

It been 15 days since the kids came to live with us and I have never been happier roll sleeps with me now and I like that, she's really special she's also very funny. I have not been fucking anyone, everytime I look around for someone they are already busy or tired from fucking or going to work, or tired from working all day. Pet and June called me into the living room this morning and everyone was there June said we need you to go into town and mail this letter for us. I said ok what so special about this letter, and Pet said that everyone has been talking about how you have tried to make everyone feel welcome here and happy that we thought it would be nice if we asked the people in bellings to send us six more kids that the last six were so good and fit into our family that we could take six more but instead of four girls and two boys we asked them if they could send four boys and two girls. this time, also each person wrote a small letter in here telling how they like it here and want to stay that they feel good being here and asked if they could stay even after the war was over. everyone thinks that with four boys around maybe you can find someone on a regular bases. So I need you to take the letter into town and mail it. I was smiling and said I'll go right away. Pet said I don't want you driving around the roads alone, so Sam said he would go with you it snowed last night again but the roads were not to bad but it was cold, and walking on the snow was like walking on gravel. and your nose stung when you took a deep breath, Sam put you into the pickup and started it up it would get warm soon. then you just a little when you come in.

June said drive carefully and I've packed a good lunch for you ~~two~~ maybe if the people get the letter ~~in~~ time they could have the beds here before Christmas. what a nice present that would be. rose said I'll keep the bed warm for you and was laughing and throwing snow balls at me. and I was throwing them back at her. I missed her with the snow ball but Sam got her. and she was saying that's no fair two against one. I'll get you. at that we got into the truck and Sam drove town was only about 47 miles away as we drove the driving was good we didn't see any more cars or trucks on the road. we had the road to ourselves it was just after lunch when we got to town we left the truck running and went to the post office. there was a sign on the door "Closed wife having baby" Sam and I looked at each other I said all this way and it is closed Sam said is there anywhere else we can mail the letter at I said there is a post office in the next town Sam said what are we waiting for. We got back into the truck and started from the next town it was dark by the time we got there. Sam stayed with the truck and put gas in the truck from cans he had brought with us. I went inside and mailed the letter when I came out it was starting to snow again so we started for home and a hot meal and a warm bed. we had been driving about an hour when the snow really started coming down. and the wind was blowing the snow into the truck through the cracks in the old truck. the heater was on hi. but it was really cold in the truck we had trouble seeing because of the blowing snow. just as we hit I saw a cow in the road I was thrown into the windshield and we were. Sam

we were moving and now were stopped sam got out of the truck and then came back and said the cow is dead. Sam said that he saw a light and then he was pointing to a spot I could not see I said we can't stay here we'll freeze to death. so sam and I started walking toward where sam had seen a light it felt like we had walked miles and we were both frozen and had trouble standing up. then sam said there is the light I saw it to about 20 yards away as we reached it sam banged on the door soon the door opened and the light hit me in the eyes and it stung. sam and I stumbled into the house a mans voice said damn idiots out in a white out you are out to be dead. I felt hands pull my coat off and then I heard the mans voice call out to some other men away from where I could not see the voice said look here and I heard feet coming towards me a white girl and a nigger boy; one of the other voices said can't be there and no niggers around here and another mans voice said well keep the white girl here but we arent gonna keep any niggers here I heard sam asking for help that he needed help I heard one of the men say oh he wants help well help him the foot steps left and then came back I was thinking please help him he's my at that point one of the men pushed sam out the door and the man who went for help said if you're freezing here is some water and I heard the water being thrown out the door then I here sam scream then the door was closed and I was inside and sam was outside one of the voices was laughing and said did you here that nigger scream the other I heard hot water on him

another voice said when your freezing cold water feels like hot water soon he will be a black ice cube I could not believe what I was hearing I thought I was going to be sick I tried to scream but no words would come out I could not move either I was leaning against a wall and I could not move someone grabbed me and threw me into a chair then they put a wet rag over my eyes and the rag burned my eyes soon I could see a little a voice said your eye lids were frozen shut I tried to speak but no words would come out I keep trying and the only noise I could make was help. two of the men said she is asking for help and another voice said no not for her she's asking about the nigger, oh yea well lets see our black ice cube how he out to be done by now. I didn't know how much time had passed since I came in but I was starting to get the feeling back into my arms and legs. one of the men said I wonder how our ice cube is doing he grabbed a lamp and put on his coat and went out side after he was back he told someone to bring the girl and someone grabbed me and pushed me toward the door I was falling and someone grabbed me again and they carried me to the door by the arm. on the ground in front of the door was some body face down in the snow the man carried me out to sea and the one with the lamp put it down next to sea and used his foot and turned him over. he was calm gray his eyes were open and he was stiff. one of the men said well that's one bad nigger in the world. I felt asleep and cold and everything went black. the next thing I remember was conscious again I was laying in the coarser

on the floor and my feet and hands and face tingling then I remembered Sam and what these people had done to him. They had killed him, and for what he didn't do anything bad to them I loved Sam and he loved me we were like family I remember how I felt inside I was mad and sick and I wanted to hurt these people I knew that if I had a gun I could kill them for what they did to Sam he saved my life and they killed him I hate them all, I tried to get up but I couldn't I thought I was still frozen so I layed there waiting to though not so I could move and the hole time I could only think how I wanted to kill these people. I will find some way to kill them. I herd foot steps coming near and I tried to get away but I still could not move. I here one of them tell the other that the white bitch who loves niggers is awake and trying to get away I felt hands grab me and pick me up and through me into a chair he then took off the ropes that were around me. I was tied up I thought I was frozen there was four of them and they stunk and the house stunk the smell made me sick to my stomach. the one who untied me stood up and I kicked him and hit at him. he slapped me and I fell back into the chair and the others were laughing at him he leaned over me and slapped me twice more and I punched him again. he then grabed me by the hair and through me on the floor. as I landed on the floor he sat on me my back was on the floor and he was heavy he slapped me again and I could taste blood in my mouth. I got even mad and tried to hit him and bite him. but he had my arms binded to the floor. I was saying I'll kill you I'll kill you

