have tried to track down his real father in Philadelphia while he was there.

It was during the spring of 1969 rather than the fall that Ted showed up in California to visit Diane. It was not long after Diane started working at Wells Fargo bank (she had told him about her new job by letter or phone) that Ted came to see her and stayed with her. She was sharing a place in San Francisco with friends. She thinks Ted hitchhiked to get there. For the weekend they drove to Mendocino and stayed in a motel for one night, they took Diane's car.

Diane thought that possibly Bundy's college roommate's name was Larry Grace.

0930 hrs. Phone call from Sgt. John Johnson, Santa Clara Cty. SO. requesting copies of Bundy's gas receipts for 1974. He was referred to Det. Butch Carlstadt, Sonoma Cty. SO. He is forwarding a copy of Bundy's records from Stanford University.

100 hrs. Phone contact with Carol Boone, Vietnamese Asst. Program, DESM Olympia, 753 1680. She said she was close friends with Ted Bundy, meeting him after he came to work at DES. They would go to lunch together sometimes and would sometimes give her a ride home from work. Sometimes he would come inside her house to say hello to her son but never stayed the night and they never dated socially. She did not ~~xxxxxx~~ see Bundy on the weekends. On July 14th she attended a party for a friend but she's quite certain Ted was not at the party. Around the first of June of 1974 Carol's uncle died and she was also moving. She went out of state to attend a funeral and is quite sure that she wasn't with Ted on June 11th and probably not on June 1st as she was moving and Ted didn't help her move.

After the incident at Lake Sammamish Carol and others kidded Ted about having a Volkswagen and being named Ted. He made jokes back and they also talked about Donna Manson's disappearance and Ted did

Carol said that Ted was a good friend to her - she was seeing a man whom Ted knew and he helped her get through that relationship, and was supportive of her when her uncle passed away. She said she had her own activities at night which did not include Ted ~~HOWEVER~~ Carol lived in Olympia at this time. Sometimes she would visit her parents in Seattle on the weekends but did not visit Ted in Seattle.

Phone contact attempted with Warren Dodge - negative results.

Phone contact with Mary Chino who is a friend to Ivan Weiss because she was a neighbor of his on Westlake (in a houseboat). She said that Ivan knew Ted Bundy minimally, through her and her friendship with Liz. Ivan works for the Seattle Times. Ivan did not care for Ted personally. On one occasion, Ted called Liz while Liz was attending a going away party for someone at Ivan's. Liz talked to Ted for quite a while because Ted was feeling down about something.

R/O left a message for Ron Martin at the Longbranch General Store.

1230 hrs. Phone contact with Hugh Stubbs owner of 4 [REDACTED] 8th NE, former residence of [REDACTED]. He will obtain all the previous resident's names and recontact this office tomorrow.

Phone contact with Cheryl Martin, CWSC Security who advised that she learned that a person from the public defender's office in Seattle was doing investigative work for Ted Bundy here.

R/O received information that Alice Davis, former bailiff for Judge Morowitz was collecting money for the Bundy defense fund in the Courthouse and asked to stop doing same or be dismissed.

R/O mailed copies of Bundy's credit card purchases to Sgt. Johnson, Santa Clara Cty. S.O.

Phone contact with Mrs. Lewis, Pacific Telephone Security Oakland who advised that they are not sure if they can learn the name of the subscriber who had Ward Young's phone previous to him but will attempt to find out if it is that important. She requested the formal request be made through Pacific NW Bell security. R/O had phone contact with Mary McKinnon, PNWB and requested same.

R/O attempted phone contact with Ward Young, Oakland, his phone has been disconnected.

1500 hrs. Phone contact with Carol Boone. She is certain that she did not see Ted Bundy on July 14th and that she was out of town on June 11th. In May of 1975 she and Nancy Scherer and Dick Rolfs spent 5 days at Bundy's as they went out, skiing and horseback riding.

Phone contact attempted with Butch Carlstad - out of the office.

Phone contact with Capt. Ingram, UW Police who advised that Sgt. Mudgett was obtaining the information from the UW Law school re: Bundy.

They would have stayed at the Red Lion in Richland (Susan and Larry) Susan also recalled Bundy doing a lot of work in Art Fletcher's campaign.

Susan thought that perhaps Jim Waldo might be hesitant to talk at length about Bundy because he was grateful to him for Bundy's help with the party.

1530 hrs. Phone contact with Don Martin, boyfriend to Edna Cowell. He has seen Bundy a total of 8 or 10 times mostly at Edna's apartment on NE 43rd. A couple of times he brought wine to Edna's.

