# Bundy's Utah kidnaping conviction is upheld by U. S. Supreme Court

WASHINGTON — (AP) — The United States Supreme Court left intact today the Utah kidnaping conviction of Theodore Robert Bundy.

The justices refused to hear an appeal by lawyers in Salt Lake City that Bundy's 1976 kidnaping conviction should be overturned.

The conviction stemmed from a November 8, 1974, incident at a Murray, Utah, shopping center.

Prosecutors said Bundy, 32, from Tacoma, abducted an 18-year-old shopper, Carol DaRonch, after representing himself as a police officer investigating a break-in of her parked car. Bundy also stands accused by Florida authorities of beating two college sorority sisters to death.

Bundy's appeal, which was rejected by Utah's Supreme Court December 28, raised constitutional

questions about the evidence used at his trial.

Bundy is also charged with the January 15, 1978, murders of two Florida State University co-eds, Lisa Levy and Margaret Bowman, both of St. Petersburg, Fla.

Prosecutors say Bundy severely beat two other members of Chi Omega sorority on the Tallahassee campus. A fifth victim was badly beaten at a nearby apart-

ment the same night.

The United States Supreme Court last Monday refused to hear an appeal from Bundy in the Florida murder case.

Bundy was convicted of kidnaping in Utah and extradited to Colorado to face a murder charge. He escaped from a jail at Glenwood Springs, Colo., before being arrested in Florida.

MEMO

FM: PYK

RE: Ted Bundy and Related Cases

Bundy remains as a subject of intense public and media interest. However, an inquiry into crimes in which he is a suspect immediately becomes intertwined with numerous other cases. All of these incidents contributed to the climate of fear and hysteria in the community, and a general demand that something be done by law enforcement agencies. There is also an interesting pattern that just when things would be going "stale" with Bundy something dramatic would happen.

- 5/2/73 [REDACTED] a student at Roosevelt, is reported missing. Her body is found in Snohomish Co. on 6/3/73. Immediate and only suspect is [REDACTED], who has had a murder/rape conviction and death sentence reversed by the U.S. Supreme Court. Considerable media attention to this case.
- 1/4/74 [REDACTED] assaulted in University District apartment. Left near dead. Recovered but could not aid police.
- 1/31/74 Lynda Healy missing from University District-Ravenna area apartment. Blood found and other signs of violence.
- 2/15/74 Nancy Klinghammer missing in West Seattle.
- 2/21/74 Penny Haddenham missing in West Seattle.
- 2/21/74 [REDACTED] missing on north Capitol Hill, setting off massive search and massive amount of publicity.

Klinghammer and Haddenham are found dead in West Seattle, Haddenham hanging from a tree. On 3/27 [REDACTED] escaped from Western State, is charged with their murders. Ravenna Park is completely searched by SPD and scouts looking for Healy's body under the valid assumption that [REDACTED] had killed her. The original rape for which he was at Western State was in the park, he had been seen in the area shortly before her death, and had stated to a cellmate that he had killed three young women. This assumption generally continued until 3/75 when Healey's body was found.

Memo  
18 August 1978  
Page Two

- 3/12/74 Donna Manson vanishes while walking across Evergreen State campus.
- 4/17/74 Susan Rancourt vanishes walking across Central Wash. State campus.
- 5/6/74 Roberta Parks vanishes walking across Oregon State University campus.
- 5/26/74 Brenda Baker, missing hitchhiking in Puyallup, found on 6/17/74. This is now considered a possible for Bundy.
- 6/1/74 Brenda Ball missing after leaving a south King County tavern.
- 6/11/74 Georgann Hawkins vanishes behind the Theta house at University of Washington.
- 7/14/74 Janice Ott and Denise Naslund vanish within four hours of each other at Lake Sammamish. 40,000 people in the park. The press goes wild. "Ted" appears as a suspect along with a VW, broken arm, English accent, sailboat, etc.

By the end of the month Killien is assigned by Boerner to work with the police agencies, primarily KCP and SPD, on missing women.

Bundy has been living in the University District during this period.

At this time a professor at the University gave the county police Bundy's name based on the general name and description. There was nothing unusual or incriminating about this report. It is extremely important to realize that the "clues" produced an incredible inpouring of names, rumors, etc., which swamped the police who were attempting to deal with them and sort them out.

In August of 1974 Bundy left for Salt Lake for law school, but probably came and went a couple of times during the fall.

- 9/7/74 The skulls of Ott, Naslund and other bones are found by the old railroad bridge in Issaquah. Massive publicity.
- 9/25/74 [REDACTED] is arrested in Minneapolis and charged with numerous rapes, assaults, and murders. This received considerable attention in the Seattle press as it related to the situation in general and Miller in particular. [REDACTED] was never a serious suspect from the police point of view on the other cases because he was out of the area. Was considered regarding Healey because of the close proximity of her apartment and his gas station.

In October of 1974 Bundy's girlfriend contacted the county police and gave them information which made him a good suspect. His DMV photograph and several other photographs provided by the girlfriend were shown to the witnesses from Lake Sammamish with negative results. THE SOURCE OF THIS INFORMATION AND THE PHOTOGRAPHS HAS NEVER BEEN DISCLOSED.

- 10/2/74 [REDACTED] missing after leaving residence, Salt Lake, never found.
- 10/12/74 Bodies of Carol Valenzuela, last seen hitchhiking in Vancouver, WA 8/2/74, and that of an unknown female, are found in rural Clark County. These are now considered as possibilities for Bundy.
- 10/18/74 [REDACTED] missing, Salt Lake, found 10/27.
- 10/31/74 [REDACTED] missing while hitchhiking, Utah Co. south of Salt Lake, found 11/27
- 11/8/74 Carol DaRonch kidnapped in Salt Lake, escapes.
- 11/8/74 [REDACTED] vanishes from parking lot at high school, greater Salt Lake, never found.
- Bundy has been in Salt Lake for school. King County Police have forwarded their information regarding his suspect status here.
- 11/27/74 Vonnie Stuth vanishes from her house in Burien while preparing Thanksgiving dinner. [REDACTED] is immediate suspect.
- 1/12/75 Caryn Cambell vanishes within ski lodge at Aspen. Bundy is eventually charged with this murder. Two gas receipts put him in immediate area.
- 2/1/75 [REDACTED] is found within a block of her residence. Juvenile, [REDACTED] is suspect, never charged.
- 3/5/75 The skulls, and nothing else, of Healey, Rancourt, Ball and Parks are found at Taylor Mt. "Massive" is a considerable understatement concerning the media attention. It should be noted that this is the first time these cases, which are widely separated geographically, actually can be considered on the basis of solid evidence as being the work of one person or persons. After Issaquah, it had been suspected that another "dump" was a possibility, but nothing this dramatic was seriously anticipated or considered.