he called the others over and told them to hold me. That he was going to teach this nigger lover some manners, one came over and grabbed my hands and held them above my head and pinned to the floor the other two each grabbed one leg and pulled my legs apart until I thought they were going to pull me apart I could not move then the one sitting on me pulled out a big knife and said do you want me to cut you. I was still fighting and saying I'll kill you. the man moved down to my hips and sat down again he put the knife under my shirt and cut it off of me I was wearing long under wear he cut it off of me also then I was naked from the waist up and the men laughed and laughed as the big man rubbed my tits and squeezed them he then pinched the nipples and twisted them real hard the pain brought tears to my eyes and I keep saying I'll kill you, you killed some. he was getting madder every min. he then got up off of me and stepped between my legs he reached over to one of my legs and grabbed the bottom of my pants put the knife under it and cut the pants all the way up to the crotch then he did the same to the other leg were the two cuts met he cut there too he then put the knife under my waist of the pants and cut down to the crotch and my pants fell away he then cut off my longjohns bottoms and my under pants I was completely naked the men holding my legs had taken off my shoes and socks, I had no clothes on. I could feel only hatred for the men I wanted to kill them. I felt the mans hands going all over my body his hands were real and hard. and he stamp all of them.

the one holding my hands had taken the rope and tied  
 my hands together and then tied them to something heavy  
 I could not move it then he to who was running his hands  
 all over my body rubbing and squeezing pinching and  
 probing into me, I felt the big mans fingers go into me  
 and I hated him but it felt good and I didnt want  
 to feel good I only wanted to kill them all he kept doing  
 his pushing and twisting of his fingers in side of me and the  
 harder I fought the feelings of pleasure the stronger it  
 got until I didnt even feel it when the other man was  
 twisting and pulling my nipples it hurt but it felt good  
 I was looking down at the man who had his fingers inside of  
 me and I was calling him names that I can not remember all  
 that I knew was that I hated him, the harder I fought the  
 pleasure that he was bringing to my pussy the more pleasure  
 there was soon I was pushing my pussy up to him crying  
 for him to fuck me. he took his pants off and his shirt and  
 he put his dick into me and I thought it was the best thing  
 in the world I wanted to fuck him to death I was mad  
 and at the same time I never wanted him to stop my hips were  
 going up and down like a cork on a fishing line every time  
 he would push into me it seemed like he was going to push  
 me through the floor and my pussy hurt and the pain  
 felt good to, my legs were free and I could move I loved to  
 fuck harder I felt a pain in my butt and in my pussy  
 the pain felt good. I want more please more I hate you!  
 I love you more more more his mouth covered my  
 mouth I couldnt breath I want you to fuck me harder

he pushed me off of him I want more come back and lotta  
 man was in my butt that feels good fuck me harder  
 another man is in my pussy fuck me harder yean  
 the pain hurt I love the pain fucks me I hate  
 you fuck me harder I'll kill you I love you I was  
 cumming over and over again and again my head hurt  
 my pussy hurt my butt hurt my tits hurt I love  
 you fuck me I'll kill you another one in my butt  
 and another one in my pussy the pain was horrible  
 someone put a dick in my mouth I can't breathe the  
 dick is in my throat the hole dick is in my mouth  
 it hurts I can't think I come to laying on the floor I hurt  
 all over I remember that these men killed sam, and fucked  
 me and I liked it I loved it I wanted more I must have  
 killed sam too. how could I loved some, over his deis!  
 and I fucked the men who killed him I'm just like them  
 I'm no good. one of the men came over and kick me in  
 the back and it hurt I started crying saying please  
 dont hurt me. he grabed me by the hair and pulled  
 me to my feet. I was holding his hand wrapped in my  
 hair. crying saying please dont hurt me. he slapped  
 me in the face twice and said you will do what I  
 tell you to do I said yes I'll do what you say.  
 he said I didn't hear you what did you say.  
 I screamed I will do what you say. please  
 dont hurt me. he said if you dont I will kill  
 you. I looked at him. he said. oh you dont  
 believe me. he dragged me to the door by my

hair opened the door and through me out into the cold it was daylight and sam was laying there in front of me looking at me in a frozen glour I tried to scream but no words came to me. I looked at sam and at the door and then at the fields of white all around me. the wind bit into my skin I started banging on the door the man opened the door and said what do you want I said "come in" he said what will you do. I said anything you want. he stepped aside and I went in and stood near the stove to warm up. I looked at myself and knew that I was one of them I could have stayed with sam or I could have ran away for help but no I came back to these men. I belong to and with them. I feel empty inside I dont know what to do. I stood next to the stove and turned around and around trying to warm all of me. at the same time the four men sat at the table and lapped at me saying not bad to look out and ears fuck pretty good to. maybe she might last for a while. the men said come over here and get up on the table. I did and they all lapped one of them said squeeze and rub those big tits and I did he said squeeze the breasts and I did another man said spread your legs wide and I did that to. he then said put your fingers in that pussy and fuck your self. and I did and other man said tell me how much you love me I started telling him that I loved him he said tell me how you love my dick dick to and how you want me to fuck you all