Don doesn't recall if Ted visited Edna on 90th Ave. NW.

Don said that Ted never came to Don's residence - Don wasn't living in Seattle at the time. Don attended Seattle University. Don describes Ted as a nice guy, but a hair strange. He was polite, but different. Don thought Ted liked Edna more than just a cousin. Don did not know the rest of Bundy's family.

Don and Ted generally talked about politics and the "osellini campaign. Edna built up Ted a great deal.

Don did not meet Liz Alepfor but heard about her after the "case broke" from John Cowell who said that Bundy was too busy to have killed any girls. It is possible that Ted spent the night at Edna's. Don saw Ted at John Cowell's apartment one time.

After the incidents at Lake Sammamish Don joked with Ted about being the suspect and Ted had no abnormal reaction. Ted never gave any presents to Edna that Don knew of.

R/O left phone message for Carol Williamson.

0900 hrs. R/O had phone contact with Art Fletcher, 202 331 1965 of Washington DC. R/O first spoke with Mrs. Fletcher who knew Bundy through her husband's campaign. She said that Ted drove Art to different sites in Washington through the Action for Washington organization. The campaign committee usually provided a car for Fletcher's would use their own car. Mrs. Fletcher hasn't seen Bundy since 1968 after the election. Ted became involved with them after the primary. Mrs. Fletcher never saw Ted with any girls, described him as hardworking and politically astute.

R/O spoke with Mr. Art Fletcher who said that Ted was his driver in his 1968 campaign, furnished through Action for Washington. They drove a Chevy dealer's car or Art Fletcher's car. Tom Miller, of the County Young Republican group gave Bundy's name to Fletcher, he thinks.

Ted's job was to coordinate and be advance man for the campaign. Ted and Fletcher spent the night in hotels around the state occasionally. After the campaign progressed there were some threats made on Fletcher's life and Bundy stayed with the Fletcher's for their safety. They used a penthouse belonging to a guy named Parker from Bremerton, in Seattle. Ted slept in the extra bedroom by the door but did not carry a firearm to protect the Fletcher's at Fletcher's request.

Fletcher describes Ted as dedicated and dependable and not shy. Ted knew his way around the state, had no anxieties about talking to strangers. Fletcher met Bundy's parents in Tacoma and recalls Bundy going off to Philadelphia to attend law school and got a congratulatory letter from him in March 1973 when Bundy was working for Ross Davis.

Fletcher was going to offer Bundy a job with the labor department but Bundy was involved heavily with law school, he thought.

Diane Edwards ✓
who is now married to William ZUENDT and living at 1200 GAUGH ST. San Francisco, California home ph. unknown but was last working at Wells Fargo bank #415-347-0651. They lived at McMahon Hall and so did BUNDY.
11. BUNDY and Diane became friends, starting dating and fell in love. Marleigh did not like Bundy and was not impressed by him. She got the impression that Bundy was effeminate and spoke with some sort of accent not identifiable as Washingtonian. When He and Diane got in a beef Bundy would counter with stories about all of the women that he had contact with and who did him favors, and trying to put Diane down. Bundy didn't have a car and Diane had to drive him around everywhere. Marleigh thought that Diane was out of Bundy's league and that he was only interested in her money. Bundy did not have a major when she knew him but he was interested in Chinese culture and language.
12. In July, 1967 Bundy got some sort of a grant or scholarship to attend Stanford to study Chinese so she and Diane went down to visit him on the campus.
13. During the next school year, 67-68, she and Diane lived in an apartment near N.E. 62 and 2 N.E. Bundy didn't come around as much although he and Diane were still dating. Marleigh got the impression that he was not in school that year.

14. While staying at McMahon Hall, another tenant who had contact with Diane and Bundy was:
 JOHN DUFFY
 who now lives in San Francisco also.
15. Diane moved to San Francisco in March, 1969 and has lived there ever since.
16. Diane reported that Bundy would pop into town occasionally during 1969 and say that he was travelling around the country
17. Marleigh and Diane corresponded for a time and arranged to meet right after Christmas 1973. On 12/27-28/73 Diane came to Seattle, Marleigh invited her and Bundy over for dinner but Bundy couldn't make it because he was tired from working on the campaign. Diane came over in Bundy's Light Brown Volkswagen (about the color of a cardboard box). Diane said that they were engaged and would eventually be married, but he was going to go to Law school and she was returning to California.
18. At this time Bundy had a full beard and Diane still seemed unsure of him and their relationship.
19. As soon as the news of Lake Sammamish broke, Marleigh thought that the suspect could be Bundy even before the composite was published.
20. In late August or early September 1974, Diane wrote and said that she had broken off her relationship with Bundy and wrote "that she shuddered when she thinks how close she came".
21. Diane is described as a white girl possibly of Jewish descent, 5'10 to 6' tall with long black hair and olive complexion and strikingly beautiful.
22. Marleigh described herself as 5'4 long dark brown hair parted in the middle with grey eyes. Bundy always acted uneasy around her and he may have viewed her as a threat to him or his relationship with Diane.