Memo

At this time the joint KCO/SPD task force was formed which lasted about one month.

3/15/75 Julie Cunningham vanishes from her apartment at Vail, Colo. (gas receipt puts Bundy in Vail on that date).

4/6/75 Denise Oliverson missing, Grand Junction, Colo., never found (gas receipt puts Bundy in Grand Junction on that date).

4/6/75 Tina Jacobsen and Gaelisa Burton murdered at Moclips, Grays Harbor Co., while camping. [REDACTED] charged and convicted.

May '75 [REDACTED] arrested in Houston and confesses to killing Stuth, whose body is located. [REDACTED] charged, extended extradition procedures. Eliminated from other cases on basis of gas receipts which put him out of the area.

July '75 KCP task force re-formed.

Aug '75 Bundy is arrested in Salt Lake with the handcuffs, etc., and charged with kidnapping Da Ronch. All our efforts turn towards him.

Robin Groth shows a single picture of Bundy, obtained after arrest in Utah, to a witness from Lake Sammamish, with negative results. Major Mackie is alleged to have said that this ruined the entire case. Groth is admonished by Killien regarding her identification procedures. This picture is subsequently shown, in proper fashion, to the other Lake Sammamish witnesses, who by this time have seen literally hundreds of photographs. Two picks of Bundy - THIS HAS NEVER BEEN DISCLOSED.

Bundy is out on bail and returns to Seattle during Thanksgiving and Christmas vacations. He is followed by SPD and KCP. - THIS TAILING HAS NEVER BEEN DISCLOSED, but there is no particular reason now that it can't be.

10/4/75 Det. Robert Keppel to Utah.

11/13/75 Keppel and Mackie to Aspen for general conference.

2/10/76 Keppel, Mackie and Killien to Salt Lake for general conference.

3/1/76 Dave Yocum convicts Bundy of kidnapping DaRonch in a trial to the court. Sentenced to 1-15 years.

- 4/76 Killien and Maida to Houston re [REDACTED]. Because of severe questions over confession procedure, [REDACTED] is plea bargained to murder 2° over severe protest from "Relatives and Friends of Missing Women", and considerable media hysterics by Stuths mother.
- 10/22/76 Bundy charged in Aspen with killing Cambell.
- 6/7/77 Bundy escapes from Aspen courthouse. Big search, captured in a few days and charged with escape, burglary and car theft.
- 12/30/77 Bundy escapes from Garfield Co. jail in Glenwood Springs Colo.
- 1/15/78 "Chi Omega" killings and assaults in Tallahassee. On 1/16/78 Keppel calls and informs them about Bundy.

Statement of Robert D. Keppel

10-21-77 0815 hrs. Called Dave Yocom.

Utah County has additional evidence against Bundy. At the time of their crime scene processing they had obtained a tire impression from a mud bank. The Colorado Bureau of ID says the tire track matches Bundy's VW tire track. They had misplaced the plaster cast in their evidence room and just found it.

They have also located additional witnesses who have placed Bundy with [redacted] about the time of her disappearance. The witnesses have positively identified Bundy's VW.

Initially, Utah county had lost [redacted]'s hair samples. So they disinterred her body to get more hair samples to compare to those found in Bundy's VW.

Re: Theodore R. Bundy

In response to your request for homicides in Washington State linked to Theodore Bundy, you will find enclosed the following information:

Enclosure one contains fact sheets on six murdered women and one assaulted woman. In addition there is also a summary of the disappearances of Janice Ott and Denise Naslund, missing from Lake Sammamish State Park on July 14, 1974. The Lake Sammamish incident contains the best description and M.D. of the suspect. Also included in enclosure one are summaries of the two sites where victims' bodies were found.

Enclosure two contains fact sheets of Ted Bundy's personal history and whereabouts from 1965 through 1973. Bundy's activity from January 1974 to September 1974, when he left for Utah, is too voluminous to place in this report. There are included fact sheets of how Bundy is connected circumstantially to the deaths of each of our women from January 1974 through July 1974--we have a day by day resume of Bundy's activity during this time.

These two enclosures should supply you with a capsule idea of the homicides in this area. The investigations of each girl as a missing person were completed by numerous agencies in our area.

Detective Robert Keppel is at your disposal anytime of the day or night should you need more specific facts of our homicides. His home phone number is 206-641-0430, the homicide office number is 206-344-7557, and police radio communications is 206-344-4080. He will also be standing by should you need a personal representative from our department in your area.

We are anxiously awaiting information regarding your interview of Ted Bundy. If we can be of further assistance please let us know immediately.

SUSAN READE CALLED

She had lunch with Martin Vortman the day you interviewed Vortman. Martin told her that the police had mentioned Susan's name as already talked to. Reade stated she already learned from Det McChesney that McChesney used Reade's name to tell Land Lady.

Reade is mad — she is a closed book to Police. She doesn't appreciate her name being thrown around by Police. Not very good tactic for Police to use.

She does not know who Bundy is staying with in S.L.C. Martin Vortman told her that he had arranged for TED's Hideaway in S.L.C.

BELLEVUE POLICE DEPARTMENT

January 19, 1978.

On January 4, 1978 I contacted [REDACTED] by phone at her residence per her request (work phone 543-5626, home phone 524-[REDACTED]). She is known to me and is employed at the University of Washington in the School of Social Work. She stated that while attending the U. of W. in the winter of 1972 she was accosted by a male subject in the stairwell of Padelford Hall who grabbed her and attempted to remove a pair of tights she was wearing. She stated that she struggled with him for a period of time and then he left. She stated that she followed him for a short distance and that the male turned and faced her and laughed. She didn't know what to do so she left. She did not report the incident at the time and does not wish to make a formal complaint at this time, but wanted to supply this and some additional information.

She stated that when Bundy was arrested in Salt Lake she felt that he was the person who had accosted her, but because of a variation in hair style she could not be certain. She stated that when the most recent set of photographs came out she was positive that Ted Bundy was the subject.