the time. I did tell him how I loved his dick inside of me and how beautiful his dick was and how it made me feel. and the one said tell me how you want to suck my dick and take it all in your mouth and swallow my cum. I told him everything that I could think of the second man said I told you to fuck yourself why haven't you started cumming yet I started rubbing the inside of my pussy harder moving my fingers around more and more until I felt the spasm spreading through my hips and pussy and out my fingers my knees buckled and I fell to my knees on the table and I was panting and trying to catch my breath one of the men said get on your hands and knees and crawl over here to me I did and he said suck my dick. I opened my mouth and he put his dick into my mouth and I started licking and sucking on it. he said bitch take all of it I keep trying to get all of it into my mouth but I couldn't he got mad and grabbed my head and pulled my head onto his dick I tried to scream and his dick went down my throat he was all the way in my mouth when he said suck it I started sucking it and catch a breath of air when I could. he soon started cumming and I tried to swallow it but some came up into my mouth and he said you had better not spill one drop swallow all of it I got all of it down. he said lick my dick clean and put it back into my pants I did everything he said. one of the other men said see she really likes all of this. I was thinking see they know how I feel they know I want to be here and doing this with them I must all be there.

one of the men said go clean yourself up you stink I won't  
 have a stinking whore around me clean yourself up and  
 come back here, he said put that tub in the middle of  
 the floor and wash in it, as I was putting water in the tub  
 the other three men went outside the cold air from the door  
 opening made me shiver I finished putting the warm water  
 into the tub and I got in and was washing with a brown  
 bar of soap the same soap that the men used on their  
 hands after work, it didn't soap up like reg. soap it was  
 hard and ruff. and when I rubbed it across my skin it  
 left a red area where it had scraped the skin it was  
 like sand paper, but I scrubbed my body with it anyway  
 I also washed my hair as I washed my pussy the soap  
 scratched my pussy lips and it stung but I had to get  
 all of there dirt off of me I tried to wash inside of my  
 pussy and that was even sower tears were coming  
 to my eyes because of the pain of the soap inside of  
 my pussy and because I was with these men after  
 they killed Sam, and I came back to them I was worse  
 then they are, the big man yelled at me to hurry up  
 I poured the rest of the water over me to wash off the  
 soap and some to wash out my pussy as the water  
 splashed into my pussy it felt like hundreds of little  
 pins sticking me, he yelled at me again to come over  
 there to him, I got out of the tub and ran over to  
 him he was sitting in the big easy chair in the living  
 room, as I stopped in front of him he stood up and  
 slapped me in the face I wanted to cry but I was too

afraid to cry out, he looked at me and said you are  
 my dog get down on all fours and bark like a  
 dog. I did what he said, as I crawled around on the floor  
 barking he said wiggle your tail and bark, soon my  
 knees were getting sore from the floor, he then said  
 keep kneeling but put your head and shoulders on the  
 floor he came up behind me, and took off his pants  
 and let them drop on the floor he then spread my legs  
 apart and took his hands putting his thumbs into my  
 pussy and spread my pussy lips apart, he said I  
 told you to wash good, didnt I. yes sir you did  
 well I still can see soap in here, I will wash it out, and  
 you better not move I was scared to move, he left  
 and came back with a bottle of weskay he then put the  
 neck of the bottle into my pussy and shoved it as  
 far as he could into me, as the weskay gushed into me  
 I felt like I was on fire I felt the fire go into me  
 it seemed like it was burning all the way up to my  
 head and the pain was horrible he pulled the bottle out  
 of me and took a drink of it, he told me to stand up  
 and pick up his pants and follow him up stairs to  
 his room I did what he said I could feel the weskay  
 draining out of me and it burned me again when  
 we got to his room he turned to me and said arnt  
 you going to thank me for washing your cunt out  
 and using my weskay, I said thank you Im glad  
 you helped me wash I could not rinse without  
 you, please help me to wash some more, he looked

at me, and said get on the bed and kneel down with your  
 head and shoulder on the bed and your pussy up in the air  
 again. I did what he said and he took the rest of his clothes  
 off and got on the bed behind me he put the head of his  
 dick into my pussy and it felt like I could feel every  
 inch of him my pussy seamed dry and some and as he pushed  
 into me I thought I was going to scream out in pain  
 he grabbed my hips and pulled me back onto his dick  
 and at the same time he pushed his dick into me  
 it felt like he had put a branding iron into me. this  
 time I could not be quiet I screamed out with pain  
 I was sure he had torn me apart inside. he kept fucking  
 me and I was crying begging him to stop that it hurt  
 he just laughed and fucked me harder I prayed to be able  
 to pass out not to feel this pain but I couldnt stop  
 the pain he said shut up or you will be sorry. he shot  
 his cum into me and it stung inside of me but it soon  
 stopped hurting and his dick moved more easy inside of me  
 I could still feel every inch of him but the pain was gone  
 he said bitch you better fuck like you like it or you will  
 be sorry I said yes sir. I tried to think about how good  
 it was feeling but all I could think of was how the pain  
 had hurt and some cold eyes watching me. he stopped  
 fucking me and pulled his dick out of me he turned me  
 around and threw me down on the bed on my back he then  
 started fucking me again this time he was kissing me on the  
 neck and my ears soon he was kissing me on the lips  
 so hard and long. he pulled my legs up and told