150. 10-28-75 1300 hrs. Contacted Det. Harry Hansen at Tacoma P.D. along with Pierce Co. Prosecutor Don Herron, DPA Jerry Cronk and DPA Jerry Witt to review their rape case on 11-20-73 and I received a copy of all of Bundy's Tacoma School Records which they had obtained under a subpoena.
151. Tacoma's case has apparently fallen apart since Bundy had a beard at the time.
152. 1425 hrs. Det. Hansen and I contacted Jack Beer who is the Principal at Wilson High School. The only records that they had on Bundy had been previously obtained in the master file. Beer didn't remember Bundy for excellence or as a problem student of any kind. And since the school file didn't include any comments by counsellors, Beer said that there wasn't anything worth keeping. Beer said that one of Bundy's former teachers was dismissed from the school for homosexual activity.
153. A few of Bundy's teachers were still at the school and I interviewed them in Beer's office.
154. Marvin Scott was Bundy's econ. teacher and even though he gave him an 'A', Scott couldn't remember Bundy
155. Claire Sherwood was Bundy's physics teacher and didn't remember him at all.
156. William Koenig was Bundy's French teacher for two years and is very, very effeminate. Koenig remembered Bundy quite well and thought he was such a 'wonderful, intelligent and warm person'. Bundy told him that the reason he wanted to take French was because his grandfather spoke french. Bundy got a chance to talk to some French students while skiing at Crystal. Bundy was pleasant and responsive and even though Bundy didn't have much of a father figure at home, Koenig didn't feel that he was Bundy's father figure. Bundy was not a group conformist but rather an 'original thinker'. I did not pry into any sexual discussions they may have had.

167. Stotland interview - continued - After the campaign, he ran into Bundy a few times after that and had him to their house where he got along great with their youngest daughter and "threw her up in the air". His best working relationship with Bundy was on the Seattle Crime Commission.
168. Stotland didn't think highly of Tom Sampson and it was his impression that Bundy took Sampson's place. Bundy developed an interest in White collar crime so Stotland advised him to contact Reg Bruce of the State Attorney General's Office for research data. However Bundy was not received well by Bruce and got thrown out of his office.
169. Stotland couldn't remember any papers that Bundy authored but said that his supervisor on the commission was Attorney Alan Hall and he should have some recollection of any work that was done.
170. There was nothing about Bundy's behavior that would indicate any deviant or gay inclinations, and the Stotland's frequently spoke of how nice it would be to have Bundy or someone like him for a son-in-law.
171. Influential people in the Republican party at the time were Andrew and Edith Williams who lived on Vashon or Bainbridge Island.

Phil Bronson who lived in Medina and hosted a lavish lawn party for Rockefeller when he was in town.

They may be able to provide any Oregon friend or Republican party connection because Bundy didn't mention any to the Stotlands.
172. Bundy, Tim Clancy and another guy had planned on going to the Republican convention in Miami in 1968 but the Stotlands didn't know if he went or not.

who was a student teaching assistant at the U of W. She was the leader of a research group that included Lynda Healy and a few other students. She knew of no direct connection bet. Healy and Bundy but will check with associates who might remember them in a class or group together. She thinks that she had a class with Bundy in the Spring of '71 in Deviant behavior of children and looking at Bundy's class schedule, he had Psych 410 at the time and it was Deviant Behavior. She said she probably saw him at the Northlake Tavern and maybe at a private party given by another T.A. but she couldn't be sure.

Statement of DUNNITEM:

196. Barnard interview - continued - library about 1230 hrs. He was wearing a dark colored sling and was just loitering around.. The second time he saw him was near the Arctic Circle drive-in at about 2100 hrs. The guy didn't seem to belong to the campus scene. He hasn't seen pictures of anyone in custody in Utah. He will come into the office on 11-17-75 at 0800 hrs. to look at photos.