She additionally stated that a friend of hers, Ann Romine (English) had met Ted Bundy through an acquaintance of hers. She stated that Ms. Romine was currently residing at 446 Oak Street, Webster Groves, Missouri, 63119 (314) 962-0196. On January 12, 1978 @ 1545 hrs. I contacted Ms. Romine at the above phone number. She stated that she was acquainted with a woman by the name of Elizabeth (Liz) Kloeffer (unknown exact spelling of last name - Kloeffer or Kloeher) through a friendship of their daughters. She stated that both girls attended University Heights school during the 1974-75 school year; both girls were 8 yrs of age and in the 3rd grade.

Ms. Romine stated that her daughter Peyton related a story that Molly (Liz Kloeffer's daughter) had told her in confidence. Peyton told her mother that when Molly's mother was not at home and the boyfriend of Ms. Kloeffer was caring for her he liked to play hide and seek and on at least one occasion (one known) stated he was going to take off all of his clothes so that he could be more invisible and apparently did. Ms. Romine stated that she was introduced to the boyfriend on at least two occasions when he and Ms. Kloeffer were out and the boyfriend's name was Ted Bundy. Ms. Kloeffer indicated to Ms. Romine that they planned to be married. Ms. Romine also stated that she saw a citation in Ms. Kloeffer's house with Ted Bundy's name from a police department for having stopped a purse snatch. Ms. Romine stated that because of a move, the friendship between the girls ended immediately after the information regarding the incident was brought to her attention. She stated she believed Ms. Kloeffer to be employed by the U of W Hospital and does not know where she is currently residing.

10-4-75 0600-1145 hrs. In transit to Salt Lake City, Utah

1145 hrs- 1800 hrs. Review of Abduction and Homicide scenes with Detective Jerry Thompson, Salt Lake County Sheriff's office.

Current evidence in the Abduction case involves the victim picking Bundy out of a photographic lineup then selecting him in an in person lineup by looks, voice and walk. She has also identified photographs of Bundy's volkswagen Bug and the Seat Tear on the rear seat of his VW.

Bundy's arrest for evading apprehension and possession of Burglary tools revealed a set of Gerocal handcuffs and a crow bar. The Victim of the abduction had a set of Gerocal handcuffs placed on her right wrist during a struggle with the suspect. The suspect also tried to strike victim with a crow bar and victim grabbed the bar and fought with suspect. The same type of crow bar was identified by the victim.

Det. Thompson has interviewed Bundy on a couple of occasions. Bundy Claimed to have never stopped in Bountiful, Utah but has passed through. Bundy had in his possession a Brouchure from a Bountiful recreation center. Investigation revealed that this brochure could only have been obtained in person. Bundy had also a credit card receipt from a gasoline purchase in Bountiful. On 11-8-74 [redacted] of Bountiful turned up missing from a school play at her high school. A handcuff key that fits the gerocal handcuffs was found in the parking lot of the school.

The abduction [redacted] which Bundy was arrested for occurred from the Fashion Place Mall in Murray, Utah. The Mall is about one mile from a pizza parlor where Melissa Smith is missing on 10-18-74. [redacted] was found about 20 miles in a wooded area from where she was last seen. [redacted] was strangled, beaten on the head and anally raped. The blows to the head resemble marks that would be made by a crow bar. Smith was struck below the left ear lobe. Her body was found nude. She had her dark blue stocking tied around her neck. The back of the skull was cracked.

In Utah county [redacted] was missing on 10-31-74 and was found on 11-27-74. Her body was nude, anally raped, with severe head wounds. She had a stocking around her neck and was also struck below the left ear lobe. Her skull was also fractured in the rear.

Through the use of standard oil credit card receipts, Det. Thompson has placed Bundy in Aspen Colorado when Karen Campbell was missing on 1-12-75, in Vail Colorado on 3-15-75 when Julie Cunningham was missing, in Grand Junction, Colorado on 4-5-75 when Denise Oliverson was missing. The only one found is Karen Campbell on 2-17-75 ten miles from the wildwood Inn where she was staying.

10-4-75 Continued.

Campbell was nude, blows to the head and raped anally. She also had a wound below the left ear lobe.

Det. Thompson had interviewed Bundy prior to knowledge of the Colorado Homicides. Bundy claimed he had never been in Colorado. Thompson found a ski book in Bundy's possession which had an X marked by the Wildwood Inn. Also Bundy had a book ~~xxx~~ Called the Joys of Sex. He also had a map of Colorado. Since the interview, investigation has revealed Bundy to be lying.

Det. Thompson transported R/d to The Fashion place Mall and 35 MM slides were taken of the area.

The handcuffs and key ~~xxxx~~ and crow bar were set back to the FBI for analysis and tool marks impressions.

Met  
10-5-75 0800-1500 hrs. ~~xxxxx~~ with Det. Thompson at Salt Lake County.

Info Subpeoned on Bundy from U of Utah.

Thompson pointed out discrepancies in Bundy's application to the Univ of Utah Law School. Bundy checked the part of having previous psychiatric care then erased it. He ~~ix~~ did not indicate that he had attended Univ of Puget Sound law school previous to U of Utah.

Thompson related that at a preliminary hearing, Bundy's attorney, John O'Connell requested that police not talk with his client and the judge granted his request.

Thompson is going to forward copies of autopsy photos of homicide victims. Thompson is going to process Bundy's VW and mail photos of the VW.

10-6-75 1115 hrs. Cr. and Mrs. Bundy. Made appointment to see her at 1900 hrs.  
Address: 32 N. 20th P/N 752-1697.

10-6-75 1330 hrs. Det. Keppel received T/C from Ann Rule. She related that Ted Bundy called her on Wednesday (10-1-75) from Salt Lake City. He stated that "what had happened, it's confidential; I'm going to be in a line-up." "If things don't go right, You'll read about it."

He said, "I guess the next thing is the polygraph." He said he would be willing to take it.

Bundy asked Rule what a line up consisted of and she told him.

Bundy stated that he would be coming up here this winter and would talk to Keppel and McChesney. Bundy's lawyer told him that the Seattle authorities seem to be nice people.

Bundy gave her a new address. He said he moved because he wanted to be close to the school.

Bundy knew that Ann Rule was writing a book. He said, "That's great, I hope you make a million dollars."

Rule received a message from the associated press that Bundy wanted to tell her that "He's OK and all right."

Rule wrote Bundy a letter and told him that she would come down to see him if he wanted her to. She told him that she would have to be Faithful to herself, to him and to the police in this case.

1630 hrs. Contacted at the Glenn Muller residence, 10632 Des Moines way South. John Muller is former friend of Ted Bundy. They lived together at 4125-12 NE. The Muller's were not at home. Talked with basement tenant Mr. Miller. The Mullers had gone fishing and would return on Thursday. John has taken a government job and is currently in Australia working for US Government. Left card with Mr. Miller to have the Muller's call when they returned.