me to put them around his back I did what he said he put one arm under the small of my back and the other he put under my neck and kept kissing me he said fuck like you did this morning or the pain will start again I pumped my hips and pussy but I felt only fear a hatred for him I felt dead inside I felt as dead as sam he said you belong to me. yes I belong to you I'm dead to me he soon cummed inside me again he got up and said I'll see you later bitch now just stay there and be quiet. I layed there and didn't move I was afraid that none of them was watching me and if I moved they would come out and hurt me. I layed there I started thinking about all things that had happened to me. how I was going to melt a little the snow and cold the cow in the road. the accident sam saving my life those men killing sam. those men fucking me. I kissing the fucking. those men letting me go. I came back to them, I said I'll do anything, letting them fuck me again, sucking his dick not fighting back doing what they told me to do I told them I would do anything they wanted. I'm just like them I don't deserve anything better I belong to them I've got to make them love me and I will learn to enjoy the fucking they give me I want them to fuck me I want to fuck I want to stay here I want to live. I don't want to die. I heard voices down stairs and then laughing a few min. later there was foot steps out side the door to this room. I kept telling myself I'll do anything they want. I'll make myself

like it. I'll make them like me. the door opened and in stepped two men. they came over to the bed and look down at me lying there I said I will do anything you want. one said get on your hands and knees I jumped and did what he said he pulled out his dick and said suck it the other man dropped his pants and was behind me I put the first mans dick in my mouth and started sucking his dick he said take all of it first like before the man in back of me put his dick against my butt hole and was pushing against my hole I tried to relax but I was scared I felt the presher on my butt hole and all of a sudden he was in my butt it hurt and I screamed and the mans dick went down my throat again I couldn't back up because of the dick in my butt and I couldn't go forward because of the dick in my mouth. the dick in my butt stopped hurting and was started feeling good. but I had trouble breathing but I was breathing so I started sucking his dick and trying to get more of him down my throat my jaws hurt I felt the dick in my mouth explode and start going limp the dick in my butt started cumming and I felt the presher fill my guts I felt like I had to go to the ~~back~~ house the two men were laughing and left the room I layed back on the bed and felt sick to my stomach. the door opened again and in walked another man he wasnt as tall ~~and~~ as heavy as the others. I told him I'll do anything you want me to do he handed me a bowl and said eat this I said I'm not hungry he said eat or ~~you~~ you will die. I started

eating the food was good I didn't realize that I was  
 hungry. he handed me some hot soup in a cup I drank  
 it also. he said how old are you I said 18 he said I want  
 to fuck you I said I will fuck you all night. but I've  
~~no~~ got to go to the out house he said ~~how~~ I want  
 go for that you will have to use a chamber pot I said ok  
 he pulled a pot out of the closet and put it on the floor he  
 then handed me a rag and said there a bucket of water over  
 there clean your self up if you can. he then took the empty  
 bowl and the cup and left the room. I wondered why he acted  
 different than the others he was nice to me why ~~he~~ had  
 told me that he had me all night. I washed up and took care of  
 the business with the chamber pot I pushed it back under the bed.  
 I couldn't see very well they had no light and they didn't  
 leave a lamp. I washed my pussy out but it was still a little sore  
 the man came back later and asked if I had finished cleaning up  
 and used the pot. I thanked him for his kindness and asked  
 him why she was different from the others he said he had nowhere  
 else to go that these men took me in when I needed help they  
 were good to me I asked who are they he said they are three  
 brothers. I am the out sider. he said come with me we are going  
 to my room. we walked down the hall and entered his room  
 he said please make yourself at home he stopped and said I'm sorry  
 for that I ment please sit down I went over and sat on the bed.  
 I said you told me you wanted to fuck me do you still want  
 to fuck me. he said yes but you don't have to I won't force you  
 to fuck me I said I want to make love with you. you are kind  
 to me.

I got up on the bed, and said I'm ready when ever you are. I stoped him and said what is your name. he said my name is Dave I said thats a nice name Dave had his cloose off and was on the bed with me he started kissing me and touching my tits and kissing them his touch made me feel light headed and warm all over I wanted I wanted him to fuck me I wanted him to love me I needed to feel loved these people scared me and hurt me. Dave started kissing me all over my body he touched me all over he started kissing my stomic and hips soon he was kissing me on my pussy and on the inside of my legs and at the same time he was rubbing my legs I asked him to please fuck me I needed him to fuck me he started kissing me all the way back up my body until he was between my legs and his dick was pecking at my pussy I was wet and his dick eased into my pussy I was able to feel every inch of him as he slowly entered me he seemed like a dream he was finally inside of me and I could not remember feeling so good his dick was hard and deep inside of me I wanted more I never wanted someone so much his dick felt like it was part of me he slowly started fucking me and before I could even start fucking he exploded inside of me his cum felt hot it felt like it was going all through me and I wanted more Dave never had a stroke he keep fucking me and I loved it. he was on top of me and I was on top of him all night we fucked I felt like I was in heaven I had never felt so good. at night when we were resting I told Dave about how Sam and the other kid came to live with us. and Dave told me that he didn't join the army because he didn't believe in fighting in war.

and killing people. he told me he was a cautious objection and didn't have to go to war he told me that he was raised as a mormon but that he had trouble with some of the people in the church and decided to leave. Dave also told me that he would try to get me home again. that if they find out that he was trying to help me they would kill him and probably me too. so he said just do what they want and wait I felt safe with Dave and I was afraid for him we packed every way we knew how all night long the next morning as we were still laying in bed and Dave was still inside of me I heard a loud noise and heard voices there was gun shots and screams Dave jumped up and pushed me onto the floor on the other side of the bed. he threw the blankets on me and said stay there and don't move Dave grabbed a chair and shoved it under the door handle to keep the door shut he then grabbed his pants and shoes and put them on soon there was beating on the door voices outside the door saying heres a door that is locked she must be in here. they were beating on the door and the door broke in and men came running in they grabbed Dave and threw him to the floor and put a gun to his head. I was screaming dont hurt him stop dont hurt him. there was three men that I had never seen before soon I saw someone that I knew it was pet. he had come for me one of the men picked Dave in the side and said what is your name he said Dave. pet said no dont hurt him hes the one. two of the men took Dave by the arms and helped him up

