Gentlemen:

Re: Richard Ford, Our Case 74-5953

An extensive search of our records has failed to produce any record of the items you list in your letter dated June 2, 1977. We do recall examining jewelry in conjunction with the King County Police Department. It is not quite clear at this time which department assumed custodial responsibility for the jewelry.

This particular investigation was unique in that several law enforcement agencies were involved. We have checked with those agencies and received negative responses from all.

We can only suggest that your client take appropriate action for any claimed loss.

Yours truly,

ROBERT L. HANSON

1 (Cont'd) Two weeks ago: Phil was O.D.'d on beer and 2(b) W-F living at 5210 Brooklyn Ave. N.E. had him taken to University Hospital. Phil stated he at one time wore five rings, turquoise, silver, and ?. Said he gave them away, unknown. ~~He also~~ He also said that while living in the garage he worked for the "Family Affair" rock band at the District Tavern, setting up equipment.

All the Above information is from "Phil." He showed the officers the above houses, addresses listed. This is the same "Phil" who would go to one house in the 5200 block 12th ave. N.E., about the time of Lynda Healy's disappearance, and when the W-F's answered the door, he would say he knew the girls next door, but they weren't home. After that the W-F's would invite him in their house. After he left there, he would go to the house in question next door, and give them the same story. This is also the same "Phil" who was moaning to the bartender at the District Tavern that he wasn't having any luck right then with "White Chicks." Officers talked to SGT G.G. Vasil (#60) of the University of Wash. Police Dept. (Worked 2200-0630 HRS, home phone # 1(f) 0800-1200 Hrs). He had information that "Phil" has been bothering W-F's on the Campus (See attached U.W. reports and statements) Officers observed Phil this date hitchhiking E/B on N.E. 45th St. at 0440 Hrs. He then waited at bus stop at Roosevelt N.E. and then walked S/B on 9th N.E., through yards to 43rd and 8th N.E.. Stated that his girl friend was drunk, and he left a 5729 Woodlawn N. at 2330 hrs on 8-1-74 to see W-F ("Cammy") at 4323 Thackery Pl. N.E.. Talked to a W-M "Bob" there, and then "Walked around a little." "Phil" told officer: he doesn't like black females, and he does like white females.

- 2/15/74 2330 Hrs. I observed that a subject who had been arrested and booked by other Tac Squad Officers this date was very similar in appearance to missing subject HEALY. This Subject is:
Kenzy, Patricia ? Louise WF 7/5/51 5' 8" #125
Blue eyes Long Lt. Brown Hair Slim to Medium Build
Arrested Offer & Agree B/A 74- 3364
(Polaroid photo taken & sent to Vice Office)
- 2/16/74 005 Hrs. Went to City Jail and observed Kenzy. I talked to her and examined her jewelry in her property box in the presence of the Matron. I could find no scar on the nose of Kenzy, but in talking to her I find additional similarities as to background, etc
There were no turquoise rings in the box. It did contain a yellow metal ring with a flat top and a field of several small white stones. Kenzy was finally confronted with the Bulletin, and although agreeing that there were similarities, she didn't offer anything further. Perhaps fingerprints would establish true identity.

G On 2/2/74 at approximately 0028 hrs. I responded to the above address and was told by a friend of victim (Joanne C. Testa) that a missing person report was made out earlier on her friend but that she knows something is really wrong, and the other 3 roommates feel that something is wrong. I checked out the victims room and asked if anything was out of place or looked different and the roommates stated that her bed was made up and usually its not. I pulled down the covers and found blood on the sheet and on the pillow. A further check of the room and the victims night gown was found laying in her closet with blood on the back of the neck. All 3 items were taken to the Property room and placed into evidence on number 85516 and a lab request as to the blood type was asked for and to see if all blood was the same type, and also to check for possible seminal stains on the sheet. The roommates stated that the victim has complained of stomach pains and I asked the clerk at the Stop & Go market at Ravenna Blvd. & Brookly (Bob Wilcocks) ^{ABOUT ANY SUSPICIOUS OR UNUSUAL THINGS GOING ON THE PRIOR NIGHT.} He stated he thinks someone came in on 1/1/74 between 0030 hrs. and 0330 hrs and buy some medicine, pepto-bismo. The roommates also found the north side door to house that goes directly to badement area, where victim was at, was unlocked, this door is usually kept locked.