Rule was informed that Det. Keppel could not recommend any direction for her to pursue, that anything she did was of her own volition. She stated that she would keep the police informed as to her activity.

10-6-75 1900 hrs. Contacted Mr. and Mrs. Bundy at their house in Tacoma with Capt. Mackie. Bundy's were informed that the conversation would be held in strict confidentiality and nothing would be passed on to anyone else.

Bundy's could not recall anything in Ted's childhood that would give them a clue to a change in Ted's behavior. They related that Ted had not lived with them for seven or eight years. Occasionally, he would either drop in or call. Ted didn't write letters to them.

Mrs. Bundy could not recall Ted mentioning going to Portland, Corvallis or any place in Oregon. He has lots of friends and it's possible.

Mrs. Bundy was asked if Ted was 4-F from the military. She believes that he had a school deferment until he graduated from the Univ of Washington, then he was I-A. He passed his induction physical. Then he slipped on some ice and had a compound fracture of his leg. He wore a cast and had crutches. Then the lottery system was used and Ted was way down the list; he was never called.

set

Mrs. Bundy was not aware of any fires or animals killed by Ted. If anything he was just the opposite because he used to bring home stray animals to keep.

Mrs. Bundy could not recall any friends or relatives that TED may have in the Issaquah area.. To her knowledge Ted never wore an arm cast or sling.

The dates of the missing girls were given to Mrs. Bundy in the event she could come up with a verification of Ted's whereabouts on or near any of the dates. A possibility of a Polygraph was mentioned and Mrs. Bundy understood that it may be necessary since it would be difficult to confirm one way or another where Ted was on the crucial dates.

The Bundys were asked if Ted had stored any property at their house that may reveal where he would have been. The only property that they had were books in storage from when he went to the Univ of Washington. She ~~is~~ did not have any of his property from 1974. She did not have any papers, letters or ~~xx~~ other property of TED.

The bicycle that was shipped from Utah to Tacoma was a boys model ten-speed that was observed by Capt. Mackie.. Ted's 13 year old brother had spent two weeks with Ted in Salt Lake in the last part of July and returned home on August 3, 1975. The bike was shipped on the airplane with the brother.

Mrs. Bundy related that Ted was aware that Mr. Bundy was not his real father. Ted was 4 years old when the Bundys were married.

Bundy's cousin John is John Cowell who lives in Tacoma.

Ted has never had psychiatric treatment.

10-6-75 1900 hrs. Continued.

Mr. Bundy related that the cabin they owned ~~was~~ is located on Crescent Lake near Gig Harbor. Ted had been to the cabin for family type occasions as well as taking Liz to the cabin periodically.

10-7-75 1100 hrs. Received Telephone call from Det. Thompson, Salt Lake city.

Thompson related that he was just called by Clearwater Creek County, Colorado authorities. They had just found the nude body of Shelly K. Robertson who had been missing since 7-1-75. She was located on 8-21-75. The victim was last seen at a service station in Golden, Colorado. Credit card receipts place Bundy in Golden on 7-1-75. The service station attendant picked Bundy's photo as the person who stopped and last saw victim talking to. She was located in a mine shaft.

Thompson also was in contact with Jefferson County Colorado. They have found a body of a nude female, beaten severely about the head, unidentified at this time.

He will forward information on both of these cases when he receives it.

1300 hrs. Contacted by Det. Hanson, Tacoma, PD.

He was investigating a rape that occurred a 800 Burroughs ~~xx~~ ~~xxx~~ road in Tacoma on 11-26-73. His victim had seen a photo of Bundy in the newspaper and identified him ~~xx~~ as the person who raped her.

Gave Hanson copies of University of Puget Sound records placing Bundy in Tacoma in November, 1973. Hanson will call Det. Thompson for Bundy's gas receipts for that period of time. It is unknown at this time if charges will be filed.

1500 hrs. Called Mrs. Stevens, 839-2570. Her son, Jeff, and David Snell assisted Ted Bundy a year ago when Bundy apprehended a pursesnatcher at Northgate. Bundy appeared to know someone that worked at Jay Jacobs in Northgate.

ITEM:

10-8-75 1400 hrs. Received telephone call from Dr. Donna Schram.

She related that she knew Ted Bundy beginning in June 1972 when Bundy was recommended by Dr. Patricia Lunaborg for a job. Schram was told Bundy was the Univl. of Washington's brightest psychology student and was refused on application to law school. Dr. Schram was responsible for obtaining a job on the Seattle Crime Commission.

Bundy told Schram in Sept. 1972 he wanted to work on the Evans campaign because he wanted a letter of recommendation from Evans to law school.

Schram believed that Bundy was not the innocent Rosellini follower the news media was portraying because she knew him to be watching extra marital sex relations of Rosellini.

On occasion Bundy talked with Schram on the dangers of women hitchhiking and related sexual assaults.

In the spring of 1973 Schram and two others were selected to recommend a candidate for the director of the Seattle Crime Commission. Bundy was Schram's top candidate but the others did not agree and someone else was selected.

Bundy's credibility was reduced because Schram had information that he had stolen psychiatric records from Harborview Medical Center from files of Jim McDermott's patients. McDermott was a candidate for governor at that time.

1430 hrs. Contacted Sgt. Mudgett, Univ of Wash Police. Requested he check into the records of Bundy at the Univ. to ascertain if Bundy could have been taking classes in the same building as Healy and Hawkins since they were taking Psychology courses.

Karen related that on 12-31-72 at 0500 hrs. her house on N. 47th was broken into. The suspect had used a glove and broke out a pane in the window to the door and entered. The suspect was scared off by barking dogs.. The suspect had rung the door bell first.

(L1-6 1493)  
1030 hrs. Sandy Gwinn contacted at office. Took Gwinn to Issaquah to see if she could recall her trip with Bundy. She recalled going northbound on East Lake Sam rd. past the boat-launch and took a road to the right up a hill. They then drove on roads looking for an old lady's house. Ted would not tell her the address just that he would recognize the house. Gwinn became angry becuae she did not ~~XXXXX~~ want to waste the day. She did recognize a road similar to the Black Nugget Ranch road they may have driven down. She remembers the roads being narrow with trees hanging over. Some roads were very bumpy. They did not stop anywhere.