I had the blanket wrapped around me. pet picked me up and carried me out of the house. I said ~~where~~ did you know I was here and I was saying that those men killed Sam. Pet said we know we found Sam's body pet put me into the truck and asked if I was ok. Pet told me that when we didn't come back from town they thought maybe the pickup broke down or maybe the load went into the ditch that they came looking for me we saw the sign at the post office and thought you might go onto the next town so we came this way we saw the truck last night and moved the letter on the seat telling what had happened and that you were here and that they had killed Sam and that they were going to kill you too. that you were still alive but in hurry and get help that there was three bottles and a stranger there and they had guns, it was signed Dave. I told Pet that Dave didn't hurt me he told me that ~~she~~ was going to get me home again and that he helped me. and don't hurt him pet said I'll be back in a min. I sat in the truck and Pet went into the house. there must have been eight or nine men around the house I heard two more shots I had a pain of fear in my stomach I then saw Pet and Dave come out of the house one of the other men was holding a lamp and he threw it into the house. Pet and Dave got into the truck. I hugged Pet and said thank you pet. I then put my arms around Dave and he put his arms around me and held me all the way home I felt safe now but I felt dirty both outside and inside

as we drove up to our house I felt sick to my stomach and I started  
 crying pet parked the truck and June and the rest of the family  
 came out to meet us June said you found them I was  
 crying and Dave was carrying me toward the house and every  
 one was laughing they all came up to me and said are you  
 ok are you hurt, did you have car trouble several said were  
 is Sam I started crying even more several said who is this  
 and Pet said his name is Dave and he will be staying with  
 us, they started asking about Sam again Pet said everyone  
 into the living room and everyone headed for the living room.  
 Pet stopped Dave and said take Mary down to the base-  
 ment, and pointed to the door Dave was still carrying me  
 he took me down to the basement and I said over there he  
 put me down on a stool next to the tub I told him to start  
 the stove to heat the water in the tub. Pet came down and he was  
 carrying to towels and my robe and some cloths for Dave he said  
 that he told the family what had happened and about Sam,  
 and how Dave helped us to save you, Pet shook Dave's  
 hand and said thank you, Pet said do you want June  
 or anyone to come down and help you I said no Dave  
 will help me and he will be staying with me, Pet said just  
 as you wish Pet put his arms around me and said welcome  
 back home and he kissed me, I could see tears starting to  
 come to Pete's eyes he then turned and went back upstairs  
 and closed the door, Dave helped me out of the blankets  
 and said are you ok you are bleeding I said my curse  
 started last night but it stopped Dave took off his cloth  
 and he had dried blood on his chin and upper lip

I asked dave to carry me into the tub and stay with me  
 we sat down in the warm water and it felt good the cold was slowly  
 leaving my body and being replaced by warmth dave grabbed a bar  
 of soap and started washing me he started with my hair and  
 worked his way down my body he tried to wash me real good  
 and at the same time trying to be as gentle as he could. he  
 picked me up and put me on his legs and finished washing my  
 back and my butt and then my pussy he washed my pussy  
 and took great care not to hurt me I felt the warm water  
 go into me and it felt real good dave put me back down on  
 the bench and started soaping his self he scrubbed and rinsed  
 us both off he then carried me out of the tub and changed me  
 off and put my robe on me I had no strength left in me  
 Pet brought down some food for us to eat and told dave  
 where my room was at. after we ate and dave put a pair  
 of pants on he started to pick me up but I told him  
 to drain the tub. I had already to Pet that the tub  
 needed to be cleaned. I told dave that I could walk but he  
 said that he wanted to carry me so I let him. dave  
 took me to my room took off my robe and put me to bed  
 I told dave to come to bed with me that he sleep here too.  
 dave got into bed and I put my arms around dave and  
 we fell asleep holding each other. we sleep for about  
 twenty hours before I woke up and dave was already awake  
 he was laying next to me with his arm around me. I asked  
 him how long had he been awake and he said about  
 and hour. I said you should have woke me up. he  
 said no I like to watch you sleep. you are so beautiful

I felt happy inside because Dave loves me and he thinks I'm beautiful and I love him. he said that he had to hold my leg the day they fucked me that if he didn't they would have killed him and then he could not have helped me, and that there was nothing he could do to save my friend sam. I told him lets not talk about what happened with those men it makes me feel sick and I want to cry when I think about them I never did anything to them and sam never did anything to them. I never hated anyone before in my life but I wanted to kill them, and I've never been scared like that in my life. thank you for helping me. I love you Dave said now you know you are 14 and I'm 19 what will your people say about me being in bed with you or staying here with you. I said Dave I love you and as long as I love you they would want you to stay here, and I say who'd sleep with or who I fuck. Dave said ok but I want you to know that I love you and I want to make love to you all the time. I said I hope you will always fuck me and love me, Dave kiss me and said I guess we ought to go down and face the others. I said Dave stay by me ok. Dave said I will never be far away from you. again, you are the prettiest woman that I've ever seen in my life, we got out of bed and got dressed and went down stairs June was fixing breakfast and rose was helping her, as Dave and I came into the kitchen rose ran up to me and threw her arms around me and started kissing and hugging me then one by one everyone took turns hugging and kissing me and then they hugged our friends