8/27/74 Contacted Mr. & Mrs. Everett M. Taylor 551711th NE 524-6146 who are the owners of the home where Linda Healy was living . After going over their rental files they supplied the following information. The girls moved into the home 9/15/73, prior to their moving in the home was occupied by a Paul Beutel, John Hamilton, and a Lance Smith. All these men were employed at pier 91 as inspectors for the US Army and they moved in on 7/22/73. All of them were transferred to someplace in Michigan at the same time. The Taylors were not sure of just where they did go. Also the Taylors are very vague as to who was in and out of the house prior to the army men. Their records indicate an Adrian Morales (who they think was from New Mexico) had the home from 1/4/73 to 5/31/73. A greg Evans (who they can't remember) had the home from 7/29/72 to 12/31/72. From sometime in the fall of 1971 until 6/15/72 a Cecil E. Snodgrass 1617 NE47, and a Jeffery L. Pewe, Michael T. Haynes, and a William J. MacDonnell had the home. Mr. Taylor remembers the Pewe boy because he was the one who built the two bedrooms in the basement but the rest of the men they have no recollection of. The Taylors say they try to keep track of who is living in the home but do not fare to well. They say that many times tenants will move out and another will move in with the original group without their knowledge. Mr. Taylor says that as soon as the tenants move out he changes the lock cylinders, he did remember giving the only key to the side door of the house to Linda.

G On 2/2/74 at approximately 0028 hrs. I responded to the above address and was told by a friend of victim (Joanne C. Testa) that a missing person report was made out earlier on her friend but that she knows something is really wrong, and the other 3 roommates feel that something is wrong. I checked out the victims room and asked if anything was out of place or looked different and the roommates stated that her bed was made up and usually its not. I pulled down the covers and found blood on the sheet and on the pillow. A further check of the room and the victims night gown was found laying in her closet with blood on the back of the neck. All 3 items were taken to the Property room and placed into evidence on number 85516 and a lab request as to the blood type was asked for and to see if all blood was the same type, and also to check for possible seminal stains on the sheet. The roommates stated that the victim has complained of stomach pains and I asked the clerk at the Stop & Go market at Ravenna Blvd. & Brookly (Bob Wilcocks) ^{ABOUT ANY SUSPICIOUS OR UNUSUAL THINGS GOING ON THE PRIOR NIGHT.} He stated he thinks someone came in on 1/1/74 between 0030 hrs. and 0330 hrs and buy some medicine, pepto-bismo. The roommates also found the north side door to house that goes directly to badement area, where victim was at, was unlocked, this door is usually kept locked.

- 2/16/74 005 Hrs. Went to City Jail and observed Kenzy. I talked to her and examined her jewelry in her property box in the presence of the Matron. I could find no scar on the nose of Kenzy, but in talking to her I find additional similarities as to background, etc. There were no turquoise rings in the box. It did contain a yellow metal ring with a flat top and a field of several small white stones. Kenzy was finally confronted with the Bulletin, and although agreeing that there were similarities, she didn't offer anything further. Perhaps fingerprints would establish true identity.