197. Barnard went on to say that he drove back to Seattle that same night around 2300 or 2400 hrs. As he was about 10 miles east of Issaquah on I - 90 he saw taillights on a sideroad near the highway but could only notice that they were small and roundish like a foreign car.

198. 1520 hrs. Called Maxine Mimms' office 866-6464 and 866-6423 but she was not in and a msg. was left for her to call.

199. 1545 hrs. Called C. Montgomery "Gummy" Johnson
b/p 943-5513
h/p 943-3462

Who said that he was the Party Chairman during the Evans campaign in '72. He saw Bundy around some of the functions and chatted with him but never got to know him personally. He says that each candidate has a budget for each election and workers who are reimbursed are paid out of the fund of the particular campaign they are working on. The 'Party' doesn't foot the bill., and he doesn't know if records should have been kept by each chairman. Often times the records, if they are kept, wind up in someone's basement and are forgotten.

200. The party treasurer who should know if records are kept or should be available is:

Vern Biggs b/p 943-1550

He is a CPA who also does Gummy's private and personal accounting for his consultant firm and Gummy's name should be used as a reference when Biggs is contacted.

201. Other people in the Republican party who may have known Bundy and his activities are:

a. Jim Dolliver and Ralph Monroe b/p 753-6780
who are aides to Gov. Evans.

b. Ron Robinson h/p 232-2121 and b/p 232-4200

who was an Evans campaign worker, at the time of T.B.

c. Jay Gilmore works for Boeing computer services.

who was Evans' campaign manager in '72 and

may know about access to cars and/or credit cards

202. Johnson interview - continued - The only Oregon connection that he could think of in the Republican party was either Jack Kane or Jim Waldo and they have both been contacted.
203. 11-6-75 1320 hrs. Called Jim Dolliver's office 753-6780 and left msg.
204. 1400 hrs. Called Larry Voshall 753-7820 to review Republican politics. He said that the convention that was held in Richland on 7/6 & 7/74 was a statewide nominating convention and all good workers should have been there. Bundy was seen at Lk. Samm. St. Pk on 7/7/74 by Wallbom and Shober.
205. He said that records of workers' expenses and salaries for each campaign are declared with the Public Disclosure Comm. and the Director is Graham Johnson 753-1980.
206. Voshall got the impression that Bundy was above the level of 'grass roots politics', i/e/ doorbelling for minor candidates or legislature. He felt that he only moved in the higher circle of candidates such as Evans, Kramer, Fletcher, Gorton et. al.
207. Bundy was probably active on the campaign of Lud Kramer in July to the time he left for Utah in Sept. 1974. Kramer ran against Don Bonker from a legislative district that included Vancouver, Chehalis and the rest of S.W. Washington. Voshall will attempt to get Bonker's appearance schedule on the chance that Bundy was following him around gathering intelligence data.
208. Bundy may have worked on the campaign of Bob Santos in '73
209. If Bundy was a precinct committeeman, he would be on the rolls of the King Co. Central Republican Committee. and the Chairman there is Dennis Dunn
210. Ross Davis should have the schedule of all statewide events or workers around the state headquarters.
211. 1420 hrs. Called Ross E Davis, Chairman of Rep. St. Cent. Comm
595 Industry Dr. S.
Andover Park E.
Tukwila b/p 248-0560
and arranged to meet him at 1045 on 11-7-75.

222. 1600 hrs. Rec'd call back from Dr. Patricia Lunnaborg who was Bundy's advisor at the psycg Dept. at the U of W. She is totally pro-Bundy and knows that Bundy has been falsely charged. She said that his interests were in the political realm of psychology and had no interest whatsoever in children or retarded kids as did Healy. She said she looked back over their class schedules and found no classes that they both had. However, I mentioned the fact that their class schedules both showed they were in Psych 499 during winter and Spring Quarters of 1972 and she said that there are 60 professors in the psych dept, and any number may have been conducting separate research classes and may never have had contact with each other. To her knowledge, Bundy was never associated with Camelot house even though he did his research with Dr. Scott Fraser.
223. She last saw Bundy in the summer of '72 when he was working at H.V.H. as a mental health counsellor. She hadn't heard of him stealing any patient's files from H.V.H. She said that she did not recommend Bundy for a job at the Seattle Crime Commission. She said that she will do all she can to assist T.B. and will appear as a character witness if she is asked.