done for bringing me back home to them. last June and Pet  
 took them turn welcoming us back and welcoming dave. here,  
 some and Jan were still crying even after we sat down to eat  
 breakfast. there were lots of questions of what happened and how  
 dave saved me, and why those men killed Sam. I told  
 them that I would answer all these questions later after  
 we have eaten we will all go into the living room and I will  
 tell everyone what happened. after I said that everyone just  
 ate there food and smiled at me and dave. I really didn't  
 want to answer any questions today on any other day but  
 if I don't there will always be more questions it is best  
 to answer all these questions now, and then we can forget  
 it. after breakfast we all went into the living room and sat down  
 someone asked many what happened. I told them what happened  
 and why we had to go to the next town and how we had the accident.  
 hitting the cow Pet said it was a steer not a cow I continued of  
 how Sam saw a light and how we made our way to the  
 light and what happen when the men saw us and what  
 they said and then calling Sam a nigger and throwing  
 a bucket of water on him and how he froze to death and  
 how the men hurt me and the things they made me  
 do, and how dave helped me and helped save me so  
 Pet and the other men could save me and bring me home  
 rose said what is a nigger and anna spoke up and said  
 that a nigger is the name people call black people rose  
 said why did the kill Sam. dave spoke up and said  
 some people live with hate in there hearts and look for  
 anything or anyone to take that hate out on and in

This case sam happened to be what they took the hate out  
 on. they think if they hurt other people they can take there  
 Pain and hatred away. but it doesnt work there pain an  
 hatred only grows and they keep hurting more people  
 sue said were is sam now Pet said he in town at the  
 undertakers we will be burying sam here with us. Paul  
 said were are the men who did this to sam and margy  
 Pet said they are died in there house when it burned down  
 I started to say something and dave said no, Ill tell you  
 later. It seemed that all the questions were answered then  
 rose said is dave going to stay here with us. I said dave  
 is going to live with us he is going to sleep with me all  
 the time I could see dave look around he seemed uneasy until  
 everyone started saying that will be nice. rose said course  
 I still sleep with you and I said yes of course you can  
 right dave. dave said yes we would love to have you  
 sleep with us. rose said great. after everyone went about  
 there bussiness dave stoped me and asked why didnt I tell them  
 that I was there and helped them ~~to~~ do those things to you  
 I told dave It would do no good to tell them anything about  
 you being there they would not be able to understand  
 you and I are the only ones who need to know what happen  
 there or who was there I dont want to even talk about it  
 again but how did they die dave said dont ever tell any  
 one this those men were not the sheriff they were farmers  
 who pet knew. and they killed the men and burned the  
 house down with them inside. I said I understand Im glad  
 that you told me. I love you dave said I love you too

dave then said what is with rose I told him and after I was done he said yes I understand you too, dave said does this mean we cant fuck I told him ~~no~~ we can still fuck maybe rose would like to fuck alex if its ok with you. dave just looked at me for a long time and finally smiled and kissed me, you know you wouldnt care if I fucked rose or anyone else I told dave no of course not, as long as you loved me, I kissed dave and said lets go upstairs I think we need to take care of something in my room, dave smiled and said I believe you're right, we went to my room and loved each other for more than two hours, I discovered dave's dick was about 8" long and a little bigger around than Paul's I was happy that dave didn't have a real big dick sometimes a big dick was nice but a smaller dick like dave's or Paul's felt the best, as dave and I were coming out of my room Pet and Paul said good you can be of help to us dave said what can I do Pet said we need to move margy's bed over against the far wall to make room for the other bed, we also need a hand bringing the other bed down from the attic dave said margy and I will move the bed and we will be up to help you with the bed, Pet and Paul left and dave and I moved my bed against the wall I had a big bed and my room was the largest up stairs, dave said is this bed for rose, I said no silly its for all of us, you remember the letter I told you about and that there were six more kids coming from the airplane they need a place to sleep, come help me take me about

how they made bunk beds for the other bedrooms  
 the bed that Pet had for my room was as large as  
 my bed with both beds side by side making one bed  
 the bed was almost 12 feet wide Pet put a piece of wood  
 under both mattresses to make the mattress come together as one  
 and there were several more pillows for the bed. Dave said  
 is there something else I can do to help Pet said would  
 you take the kids out to find a Christmas tree use  
 the big truck. I will be fixing the pickup they brought  
 it back this morning and I need to get it fixed. everyone  
 jumped into the back of the truck and I pointed where we  
 always got our trees before we drove to the woods  
 and we looked and found a big tree Paul had the  
 saw so he had the honors of cutting the tree down and  
 we all help drag it back to the truck we finally got  
 it on the truck and tied down we went back home.  
 we spent the rest of the day putting the tree up and  
 decorating it everyone had fun helping. that night we  
 all took a bath together, Dave was a little shy at first but  
 he slowly started acting like everyone else and he said  
 that he liked the way we all work and lived  
 and loved together how everyone is part of everyone  
 else and how good it feels to be accepted and loved  
 by everyone. Dave also said that the way we looked  
 at fucking and loving each other was new to him but  
 he felt safe and truly loved by us June said Dave  
 it is not us anymore its me, you are part of me  
 and we are part of you. we are one.