Gwinn first started seeing Bundy in April 1972 when they both worked at Harborview mental health center. She went out with him until June 1972. She recalls on one occasion that they went on a picnic to Ocean shores. The beach was overcast so Ted knew of a place on the Hump Tulip river they could picnic. They ate their lunch and drank wine. Then they went swimming in the river. Ted would dunk her head under the water. Then he would untie the top to her bikini. She finally tied it in a knot. Gwinn was dizzy so she laid on some rocks. Ted came up to her and tried to untie he bikini top. He couldn't do it so he just pulled off her bottems and had sexual intercourse with her. She recalls that during intercourse

There was no affection that Ted displayed and this was unusual because although they had never had sexual intercourse before, Ted would Kiss and show affection. They did not say anything to each other during intercourse. On the wasy home they talked of Ted's family. The only person he did not talk about was his father. Gwin severed relations because she found out that Liz, a girlfriend of his, had threatened suicide and she did not want any part of that.

thought he may know someone on a Republican committee in Oregon.

Most of Ednas conversation was with the positive side of Bundy. She  
could not recall any weird behavior when he was with her or as a

Statement of Det. Robert Keppel10-16-75 1415 hrs. Continued.

On Wednesday June 5, 1974 John saw Ted at his place at 308 N. Yakima. They talked of Ted going to Utah.

On June 8, 1974 Ted was with John's family from Noon till 5 AM the next day. Also present was Edna and her roommate Janet Fisher, who now lives in Tacoma.

On July 19, 1974 John had dinner with Ted at the Bavarian Rest. in Tacoma. Ted appeared to be relaxed and enthused about law school in Utah.

Between June 8 and July 19 John has talked to Ted on the telephone about politics and the possibility of marrying Liz.

John thought that if Ted applied for law schools he would have also had to apply for aid and this would require his presence.

John recalled that Ted used to give numerous talks during campaign east of the mountains. John had gone sailing with Ted on Lake Washington. He has also hiked with Ted in the Carbonado area as well as off Hwy 18 near North Bend, during July 72 through Summer of 73.

John did not have knowledge of Ted's travels to Oregon.

It was suggested that John show R/O the areas along Hwy 18 that they used to hike and John stated that he would return call to set up a mutual time. John was also weary of incriminating Ted by showing the hiking locations.

Ted's charges in Utah were discussed and John said the evidence appears strong against Ted;; it was hard for John to believe Ted involved in such activity.

Cowell pointed out roads where he distinctly remembered travelling with Bundy. These roads were I-90, Highway 18, Preston-Fall city road, Fall City-Duval road. Cowell related that on a couple of occasions he had driven on the roads east of Issaquah ~~xxxxxx~~ in Hohn's Opel. Ted did not have a car. John had the impression Ted knew the roads in the area well. They would drive around the area looking at old barns and farms. They did not stop and hike anytime but on one occasion. Ted was also familiar with the Issaquah-Hobart road. Cowell recalls Ted showing him a "great place" with a foot bridge. The location was on the Falleity-Preston road, three quarters of a mile north of Preston. At the time there was not a fence constructed, with a lock. ~~Th~~ They arrived at the area and hiked for about two hours up the hillside and along the powerline.

Cowell related that he thought Ted left in 1969 for Temple University, because he had broken up with Diane Edwards. Also their family is from Philadelphia. Ted stopped by Arkansas on the way to Temple.

Other areas where John hiked with Ted were in the Denny Creek area and in Yakima, where they went rafting.

12-30-77 1220 hrs. Contacted by Investigator MIKE FISHER, Pitkin County Prosecutor's Office, 945-8635. He was calling from the Colorado Springs Jail and called to inform that TED BUNDY had escaped from that jail just a few minutes ago.

1235 hrs. Contacted LIZ KLOEPFER at 525-4494. She stated that she had talked with TED yesterday afternoon. He told her he would call over the weekend. When he called her, he called at work she thought.

1305 hrs. Contacted DARRELL THOMPSON of the Colorado Springs Sheriff's Office. He indicated that BUNDY had climbed out a light fixture area in the ceiling of the jail, and then he went through the ceiling across the a jailer's apartment and out the door. He had apparently stuffed rags into his bed to make it look like he was there. They are currently checking out a suspect by the name of [REDACTED] who was in jail just before BUNDY and may have something to do with BUNDY's escape. At the time they are investigating the fact that BUNDY possibly may have taken two black powder weapons but he does not have any powder to them.

1322 hrs. Contacted by MEL WOODS, Sergeant, King County Communication Center. He had evidently received a phone call from CAROL BOONE, 282-6272. She had called Colorado when she heard that BUNDY escaped.

1335 hrs. Contacted CAROL BOONE. She is very concerned. She last visited him the first week in December. TED calls about twice a week. He has given no indication of where he might go or the fact of an escape. She was fearful that he may be killed, and she would be willing to cooperate with the police in any way.

Information received from Garfield County Sheriff's Office, Colorado was that BUNDY was wearing blue levis, a grey turtleneck, blue tennis shoes. Supposedly there is a railroad track just outside of the Sheriff's Office, and he may have hopped on a freight, and they are checking that out.

1420 hrs. Contacted by DICK LARSON of Seattle Times. He indicated that the information he received was that BUNDY had dinner about 5:30 PM the night before. The last time anyone checked on him was 7:00 PM the night before. He left behind a shirt and legal papers in his bed. Supposedly the off-duty jailer was asleep. LARSON indicated that the guns initially thought taken by BUNDY were recovered in the attic area of the jail.

Underneath the deck is a door to the basement. She indicated she would be willing to have a trap placed on her line. She thought it would be a good idea if the police watched her house since she was extremely afraid of BUNDY in his present condition. She will contact R/O the minute she hears from TED BUNDY.

1920 hrs. Contacted Seattle Police SGT. JOHNSON, 625-2042. Requested that he have police patrols watch the residence of LIZ KLEOPFER.

1-3-78 0815 hrs. Contacted by MIKE FISHER, Pitkin County PA's office. He indicated that actually last weekend was the last chance that BUNDY would have to go, and he took advantage of it. Immediately called FBI Agent DALE KELLY. He will handle setting up the interview with WALLCE PLUMB.

1-16-78 0800 hrs. DALE KELLY, FBI, called. He is going to McNeil Island this morning to talk to PLUMB. He has found some information that a RITA MONSON, 3814 S 183rd, 244-7604, had some credit card information on BUNDY.

and Rainier and Puget Sound, there are no deposit boxes for BUNDY. DALE KELLY of the FBI checked the remainder of the banks with negative results.

1-17-78 1000 hrs. Contacted by DALE KELLY of the FBI. He had interviewed WALLACE PLUMB, also known as PORKY. In August, September of 1976 he had been with BUNDY. He was kind of BUNDY's protector. BUNDY confided in him.