G On 2/2/74 at approximately 0028 hrs. I responded to the above address and was told by a friend of victim (Joanne C. Testa) that a missing person report was made out earlier on her friend but that she knows something is really wrong, and the other 3 roommates feel that something is wrong. I checked out the victims room and asked if anything was out of place or looked different and the roommates stated that her bed was made up and usually its not. I pulled down the covers and found blood on the sheet and on the pillow. A further check of the room and the victims night gown was found laying in her closet with blood on the back of the neck. All 3 items were taken to the Property room and placed into evidence on number 85516 and a lab request as to the blood type was asked for and to see if all blood was the same type, and also to check for possible seminal stains on the sheet. The roommates stated that the victim has complained of stomach pains and I asked the clerk at the Stop & Go market at Ravenna Blvd. & Brookly (Bob Wilcocks) ^{ABOUT ANY SUSPICIOUS OR UNUSUAL THINGS GOING ON THE PRIOR NIGHT.} He stated he thinks someone came in on 1/1/74 between 0030 hrs. and 0330 hrs and buy some medicine, pepto-bismo. The roommates also found the north side door to house that goes directly to basement area, where victim was at, was unlocked, this door is usually kept locked.

Refer: C I D Bulletin 74-6

- 2/15/74 2330 Hrs. I observed that a subject who had been arrested and booked by other Tac Squad Officers this date was very similar in appearance to missing subject HEALY. This Subject is:
 Kenzy, Patricia ?Louise WF 7/5/51 5' 8" #125
 Blue eyes Long Lt. Brown Hair Slim to Medium Build
 Arrested Offer & Agree B/A 74- 3364
 (Polaroid photo taken & sent to Vice Office)
- 2/16/74 005 Hrs. Went to City Jail and observed Kenzy. I talked to her and examined her jewelry in her property box in the presence of the Matron. I could find no scar on the nose of Kenzy, but in talking to her I find additional similarities as to background, etc. There were no turquoise rings in the box. It did contain a yellow metal ring with a flat top and a field of several small white stones. Kenzy was finally confronted with the Bulletin, and although agreeing that there were similarities, she didn't offer anything further. Perhaps fingerprints would establish true identity.

ENTRY

On this date at 0830 hrs officer observed a white male sitting on the roadway in Ravenna Park just east of the 20th St. bridge. Subject was reading a "nudie" magazine. When subject observed patrol car in walked S/B up the hill to the upper park area. As he was half way up the hill I asked him if he lived in the area. He said he lived at 1802 NE 55th. I asked him his name and subject ran up the hill. I was unable to pursue him. Subject was wearing a blue ski parka, blue levis and dark colored shoes. He was 5-10, 140#, black curly hair and wearing glasses. I then proceeded to 1802 NE 55th with another officer and could get no answer at the door. A check was made with several neighbors who said that nobody in particular lives at the house. They seemed to think it was some kind of a commune. A search was made of the surrounding area with no luck. One-half hour later myself and Off. Healy went back to the address and were met by a white male at the door who stated he lived there and his name was Barry Fatland, IA 3-6984. We described the subject to him and he said that was 1(k)(1) and to his knowledge he left for Gig Harbor last night. 1(k)(1) is 17 years old and his parents live someplace in Edmonds. 1(k)(1) has stayed at the house on several occasions. He had been there for a week up till last night. Fatland also said that he thought 1(k)(1)'s dad worked at the Uof W on their staff. Subject 1(k)(1) appeared to be 220 to Officer. Fatland further stated that 1(k)(1) is a night person. Subject 1(k)(1) could be checked on as a suspect in recent missing persons or morals cases.

SUBJECT: GROUP CALLED "JESUS'S CHURCH"

Dear Detective Cooper:

From my information with a former member, the group is of about 100 members. They meet at the leader's house on Friday evening and then on Tuesday evening at homes of the group.

The leader is one Robert Braunstein of 3860 132nd SE, Bellevue. An assistant is one Walter Lamphere also of Bellevue.

The group caters to the young set, 17-22 years with only a few older adults in the "church."

They seem to be organized along the lines of the other Jesus People groups. In that they assign an "elder" of the group to oversee the new "convert" including the handling of money and personal matters. They also seem over-zealous in the separating of the members from their parents or other ties.