Dave said that's beautiful, I will try to live up to your words of love. after the death was over we went into the livingroom and sang Christmas songs I don't think this big old house has had so many people singing in it before. the whole house seemed a whole lot warmer and friendlier with all the laughing and singing I loved each and everyone there I finally had a family we finally quit singing and got ready for bed. rose helped anna and sue clean up the livingroom as dave and I went up to bed. we took our clouse off and jumped into bed. I started sucking on dave's dick when rose came in dave jumped when he saw rose but I kept on sucking dave's dick rose took off all of her clouse and got into bed next to dave. dave was starting to cum then and at the same time he was trying to look like nothing was happening. I could only guess how dave looked. but I bet he looked funny. and rose being her funny old self she would be talking and asking questions and looking for answers soon rose put her head down next to mine and said how is this done can I do it to. I felt dave stiffer and try to stop what was happening but he was to far into his cumming to stop when he exploded into my mouth rose said can I tast his cum. too I moved back and she put her mouth on dave's dick and sucked the rest of his cum into her mouth and swallowed it. as rose came up off of dave's dick she had the biggest smile on her face.

as rose and I came up to dave's face. his face was  
 as white as snow and his mouth just stayed open and  
 he was not saying anything. slowly dave said did  
 it happen what I think happened I said I don't know  
 I sucked your dick and rose and sucked up all of  
 your cum. dave said that what I thought. dave said  
 do you ever always do this rose said no this is the  
 first time rose looked at dave and said didn't you  
 like it did I do something wrong I try to do better  
 next time, tell me what I can do. dave tried to get  
 a word in but he had to wait till rose stopped talking  
 finally said rose you did real good and I liked it  
 you just caught me by surprise. you did real good.  
 a big smile came to rose's face and she threw her  
 arms around dave and kissed him on the lips and  
 said I love you to. things calmed a bit and rose  
 said dave will you do something for me. dave said  
 yes what do you want. rose spoke out and said  
 dave will you fuck me. dave's face went white  
 again and I said rose dave needs to get some sleep  
 but dave will fuck you tomorrow ok. rose jumped  
 up and kissed dave again and then layed down  
 and curled up in his left arm and went to sleep. later  
 dave asked me what do you mean I'll fuck her tomorrow  
 yet please dave please fuck her she is the very best  
 person. she wants to learn how to fuck she has never  
 had a man inside of her and she really likes you  
 don't worry I'll let her please do it for me.

The next morning when Dave and I woke up Rose was sitting on the other bed smiling at me Dave said did you sleep well last night Rose, and Rose said oh yes all night long I dreamed about you fucking me today can we start now I wanted to laugh but I didn't want Dave or Rose to think I was laughing at them. Dave looked at me and the expression was one of please help me. I said Rose probably the best way to start would for you to suck on Dave's dick until he cums Rose said yes that a good idea, and Rose hurried down to Dave's dick and started sucking him Dave looked lost at first but then he started enjoying it. I told Dave it would be nice if you sucked on Rose's pussy as well I moved Rose's butt around until her pussy was near Dave's mouth I said Dave I love you and Rose loves you please do it for us he slowly pulled Rose's butt over to him and kissed Rose's pussy she wiggled and sucked even harder and Dave started licking her pussy and putting his tongue deeper and deeper into Rose's pussy Rose had only a few strands of hair and they were red also were other girls pussys are pink inside Rose's was red it look funny Dave's pink and Rose's red inner pussy soon both of them were cumming together and it looked like both Dave and Rose loved it. Dave was smiling and Rose was laughing saying more. so I told Rose to straddle Dave's dick and I told Dave just lay back and enjoy what was going to happen. then Rose layed down on Dave and kissed him and whispered to him please Dave don't worry it only hurts a little I'll be ok please

do this for me and then passed him again. rose got back up and straddled daves dick again I told rose to spit in her hand and rub it inside of her pussy and put some all over daves dick. she did just what I said then she slowly lowered herself down onto daves dick she had trouble to get the head of it into her small pussy but after several tries she was able to get the head of his dick into her she slowly started relaxing and moving up and down each time going down a little farther then she came to that flaps of skin she tried to push down but she couldnt her legs were shaking and she lost a lot of her strength she started to cry and said mary please help me. I said do you want to stop. she looked at me and said no I need help to go all the way you promised me. I said ok I'll help you. I told rose to relax and as I knelt behind her with my left hand on her hip and my right on her shoulder I had her go up and down some and try to relax I could feel her body loosen up some all at once I shoved her down onto daves dick and she seemed to hang in mid air then rush downward onto dave. after a moment rose look down and started crying mary Ive done it look daves all the way inside of me. I told dave now you got to fuck her for quite a while I helped rose lay down on dave and dave put his thong around rose and passed her he gently rolled over on top of rose and slowly started going out and in in rose's pussy soon rose said there is no more pain it was starting to feel good I told them that I didnt want to see them for at least 2 hr.

I went down stairs and got something to eat. Pet came in as I was finishing up eating breakfast. he said I have something for you. he went into his room and brought out my coat that the men had taken off of me I had forgotten it when we left that place. Pet said that he had seen it and grabbed it but had forgotten to give it to me. Pet said Mary I was so afraid to think of losing you that I got sick with worry when I found that note in the car I thought you may have been killed. you see Mary I love you and your nose and the thought of losing you was more than I could stand. I'm really glad that you're home again. he put his arms around me and kissed me on the lips so hard and long and as he held me I could feel his body shaking inside and I knew that he did love me. I asked Pet who were the men you brought he said do you remember the people who helped us get the crops in and the people who we gave the food to. well! but please don't even talk about this to anyone. I told Pet I won't tell anyone. Jane came into the kitchen and sat with us. she also put her arms around me and kiss me then she started crying and said I didn't realize how close we came to losing you. I'm so happy that you are back with us. I put my arms around both of them and said this is my home and you are my family. forever. we sat there in the kitchen Jane, Pet and myself not saying anything just holding hands for a long time. then Pet said I got the pickup running its ok the radiator was pushed back into the foun. I just put another old radiator in.