He stated that the briefcase contains credit cards. He assumed that they were connected with the girls. He described the location of the briefcase as in the middle of Park City, Utah. There is an abandoned silver mill. Hidden somewhere behind the mill is the briefcase. BUNDY wanted to get to it so he could destroy the contents. BUNDY had asked PLUMB to get the briefcase and destroy it.

Information concerning the safety deposit box was that it was a bank in Tacoma. The key was hidden at the house, and BUNDY's mother knows nothing about the key.

There is evidently some sort of burial ground around Salt Lake City known as Oifer. BUNDY had talked about this burial ground. BUNDY had also talked about [REDACTED]'s father, the fact that he was a chief of police and that he may be out to get BUNDY.

WALLACE PLUMB indicated that he and BUNDY had planned to break out of the Utah State Pen at one time. Supposedly a gal by the name of ANN SVENSEN smuggled out BUNDY's ID at the pen. PLUMB indicated that BUNDY would hang around resorts. BUNDY had told him at one time it was a good place to pick up girls. Information on WALLACE PLUMB is that he is a white male, date of birth 8-25-38, place of birth Eldorado. He is 6-0, 180, blu/brn, FBI #458188C, Utah State Prison #19988.

1-19-78 1350 hrs. DALE KELLY of the FBI called. He notified that MIKE FISHER of Pitkin County Attorney's Office was on his way up to interview PLUMB.

1-26-78 0840 hrs. Notified that FISHER was in town and will be in the office at 1100 hours.

1500 hrs. WALLACE PLUMB was interviewed by MIKE FISHER, Officer BALLENTINE from Bountiful, Utah and DALE KELLY of the FBI and DET. KEPPEL.

Additional information gained was that in August of 1976, PLUMB was at Utah State Pen with BUNDY. They talked of a briefcase that was hidden near Park City in some sort of gondola. Supposedly it's in a corner under a heater. It maybe contains personal items of BUNDY's.

BUNDY had placed the briefcase there.

PORKY related that TED had helped him write some new trial motions.

PLUMB and BUNDY talked on numerous occasions of cutting out of the Utah State Pen. They put together different pieces of ID, and they were going to leave through a furniture van.

Another person at the prison who knows alot about this is RUSS BOYCE. He liked top rated ID. SGT. WILSON at the Penitentiary has the cards.

BUNDY mentioned to PLUMB in the past that he liked amusement areas. He liked Coeur d'Alene, Idaho sports.

PLUMB just automatically assumed that the identification was sent out with ANN SVENSEN because TED had said that he sent the ID out of the penitentiary, and she was the only one that had visited him.

Supposedly WALLACE PLUMB had worked at the Black Hawk Club in and around Salt Lake with RUSS BOYCE. He assumed that BUNDY and BOYCE were running things out like ID, passports.

PLUMB indicated that he on numerous occasions had saved BUNDY from getting his ass kicked in the penitentiary.

At times BUNDY would talk of this guy SMITH from Midvale, Utah indicating he was a very bad man.

As far as the safety deposit box is concerned, when they escaped from the penitentiary, they were going to head towards Tacoma. The key to the deposit box was at the mother's house, but the mother may not know about it. Supposedly it has some valuables of his in it.

They said that they were going to use the scam of being parole department employees. SGT. OLSON has the cards from WALLACE PLUMB's cell. BUNDY had told PORKY to put his name on his stuff. In the past, BUNDY has used makeup like grass stain, ash, sand.

BUNDY had mentioned Ulfer, Utah. He had climbed in that area, picniced and was going down into mines. He mentioned taking dates up there, running around naked on the mountain side, talking about drinking scotch and smoking dope.

WALLACE PLUMB mentioned that he had gone to authorities five weeks prior to BUNDY's second escape. He had first told this information to MAX WHEELER of the US Attorney's Office.

It was determined from talking with WALLACE PLUMB that a polygraph would not be necessary since number one, he refuses to take it, and number two, there is no information he gave that was that valuable to verify.

2-16-78 2200 hrs. Informed of BUNDY's capture by DALE KELLY.  
He was apprehended in Pensacola, Florida two days ago.

2-20-78 1700 hrs. Called by SGT. CAMERON of SPD. He requested that I call Captain JOHN POTTINGER of Leon County Sheriff's Office, PO Box 727, Tallahassee, Florida, 32301, 904-386-2857. His office phone is 222-4740. Captain POTTINGER requested number one, the background information that we had on TED, number two, his psychological profile, and number three, the facts concerning the murders in this area. Captain POTTINGER mentioned several little things about conversations Pensacola authorities had with BUNDY. He stated that he was talking around the murders in ten different ways. He really did not admit to them, but he stated that he was going to. He stated that he had some sort of dislike for Captain MACKIE.

One of the victims in Lake City, Florida is a 12 year old girl, and they supposedly have the vehicle that he used.

Evidently BUNDY refers to his "problem" started sometime in 1969 observing a girl walking down the street while he's on his bicycle.

BUNDY says that he is trying to get used to talking because it is not usually like him to talk. Supposedly the interview is going to go with three interviewers that have talked with him the most, that no other people will talk with him, and they are Florida authorities only. Some information regarding the Tallahassee murders was that BUNDY lived within a block of the murders. He had credit cards apparently from the girls. BUNDY has admitted that his fetishes were down to hourly fetishes from monthly fetishes. He mentions a lot of missing girls and three stolen cars. The bodies there in Tallahassee were strangled and beaten badly. BUNDY is being evasive when he talks around the murders.

2-21-78 Sent letter to Captain POTTINGER with enclosures.

1450 hrs. Contacted at the King County Courthouse by LIZ KLOEPFER and MANUS M. MULLIGAN. He is the new fiance of LIZ KLOEPFER. She had indicated that on 2-16-78, she received a telephone call from TED BUNDY at about 5:00 PM on a Thursday. TED had evidently told her that he was in custody and it was going to be ugly. LIZ had apparently asked about the murders, and TED had told her that he couldn't talk with her. TED mentioned, "What's wrong with me?" R/O then suggested that we take a taped interview about as much of the conversation that LIZ could remember. This was accomplished. See that interview for details.

Apparently on 2-18-78 LIZ received another phone call at about 2:00 AM on a Saturday. He told her that he was sick. He wants to reconcile things and ease the suffering of people. He said, "I can remember everything. I have not forgot. A force inside me drives me." He evidently told her also that he was trying to clear things up in a way that he would be sent to Washington. He said he had a disease like alcoholism, and "Don't make me say it."