The complaint we received was regarding the holding of victim's check-book after she was talked into getting the account put in her name with Braunstein's address. Also the "talking and praying" with her in order to get her to leave her parents home in Edmonds and live at Braunstein's house for only \$75.00 a month.

Statement Of: Cynthia Berdine Neumann

I am a student at the University of Washington and I am 19 years old, my birthdate is Feb. 5th 1955. I lived on campus during last school year in Rm 214 McCarty Hall with Laura Sawn my roommate.

For the past few months, I have attended a series of religious meetings with Laura Sawn in a house in Bellevue. The group is called the "Jesus Church" and the leader is Bob Braunstein. He is helped by Walt Lamphere at the meetings.

Part of their beleiefs is that you are to do what ever your own "elder" tells you to do. In my case, I was a "disciple" of Laura's and she was in charge of me.

It was decided by the group, that it would be best for me to move into the house with them. That I would only have to pay \$75.00 a month to live there with them.

It was also decided last week, by Laura Sawn and Bob Braunstein, I believe, that the checking account I had taken out at the Pacific National Bank in the U Dist was to much for me to handle. When I had gotten the account, I was told to use my name by that I should use Braunstein's address, 3860 132nd SE Bellevue on the checks. I had put \$145.00 in the account and the last time I saw the checkbook it still had that amount in the account. I was told by Laura Sawn that it would be better for me to have her keep the checkbook for me, then I would not be tempted to spend it on some thing unwise. I did allow her to take the checkbook but I never told her that she could use it nor that anyone could withdraw or write checks on my account.

On Friday the 14th, I was at work in the Lecture notes office in the H.U.B. when Laura Sawn and another of the group, Linda Whickersham, entered the office. My parents and I had decided not to have me move into the house in Bellevue. I had gathered all of my things out of our room (Laura and mine) in the dorm and was intending to live at home for the summer. When they entered the office, Laura

commanded me as my "elder" to leave the office and to go with them. I told them that I didn't want to talk to them, that I was busy. Laura then ordered me to leave the office with them. I again refused. They then went to my supervisor and then came back and told me that I could leave, that it was alright with Ms. Spalding. I went with them. I thought that I might be able to get my checkbook back if I went with them.

After we left the office, we finally ended up in Rm 653 McCarty Hall. Another of the group came up to the room. Anne Shephard and the rest of us then spent some time "praying" over my problem (not wanting to live at the house). At the end of that time, I had decided to go with them, they kept telling me that I was over 18 and didn't have to do anything my parents said.

About 4:30 PM, my mother arrived at the room and after a heated exchange between my mother and Laura and the others, we (mother and I) left the room. We told them that we were going to get my clothes and come back, but mostly we just wanted to get away from them. Laura told mother that they would trust her this time but that she had better not lie to them or that they would come out and get me at our house.

At this time, I do not want to go and live at that house, I do want my checkbook returned and I want to be able to go to work, attend class and conduct my affairs without interference from the church group.

This is a true statement of the events of last week.

Missing Person (Girl) Detail:::::::::::: & Det. Theodore Ray Fonis

On 8-25-74 1915 hours we received a phone call from a man who stated his name was Lou Jones. He advised us that he lives at 8513-Densmore Ave. North. He has no home phone but can be contacted occasionally at 525-7141. With all this in mind he then related the following.....

Several weeks ago he observed what he believes to be a grave in the back yard of 5238-11th. Ave. Northeast. To be more specific he states that it is in the southeast corner of the yard.

Mr. Jones states that he has reported it numerous times to the police but as yet nothing has been done about it.

Mr. Jones was even kind enough to tell us that Linda Healy was the body in the grave because she lived just down the street.

Since we realize that temporarily you are stymied in your investigation we called radio and had them send a car out to investigate. They will do same after checking in their "220" book on Jones.

Your friendly night shift.....

Roll on this Teddie Ray.....

After you dig up the grave climb in and pull the cover shut.....