and a used fan, now it works fine June asked were is Dave & told them that he was fulfilling a promise I made to rose June said oh rose finally learned to fuck. we all started laughing and I said like a ~~duck~~ duck to water. and we all laughed again. soon I heard dave and rose coming down the stairs and they were laughing together as they came into the kitchen. rose came up to me and put her arms around me and kissed me and said many I love you that was the best thing that I ever felt thank you may we do this again soon I said rose we can all do this all the time. rose was all smiles and she was telling everyone all about how she was a woman now. dave took me aside and asked me if I was mad at him for fucking rose. I kissed dave on the lips and said no why would I be mad at you for fucking rose she is my best friend and even if she wasn't I have no right to tell you who you can fuck or who you cant. I said dave I love you. so what ever makes you happy makes me happy. I then asked dave how was rose after I left she was great I really like fucking her. I said I hope that you to fuck a lot more. dave stopped and said. I asked rose if it hurt her when I first went into her and she said yes very much. I asked her why didnt she cry or say something she told me that she was afraid that if she let me know how much it hurt that I would have stopped and that she didnt want to make me feel bad. dave said do you want to go upstairs and fool around. I said yes I would but I cant. My ~~course~~ ~~course~~ started a little while ago maybe in a few days

but what would be nice is if you take rose back to bed. and tire her out because if you dont she will keep me up all night talking. So take her upstairs and you two have fun. dave went off looking for rose and soon I herd rose telling dave hurry up lets go. I was feeling good about the fact that my course started that meant that I wasn't pregnant from those men.

I told June and she was happy too. we sat around the rest of the day and talk about the family I asked June if she was happy with all the people living here. she said oh yes the more people that are here the best chance there would be for me to be loved I get afraid when Im alone. I told June that I would always be here with her. pet came in and said that he had a letter from Billings and they are asking if we can come to Billings to pick up the children and that they would pay for the gas and they had extra ration books for gas and clothing.

they are asking if we can come to get the kids on the 21st. of december June said thats only four days away June was all smiles and she went off doing something. Pet sat down next to me and said I would do anything for you in June I feel like I belong here and I'll do what ever it takes to make you too <sup>my</sup> happy. later I went looking for paul and when I found him he and anna were just getting done with a session and laying back and catching there breath. I asked if anyone has seen you and paul said that she didnt feel good I said were in the anna said the last time I saw her she was

headed for the root cellar, when I went to the root cellar  
 Jan was sitting on a sack of potatoes and she looked  
 like she had lost her last friend I sat down next to  
 her and asked what was the matter was she sick she  
 just shook her head. I put my arm around her and she  
 started crying. after a while she told me that after I left  
 her and paul alone ~~she~~ when they were fucking the first  
 time that all the pleasure of fucking stopped for her  
 she said that the only time she can have pleasure is  
 when I'm there. I told her that she needed to try to fuck  
 paul again and see if everything gets better. maybe  
 she ought to try fucking with someone else. she said  
 if you aren't there I will not like it. I asked Jan if  
 she would like to sleep with dave and me and rose.  
 she looked at me and shook her head yes. saying thank you  
 many but well you be there the next time I fuck and  
 don't leave. I said yes if that is what you want. I do I do  
 she repeated several times thank you again many.  
 I found sue and pet fucking in Pete's room and they were  
 having so much fun. I didn't want to interrupt. so  
 I closed the door and left. I went upstairs to my room  
 and Jan was sitting on the bed talking to rose and dave  
 as I came in dave gave me a look like he was asking why  
 I told the girls that I would like to talk to dave alone  
 for a few min. and would they go down stairs and help  
 June fix dinner. no sooner had I said it they were  
 leaving and I heard Jan telling rose buy maybe going  
 to get it how did you see the way dave looked at her

I told Dave about what Jan had told me in the resteller  
 then Dave said ok I didn't understand what Jan was saying  
 when she came in and said I come fuck in here with many  
 and rose and you Dave. I thought you were setting me  
 up for another session but with Jan I looked Dave and said  
 would it be all that bad. Paul tried to make her happy  
 and she didn't care for him are you saying you won't help  
 her to find happiness and pleasure. Am not asking you  
 to do anything I'm asking you to be her friend as well as  
 mine and roses. Dave said ok I'll do it but no more please.  
 For the next four days Dave was bussey fucking both rose and  
 Jan and both girls loved it Dave sleep alot he hardly  
 had time to tell me he loved me before he fell asleep,  
 early in the morning of the 21st. Jane said come on and  
 both Jane and Dave left for billing to pick up the  
 kids. Pet told me that Jane had decided that she was  
 going to get the kids and that she wanted Dave to drive  
 she said that she wanted to talk to Dave because ever  
 since he got here she hasn't been able to find time to talk  
 to him. and that she wanted to know more about him.  
 Pet said I gave Dave a gun just in case. Pet asked  
 how I was doing I smiled and said last day of the  
 curse he left. and said when the kids get here Anna and  
 Paul and sue have asked to move in with Jane and  
 me. I told Pet that sounds great. he was smiling  
 and said I didn't know what you would think about  
 that. I said Pet what ever you do is fine with me. now  
 you know that you don't need me. but I'm

106

fucking isn't over. Pet said I hope not too. and if you  
want over the course I'd show you. then after the course  
we get a date. Pet smiled and said you bet.

# Chapter III