904-755-2813 regarding TED BUNDY. R/O mailed to him documents of our summaries on BUNDY and murders here. Address down there is PO Box 1208, Live Oak, Florida, 32060, Florida Department of Criminal Law, in care of J.O. JACKSON.

3-17-78 0815 hrs. Contacted MRS. MERLE DEARDORFF in Puyallup, 848-5755. This was the name of the person who had received the nasty note with the silk stocking attached to the door that was apparently formerly acquainted with BUNDY. She stated it was her daughter who got the note, and they did have a nasty note in a silk stocking. The last name of the guy was BUNDY in 1969 and 1971. He was about 5-10 inches tall. She will have her daughter call when she comes up.

4-20-78 1435 hrs. Received from the FBI DALE KELLY two black notebooks belonging to TED BUNDY.

4-25-78 1020 hrs. Contacted by STEVE WILLIAMS, Department of Law Enforcement in Florida, 904-488-1040. He wanted to verify the names of investigating officers in this area because there was a lot of confusion in Florida as to names of people. There were a lot of calls coming down from the Seattle area.

1325 hrs. Contacted MRS. DEARDORFF, 848-5755. She indicated that she had not talked to her daughter about the incident, and that she probably would not since it was a nasty thing on the back of her mind, and they would not want to get involved with anything about TED BUNDY.

7-19-78 1230 hrs. Contacted by LIZ KLOEPFER. Apparently TED called yesterday and talked about a letter he had written on June 15. She indicated that he usually edits his letter, but this one was not edited and was sent out anyway. She received the letter through CAROL BOONE. LIZ was told to keep the letter until Florida authorities came up here, and they would get copies of the letter. Apparently there were some implied threats in the letter according to LIZ.

8-15-78 0900 hrs. Contacted by DET. THOMAS KINZER, New Jersey State Police, Troop A Headquarters, US Route 30, Hammonton, New Jersey, 08037, 609-561-1800 x220. He requested photos of TED BUNDY. R/O sent seven different photographs of TED BUNDY to DET. KINZER.

9-1-78 1225 hrs. Contacted by DET. JERRY THOMPSON, Salt Lake County Sheriff's Office. He stated that he has tapes of the interview with BUNDY and he will send them up. He indicated that LARRY SIMPSON, an Assistant State Attorney General in Tallahassee wants to talk with LIZ. He will be up evidently in the later part of September. He indicated that BUNDY had climbed out a light fixture area in the ceiling of the jail, and then he went through the ceiling across the a jailer's apartment and out the door. He had apparently stuffed rags into his bed to make it look like he was there. They are currently checking out a suspect by the name of [REDACTED] who was in jail just before BUNDY and may have something to do with BUNDY's escape. At the time they are investigating the fact that BUNDY possibly may have taken two black powder weapons but he does not have any powder to them.

Immediately called FBI Agent DALE KELLY. He will handle setting up the interview with WALLCE PLUMB.

1-16-78 0800 hrs. DALE KELLY, FBI, called. He is going to McNeil Island this morning to talk to PLUMB. He has found some information that a RITA MONSON, 3814 S 183rd, 244-7604, had some credit card information on BUNDY.

and Rainier and Puget Sound, there are no deposit boxes for BUNDY. DALE KELLY of the FBI checked the remainder of the banks with negative results.

1-17-78 1000 hrs. Contacted by DALE KELLY of the FBI. He had interviewed WALLACE PLUMB, also known as PORKY. In August, September of 1976 he had been with BUNDY. He was kind of BUNDY's protector. BUNDY confided in him.

He stated that the briefcase contains credit cards. He assumed that they were connected with the girls. He described the location of the briefcase as in the middle of Park City, Utah. There is an abandoned silver mill. Hidden somewhere behind the mill is the briefcase. BUNDY wanted to get to it so he could destroy the contents. BUNDY had asked PLUMB to get the briefcase and destroy it.

Information concerning the safety deposit box was that it was a bank in Tacoma. The key was hidden at the house, and BUNDY's mother knows nothing about the key.

There is evidently some sort of burial ground around Salt Lake City known as Oifer. BUNDY had talked about this burial ground. BUNDY had also talked about [REDACTED]'s father, the fact that he was a chief of police and that he may be out to get BUNDY.

WALLACE PLUMB indicated that he and BUNDY had planned to break out of the Utah State Pen at one time. Supposedly a gal by the name of ANN SVENSEN smuggled out BUNDY's ID at the pen. PLUMB indicated that BUNDY would hang around resorts. BUNDY had told him at one time it was a good place to pick up girls. Information on WALLACE PLUMB is that he is a white male, date of birth 8-25-38, place of birth Eldorado. He is 6-0, 180, blu/brn, FBI #458188C, Utah State Prison #19988.

1-19-78 1350 hrs. DALE KELLY of the FBI called. He notified that MIKE FISHER of Pitkin County Attorney's Office was on his way up to interview PLUMB.

1-20-78 0800 hrs. FBI DALE KELLY called to inform R/O that FISHER did not show up.

1-25-78 1400 hrs. Contacted by DALE KELLY of the FBI. He stated that FISHER is coming up from Colorado to interview PLUMB. PLUMB was transported from McNeil to Seattle for the interview. Possibly they want a polygraph on PLUMB.

1-26-78 0840 hrs. Notified that FISHER was in town and will be in the office at 1100 hours.

1500 hrs. WALLACE PLUMB was interviewed by MIKE FISHER, Officer BALLENTINE from Bountiful, Utah and DALE KELLY of the FBI and DET. KEPPEL.

Additional information gained was that in August of 1976, PLUMB was at Utah State Pen with BUNDY. They talked of a briefcase that was hidden near Park City in some sort of gondola. Supposedly it's in a corner under a heater. It maybe contains personal items of BUNDY's.

BUNDY had placed the briefcase there. PORKY related that TED had helped him write some new trial motions.

PLUMB and BUNDY talked on numerous occasions of cutting out of the Utah State Pen. They put together different pieces of ID, and they were going to leave through a furniture van.

Another person at the prison who knows alot about this is RUSS BOYCE. He liked top rated ID SGT. WILSON at the Penitentiary has the cards.

BUNDY mentioned to PLUMB in the past that he liked amusement areas. He liked Coeur d'Alene, Idaho sports.

PLUMB just automatically assumed that the identification was sent out with ANN SVENSEN because TED had said that he sent the ID out of the penitentiary, and she was the only one that had visited him.