Who is also an avid Bundy supporter. She first met him during the '72 Evans campaign when she was the Campaign secretary and Bundy was doing advance work. She saw him at party functions off and on. She went to a graduation celebration party that Jay Gilmore had for Jim Waldo when he graduated from law school. The party was at Gilmore's house on Mercer Island and Bundy was expected to come but he called instead. She couldn't place the time other than in 1974 and shortly before Waldo left for his job in Washington, D.C. Bundy dropped into Joel Pritchard's office in Seattle when she worked there and she remembered that he was upset about the furor surrounding Nixon. Bundy was at D.E.S. at the time of Waldo's party and that would place it between 5/22 and 8/31/74. She never saw him with a sling or cast and knew of no friends and/or relatives connected with Issaquah, Ellensburg or Oregon.

226. 0900 hrs. Called Dr. Sandy Martin's office and found that he was out of town till Monday.

Who first met Bundy around March, 1973 and was immediately impressed by the guy. Bundy began working at the headquarters in Olympia on a part time basis in April, 1973 and then was elevated to Davis' assistant wherein he had expenses paid access to credit cards and stood in for him on one occasion. He and Bundy became close personal and professional friends and he would come to their home in Olympia weekly for dinner, to take the dog for a walk and play with his kids. His wife Sara really thought highly of Bundy and was upset by the arrest in Utah.

231. Davis interview - cont. - Bundy introduced him to Diane in Sept. 1973 and had dinner at his house. They then borrowed the leased car that Davis drove for the party:
Blue/White '73 Ford LTD 2dr. Wn. Pl. BTR 416 and drove to a condominium at alpenthal with Diane Edwards. Davis said he did not know who the Condo. belonged to but said it was not his or the Republican Party's.
232. Davis got the impression that Ted loved Diane a lot and expected them to get married. He didn't know of any other girls that Bundy was dating.
233. They moved the Headquarters office from 497 Tyee Dr. Olympia to the Southcenter office on 8-30-73.
234. Davis said that Bundy didn't abuse any drugs. He saw him high at parties but never bombed. Bundy occasionally took No-Doz to stay awake and would work all night at the office.
235. Bundy attended meetings at a high level with Davis but was not one of the strategists of the party during 1973.
236. Sometime around the end of January, 1974, Davis saw Bundy at work party for a legislative candidate. He was doing volunteer work. Bundy mentioned that he had broken up with Diane but didn't appear to be depressed about it.
237. Davis never noticed anything about Bundy's behavior that appeared deviant, and said that he has contributed to the defense fund and will probably contribute more in the future.
238. Davis has not spoken to Bundy since he was charged in Utah and said that the last time he talked to him was about 6 months ago when he called from Utah and they talked for a half hour. Bundy mentioned the burglary tools arrest in passing and said there wasn't much to it. I told Davis what the Burglar tools consisted of and he said that he often saw a ski mask in Bundy's car since he was a skier, he had to carry tools to work on his VW (icepick and crowbar) and he had rebuilt his VW from other Cars' parts, the rope was there to tow his car and Davis had to give him a tow off the freeway one time because his distributor had conked out.
- AND DAVIS HAD EVEN SEEN HANDCUFFS IN BUNDY'S CAR IN THE PAST BUT HE DIDN'T KNOW WHY HE CARRIED THEM AROUND.

242. 11-7-75 - Republican Records - continued -

There were two other vouchers for travel in the records:

- A. 4-24-73 Washington Travel Service booked a flight for Bundy that was round trip from Seattle To Spokane \$54.34 and billed it to Republican State Central Committee
- B. 7-4-73 Bundy rented a room at the Edgewater Inn for \$27.00. Davis thought that it was for a meeting/ news conference for George Bush when he was in town. The bill was paid by the party.

243. When the Party moved their office from 497 Tyee Dr. Olympia to 595 Industry Dr. So. Tukwila on 8-30-73; Bundy rented a Hertz Truck for the party. When he filled out the application he got the truck at noon and returned it the same day at 2000 hrs.

244. On 4-18-73 an application for a nationwide credit account was filled out by the Republican State Central Committee. They requested two cards and the only authorized card holders were to be "R.E. DAVIS" and "T.R. BUNDY". The cards were granted under Account #0720 787 5 NA. Under bank references, the party listed accounts with Seattle-First National Bank / Olympia Branch and Puget Sound National Bank / Tacoma Branch. The account executive for Hertz was:

William E. Strahl
2470 Westlake Ave N.

245. Bundy also had access to a "Select Credit Card" issued to the party under account # [REDACTED]. The billings from the company were badly past due and there were only three people's initials on charges during May, June and July, 1973: TB, RED, and MHA.