Supposedly WALLACE PLUMB had worked at the Black Hawk Club in and around Salt Lake with RUSS BOYCE. He assumed that BUNDY and BOYCE were running things out like ID, passports.

PLUMB indicated that he on numerous occasions had saved BUNDY from getting his ass kicked in the penitentiary.

At times BUNDY would talk of this guy SMITH from Midvale, Utah indicating he was a very bad man.

As far as the safety deposit box is concerned, when they escaped from the penitentiary, they were going to head towards Tacoma. The key to the deposit box was at the mother's house, but the mother may not know about it. Supposedly it has some valuables of his in it.

They said that they were going to use the scam of being parole department employees. SGT. OLSON has the cards from WALLACE PLUMB's cell. BUNDY had told PORKY to put his name on his stuff. In the past, BUNDY has used makeup like grass stain, ash, sand.

BUNDY had mentioned Ulfer, Utah. He had climbed in that area, picniced and was going down into mines. He mentioned taking dates up there, running around naked on the mountain side, talking about drinking scotch and smoking dope.

WALLACE PLUMB mentioned that he had gone to authorities five weeks prior to BUNDY's second escape. He had first told this information to MAX WHEELER of the US Attorney's Office.

It was determined from talking with WALLACE PLUMB that a polygraph would not be necessary since number one, he refuses to take it, and number two, there is no information he gave that was that valuable to verify.

2-16-78 2200 hrs. Informed of BUNDY's capture by DALE KELLY. He was apprehended in Pensacola, Florida two days ago.

2-20-78 1700 hrs. Called by SGT. CAMERON of SPD. He requested that I call Captain JOHN POTTINGER of Leon County Sheriff's Office, PO Box 727, Tallahassee, Florida, 32301, 904-386-2857. His office phone is 222-4740. Captain POTTINGER requested number one, the background information that we had on TED, number two, his psychological profile, and number three, the facts concerning the murders in this area. Captain POTTINGER mentioned several little things about conversations Pensacola authorities had with BUNDY. He stated that he was talking around the murders in ten different ways. He really did not admit to them, but he stated that he was going to. He stated that he had some sort of dislike for Captain MACKIE.

One of the victims in Lake City, Florida is a 12 year old girl, and they supposedly have the vehicle that he used.

Evidently BUNDY refers to his "problem" started sometime in 1969 observing a girl walking down the street while he's on his bicycle.

BUNDY says that he is trying to get used to talking because it is not usually like him to talk. Supposedly the interview is going to go with three interviewers that have talked with him the most, that no other people will talk with him, and they are Florida authorities only. Some information regarding the Tallahassee murders was that BUNDY lived within a block of the murders. He had credit cards apparently from the girls. BUNDY has admitted that his fetishes were down to hourly fetishes from monthly fetishes. He mentions alot of missing girls and three stolen cars. The bodies there in Tallahassee were strangled and beaten badly. BUNDY is being evasive when he talks around the murders.

2-21-78 Sent letter to Captain POTTINGER with enclosures.

1450 hrs. Contacted at the King County Courthouse by LIZ KLOEPFER and MANUS M. MULLIGAN. He is the new fiance of LIZ KLOEPFER. She had indicated that on 2-16-78, she received a telephone call from TED BUNDY at about 5:00 PM on a Thursday. TED had evidently told her that he was in custody and it was going to be ugly. LIZ had apparently asked about the murders, and TED had told her that he couldn't talk with her. TED mentioned, "What's wrong with me?" R/O then suggested that we take a taped interview about as much of the conversation that LIZ could remember. This was accomplished. See that interview for details.

Apparently on 2-18-78 LIZ received another phone call at about 2:00 AM on a Saturday. He told her that he was sick. He wants to reconcile things and ease the suffering of people. He said, "I can remember everything. I have not forgot. A force inside me drives me." He evidently told her also that he was trying to clear things up in a way that he would be sent to Washington. He said he had a disease like alcoholism, and "Don't make me say it."

She will have her daughter call when she comes up.

4-20-78 1435 hrs. Received from the FBI DALE KELLY two black notebooks belonging to TED BUNDY.

4-25-78 1020 hrs. Contacted by STEVE WILLIAMS, Department of Law Enforcement in Florida, 904-488-1040. He wanted to verify the names of investigating officers in this area because there was a lot of confusion in Florida as to names of people. There were a lot of calls coming down from the Seattle area.

1325 hrs. Contacted MRS. DEARDORFF, 848-5755. She indicated that she had not talked to her daughter about the incident, and that she probably would not since it was a nasty thing on the back of her mind, and they would not want to get involved with anything about TED BUNDY.

7-19-78 1230 hrs. Contacted by LIZ KLOEPFER. Apparently TED called yesterday and talked about a letter he had written on June 15. She indicated that he usually edits his letter, but this one was not edited and was sent out anyway. She received the letter through CAROL BOONE. LIZ was told to keep the letter until Florida authorities came up here, and they would get copies of the letter. Apparently there were some implied threats in the letter according to LIZ.

Colorado, that my name appears on the prosecution list. He was informed no, that I had not been contacted.

I told him that I wanted to talk with him. He said that he would be tied up in trial in Colorado and Utah through March, that his mind was concerned with this matter now.

He was informed to keep in mind that we wanted to talk with him, and we would meet him wherever he desired.

10-21-77 0815 hrs. Called DAVE YOCUM, Prosecutor, Salt Lake County. Utah County has additional evidence against BUNDY. At the time of their crime scene processing, they had obtained a tire impression from a mud bank. The Colorado Bureau of Identification says that the tire track matches BUNDY's VW tire track. They had misplaced the plaster cast in their evidence room and just found it.

They have also located additional witnesses who have placed BUNDY with [REDACTED] about the time of her disappearance. The witnesses have positively identified BUNDY's VW.

Initially Utah County had lost [REDACTED]'s hair samples so they disinterred her body to get more hair samples to compare to those found in BUNDY's VW.

Dear Bob -

Diane recently told me that she and Ted used to visit ~~in~~ the Cowell's cabin which she described as a log cabin as opposed to an A-frame.

My recollection is that Bundy's also had a cabin, an A-frame near Lake Crescent, but perhaps that was Cowell's cabin. She said they went to the cabin several times and Ted always got in with a key that was hidden nearby.

The Bundy's cabin was/is somewhere on the Olympic Peninsula reached via the Tacoma Narrows Bridge.

Maybe you could check and see if there are two cabins or the confusion is just in my mind.... (don't laugh)

Hope you haven't been transferred yet.....
